INTEESTING NOTES

The deepest bit well ever drilled is said to be one at Santa Fe Springs, California, 9,397 feet deep.

A crude steam craft is said to have been built by a Spaniard in 1543 and several others were constructed before Fulton built the first practical steamboat in 1807.

Parcelpost mail and express plans now average only one fatal accident for a million miles of flying. Student mail and pleasure flying death rates are much higher.

Rheumatism So Bad He Walked the Floor in Agony

"Karnak has done me such a wonderful amount of good that I believe every rheumatic sufferer should give it a trial.

"No-Rub will ever know the torture I have gone through with rheumatism during the past three years. I ached all over. At nights the pains were so great that I walked the floor in agony. I sent out in the middle of the night to go to the doctor for a hypodermic I tried every thing in an effort to get relief. Even serum treatments failed to help me. My relief finally came when a friend advised me to try Karnak. To my surprise this medicine went right to the roots of my trouble and I got almost instant relief. Every ache and pain has disappeared, and I am now in condition to resume active duties once more, thanks to Karnak."
