

PAN-A-MIN

Keeps Hens in Laying Trim

Dr. Heat, Poutry Pan-a-min enables hens to convert the maximum amount of feed into eggs and produce. It is not a feed and does not take the place of feed—but it can take the place of Pan-a-min with your own farm-grown grain or are buying a commercial feed. You will always get better results by adding Pan-a-min to the ration.

Costs less than a penny a month per hen.
