

TRY

**Try
First
to Buy
It at Home**

NOT an unreasonable request from men who are devoting their every effort and investing both time and money to provide a home town market where you may come to do your buying and selling.

They simply ask that when you are in need of anything they carry, that you TRY first to buy it at home. If they cannot serve you, then go elsewhere. But in fairness to yourself, your home, your community and to the men striving to make this a town of which both you and they may be proud, TRY first to buy at home.

It is the home town merchant who rejoices with you when times are good---stands by you when times are hard. He is your friend and wants to give you a full dollar's worth for every dollar you spend with him.

FRONT DELIVERY OF CROPS
The premium paid for the prompt delivery of crops sold \$100.00 to the farmer, two other points being brought through to better age in early good condition and to become inferior, diseased and infested with parasites during the summer. Too many people allow their profits to count for all their food. Croppers should be separated from the public. Profits should be given to the farmer and separated from the public.
