An age-old question. Shall that mother who lost her baby thirty years ago recognize her child in the next world? What is our basis for belief in such a possibility? This is not a sentimental question, but a study in faith based on Scripture. 8:30 p. m. The Bible school hour with every class on the job with each member bringing for a large attendance. Write out your choice on a piece of paper and place your selection in the collection plate or give to pastor. The probable subject we retain right to change to the subject which seems best to solicit church. Sunday evening, July 6th, at 7:30 will be, "The Lord Is Here Today."

If any member or friend of the church has an old bookcase or desk or writing table that they have no use for at present, the pastor would like to borrow the same for use in his study during time you will not need it. CHILD UNHURT IN FALL IN CISTERN

Jimmie Curtis, Three Years Old, Falls Into Shallow Water Hole Under Of Mr. And Mrs. Ollie Finch

Jimmie Curtis, three-year-old son of Mr. and Mrs. Forrest Curtis, who reside on Spring street, narrowly escaped death last Friday afternoon when he fell into an open cistern in the yard of Mr. and Mrs. Ollie Finch on Pleasant avenue.

The child, with some brothers and sisters and other children, was playing in the back yard of the home. Because of the low water the top had been removed from the cistern so that water could be drawn with a bucket. The cistern is from 12 to 15 feet deep but contained only about two feet of water.

The Curtis child fell in feet first and the water was not deep enough to drown him. He escaped without a scratch, although he was badly frightened.

Mr. Finch lowered a ladder into the cistern and carried the little boy out.

2,000,000 ARE OUT OF JOBS, BELIEF

Census, returns on unemployment, announced last week, show the total of jobless persons in an area individually over-quarter of the country's total population.

These figures, the first announced by the census bureau, were compiled in April as to the unemployment situation. They indicated the total number able to work but unable to find jobs would be in the neighborhood of 3,000,000, which, Secretary Lamont commented, was considerably less than the estimates generally current as to the probable number of unemployed.

The first returns, Secretary Lamont added, constituted a fair sample of the country, since they gave the count from 754 counties and 13 cities scattered well over the continent, though no complete states were represented. The figures will be followed by more complete study as the census bureau receives its data.

Owen F. Smith, Former Carlisle Boy, Will Direct Vast Estate

Son Of Mr. and Mrs. Gaither E. Smith, Formerly Of Carlisle, Appointed Financial Agent Of Widow Of Henry C. Folger

Monday's Lexington Herald contained an announcement of the first appointment made by Miss Emily Folger, sister of the late Henry C. Folger, of New York, which will be of interest to many friends in Carlisle.

The announcement was made by Miss Folger in the appointment of Owen F. Smith, former Carlisle boy, as financial agent of the estate of Mrs. Henry C. Folger, widow of the late Henry C. Folger, coffee magnate of New York.

Owen F. Smith is a native of Nicholas county, the son of the late Mr. and Mrs. Gaither E. Smith, formerly of Carlisle, and a brother of Mrs. Elias Westfall, and is a brother of Nick, Gilmore and Dan Westfall, of this county.

Mr. Smith has been employed at the Lexington water works lake for several years. He graduated a few years ago from the Herald:

What is probably the newest and the most unique industry being carried on in the agricultural sections of central Kentucky is the silver fox fur ranch started last winter by Lloyd Westfall, of Jessamine county, west of the Lake Ellerslie Fishing Club.

"Last January, Mr. Westfall, who is engaged in the sale of fox furs from his ranch, purchased a pair of registered silver foxes, and a short while later four pups were whelped by the female.

"This ranch began by Mr. Westfall and the Alexandria Fur Farms, in northern Kentucky, are the only places in Kentucky where silver foxes are being raised commercially. According to government figures recently released, there was sold last year approximately 82,000 silver pelts from the United States and Canada with an average price of $100 a pelt. The foxes themselves cost around $300 a pair and the breed of each litter is usually kept for breeding purposes.

"The fur farming industry in the country is now being largely experimented with under the supervision of the American National Fox and Fur Breeders Association, with which all registered foxes are recorded.

"The pens for Mr. Westfall's foxes were built by him and are 12 by 40 feet. They are made of a large mesh heavy gauge wire and are covered to prevent the animals from climbing out. With the completion of additional pens being constructed now, Mr. Westfall will have five pens for his animals.

Mr. Westfall says these foxes are no harder to raise than a litter of dogs. He obtains their food from manufacturers who make a sanitary balanced ration for foxes just as is similar foods are made for cattle, poultry and horses."

HARRISON YOUTH KILLED BY CAR WHEN HE WAS ALIGHTING

Harry W. Dotson, 22, Fatally Injured When Struck While Repairing Tire. Driver Is Arrested

Harry W. Dotson, 22 years old, was fatally injured Saturday night when he was struck by an automobile driven by Jack Kearns, of Harrison county, while on the side of the road repairing a tire. The accident occurred on the Leesburg pike a mile from Cynthiana. Kearns' car struck Dotson, catching him on the bumper of the car, and dragged him 75 feet, mutilating his body. Kearns did not stop, it is said, but drove to his home on the Leesburg pike.

Two youths who had stopped to assist Dotson in fixing his tire, had the injured youth to the hospital in Cynthiana, where he died in a few minutes. They told officers who struck him and Kearns was lodged in jail in Cynthiana.

Harry Dotson was the son of Mr. and Mrs. J. R. Dotson, who reside between Kincaid and Beffy. He was a graduate of the Cynthiana high school and had been in college two years. He is survived by his parents and two sisters, Mrs. R. M. Collink, of Harrison county, and Mrs. Thomas Holland, of Bourbon. Funeral services will be held Monday from the Republican Christian church, conducted by Rev. J. R. Jones, and will be followed in the Republican cemetery.

2,000,000 ARE OUT OF JOBS, BELIEF

Census, returns on unemployment, announced last week, show the total of jobless persons in an area individually over-quarter of the country's total population.

These figures, the first announced by the census bureau, were compiled in April as to the unemployment situation. They indicated the total number able to work but unable to find jobs would be in the neighborhood of 3,000,000, which, Secretary Lamont commented, was considerably less than the estimates generally current as to the probable number of unemployed.

The first returns, Secretary Lamont added, constituted a fair sample of the country, since they gave the count from 754 counties and 13 cities scattered well over the continent, though no complete states were represented. The figures will be followed by more complete study as the census bureau receives its data.
