Old Carlisle Fire Engine Pumper Loaned To Paris

Bourbon News:

That the Paris board of commissioners are doing all in their power to at least delay the time of abandonment the threatened water famine in Paris was demonstrated Tuesday when they borrowed from the city of Carlisle the old steam fire engine of the City Nineties to be used in pumping water from the Paris pool below the dam at the old Paris Milling Company's plant to the water works plant on Main street, where it will flow into the pool at the water works plant. The old steam fire apparatus attracted much attention here, especially among the younger people, and gave them an insight into the method of fighting fires before the present day. The gasoline pumping apparatus of the present day. Tuesday night with the aid of a tractor and under the supervision of City Foreman Ben Bedford and City Managing Agent Boone Ball, was the engine was pulled up the Main street hill to the edge of the pool at the mill, and operated by Chief Earl Bedford and City Electrician Chas. Tresue Thomas. It is the first time for operation ground the night several thousand gallons of water out of the pool. The pool will be kept in operation daily until the supply of water is exhausted or until it can no longer be operated.

BAPTIST CHURCH

W. M. Hammond, Pastor

Sunday school at 9:30 A. M. Subject, "The Rich Young Ruler." Mark 10:17-22. Let us study this lesson. Prayer and love are glad, but there are others who are not. Let's make this Sunday's average attendance should be not less than 150 each quarter. Let's try to reach this if the unenlisted will do their duty.

Preaching at 10:45 a. m and 7 p. m. There are trying times through which we are passing, yet we have a splendid opportunity for proving our faithfulness to the Lord and to His Kingdom—His church. Hear God's message in His House. Then the Lord's Supper is His House. Then the Lord's Supper is next. Be sure to come. Remember me I will honor, and they that despise me shall be lightly esteemed." I Samuel 2:30. God will take no excuse for the negligence of those who refuse to honor Him. During and since the World War there has been a marked indifference on the part of many church members toward the churches and kingdom work. Have the carcless and indifferent forgotten that a just and righteous Judge rules this world and that He will chastise His wayward children? Shall we allow them to drift farther and farther away from God, and sound no warning to them? Are we pastors not commissioned to "Cry aloud, spare not, lift up thy voice like a trumpet, and declare unto my people their transgression," Isaiah 58:1.

Let us keep in mind the mid-week service. To attend this service is a privilege and not a burden, a blessing and not a hardship impelled by the church or the pastor. One hour during the week is not too much to give to a prayer service. Hence come and bring others with you. Visitors are welcome to all our services. You are to keep in mind the Annual Thanksgiving service at the Presbyterian church, 10 a. m. November 27. Rev. Cunningham is to bring the message of the hour. Let representative members of the several choirs get together and provide special music for the occasion, and thus make it the best we have had in years. Above all make it a matter of prayer each day right up to the hour set for the service. The girls and boys of the city school should be enlisted for the special Thanksgiving offering for the poor of Carlisle and community on the 27.

Saturday, Nov. 22, is the day set for donations of groceries, can goods etc., at the Johnson Memorial Hospital for a worthy and deserving institution. The hospital literally belongs to Carlisle and Nicholas county and is indeed a blessing to the people and community. Are you willing to support it? If not why not? Let the public inform itself on

CHRISTIAN CHURCH

S. H. Cunningham, Minister

Services, Sunday, Nov. 23, 10:45 a. m. Sermon: "The Truth About Holliness." What is holiness? Where is the Christian Doctrine of Holiness? How do we become holy? Who is holy? A most important subject will receive clear, intelligent, Scriptura, treatment in this sermon. We preach and believe in holiness as described in the Bible. 7:00 p. m. sermon and picture. This is Sunday school and family night. We are asking that each Sunday school class from the Junior department on up shall be present and fill a body with their teacher in the front section of the house and form a booster chorus. The picture "Christ Blessing Little Children" from the painting by Plockhorst, in colors, will appear in life-size on the wall and remain there for the entire service period. It will look like a great painting and so real as to seem to have life. No more beautiful picture was ever painted, and we are preparing one of our most beautiful sermons. Hymns also will be sung that will suit with the booster church. The senior and young people's choir will lead the singing. These services each Sunday night are a delightful occasion and a picture that will linger in the mind of real value to high school students and others, now and later in their lives. Middle aged people and others. An appeal will also feature this service. Let everybody present Sunday night and causes us to suggest that if you must miss one service, let it be the night service
