THE GREATEST CHEVROLET IN CHEVROLET HISTORY

Today, Chevrolet presents the Greatest Chevrolet in Chevrolet History—a smoother, faster, better Six—with beautiful new bodies by Fisher.

Basically, it is the same sturdy, substantial Six which won such tremendous popularity in 1929. But it is a greater car in every way—for there are scores of

vital improvements which contribute to every phase of comfort, performance, endurance and safety!

An improved six-cylinder valve-in-head motor, with its capacity increased to 50 horsepower; four Delco-Lovejoy hydraulic shock absorbers; fully-enclosed internal-expanding weather-proof

brakes; a new dash gasoline gauge; heavier and stronger rear axle; Fisher non-glare windshield; larger tires—

—these are typical of the many improvements found throughout the entire design of this greatest of Chevrolets.

But most impressive of all—this smoother, faster, better Six is available—

at greatly reduced prices

During 1929, more than a million three hundred thousand persons bought six-cylinder Chevrolets. This enormous volume has made possible many savings in the Chevrolet factories—and in keeping with its long-established policy, Chevrolet is sharing

these savings with the public. No written description can do justice to the extra value and quality provided in this new car. Visit your Chevrolet dealer—see this car—check its new features—ride in it—and judge for yourself the sensational value it represents.

As Good as the State Average for the Week Our Last Sale Averaged \$23.41

The Carlisle market is consistently as good as the best. Tobacco sells and has sold as well on our home market this year as on any market in the State. The measure of the success of the Carlisle market now depends upon the grower. Is he interested enough to want to make a home market; to keep the dollars paid for selling fees at home? That question answered in the affirmative will make the Carlisle market, for all time. It's up to you. And remember, you get just as much for your tobacco in Carlisle, often more, than you can get on any market.
