# We Will Have A Tobacco Market In Carlisle

## and the opening date is

# THURSDAY, DECEMBER 5

The purchase of all of the tobacco warehouses, storage plants and other property from the Eastern District Warehousing Corporation was with the sole intent of establishing a tobacco market in Carlisle.

**Why Shouldn't We Have a Market in Carlisle?**

Carlisle is without question one of the most logical points in the state for a loose leaf tobacco market. We have all the facilities for handling both from the standpoint of the grower and the buyer.

We have proven our ability to maintain a firstclass market, and we have sufficient acreage of tobacco, grown by farmers who will support this market, to assure a comeback of the reputation we once held.

Through the co-operation of the owners of this property who are farmers and business men of Nicholas and adjoining counties, the tobacco growers of this territory and the buyers who will visit our floors, we can and do promise a market which will be satisfactory to all concerned.

We are pleased to announce that we have secured the services of Mr. Henry Reed, one of the best tobacco men in the state, as General Sales Manager, and we believe that in this selection for that position we have a man in whom explicit confidence is held by buyers, growers and warehousemen.

We are ready to receive tobacco at the Growers House and earnestly solicit your patronage and co-operation.

Respectfully,

## FARMERS TOBACCO WAREHOUSE COMPANY

## APPLY NOW

-have you driven a Chevrolet Six?

Have you felt the thrill of the six-cylinder performance—so smooth, quiet and vibrationless that you almost forget there's a motor?

Have you known the satisfaction of the six-cylinder reserve power—truly to thrust you ahead at the traffic light, to carry you over the steepest hills, or to speed you along the highway?

And do you know that anyone who can afford any car can own a Chevrolet Six?

If you have driven a Chevrolet Six, it is impossible for you to form any idea of Chevrolet performance from your imagination alone. You must see the Chevrolet Six in the flesh. The starting wheel—flexible in wind-swept and downy.

**Flash!** Power that flows in a silent stream—undeviating a "zipper"!

Quick! Handle a wheeling from the motor. You can get for hours without the slightest wear fatigue! But why try to do the story when you can see it for yourself? Come in. There's a car waiting for you! Now!

**A Ride tells a Wonderful Story!**

**Carlisle, Ky.**

# CLOSING OUT SALE

Entire Stock of Hardware, Farm Implements, Stoves and Ranges—Everything in the house with the exception of Cream Separators—For sale at Wholesale Prices—For Cash Only—Nothing Charged

## Sale is now Going on

Having decided to quit the hardware business, I will sell my entire stock, beginning on the above date, at wholesale prices for cash. Everything goes, with the exception of cream separators, which I can't sell at wholesale prices.

### The Opportunity of a Lifetime

Opportunities like this come seldom to any community. My entire stock is new, high-class, standard merchandise and to be able to buy it at wholesale at this season of the year is like finding money. Don't delay. People will be quick to take advantage of this great selling event. Make your purchase while the stock is full.

### Will Sell As A Whole

At any time during this sale, will sell the business as a whole to any man who desires to purchase a money-making business, one of the best stands in town. My only reason for selling out is that I don't like the hardware business and have other interests that demand my attention.

# S. T. Cameron

Carlisle, Kentucky

## Furnace Heated Buildings Have Less Fires

A building heated by furnace is a better fire risk than a stove heated building, since the fire is confined in one spot. Ask your insurance man about the difference in insurance costs, and get price on a furnace for heating your building.
