MINISTER OF WIDE EXPERIENCE

When S. H. Cunningham, minister of the Carlisle Christian Church, preaches on next Sunday, his subject will be one of "preaching" a sermon all about preachers. The people of Carlisle will have an opportunity, Sunday evening June 15th, of hearing a most unusual speaker, though young, of a wide and varied experience. Mr. Cunningham is what one might call a self-made preacher one of the number of men preparadiating a power of spiritual life out from within side a great sense of the word. By hard work and struggle, over many years, earning every penny himself, he has secured his Bachelor of Science, Master of Arts, and has had conferred on him the Doctor of Divinity Degree. This degree not end his labors, as he is a specialist in Bible study and all in research work in religion, which covers many years of study along individual lines. Books of England, Scotland, France, and other European countries and those published here in America are being used in gathering facts and data for his sermons, lectures and books for publishers and authors, being a keen critic.

His experience has taken him into all sections of the country, in every kind of church work, mill work, social service, and evangelistic work, and in every school work and he thinks the whole world is his parish. He has been a student of the Bible for many years, and has made a special study of the Book of Revelation, which he will discuss in his sermon on next Sunday evening. He will also discuss the Christian church building for new members.
