Is There a Weak Spot in Your Automobile Protection?
Unless you carry all the following forms of automobile insurance you are not adequately protected:

Collision—damage to your own car in an accident.
Liability—legal liability for injury to property of others.
Public Liability—legal liability for injury to property of others.

Fire and Theft
Property Damage—legal liability for damage to property of others.
Warranty—damage to car from high winds, hail, earthquake and explosion.

Let us tell you how little it costs to have the peace of mind which all-round protection affords.
Marion C. Blair
