OP-OM-ETRY IS A NON-MEDICAL PRACTICE NOT AN ANTI-CHEMICAL
 Op-om-etry is a non-medical practice that has been recognized by the State of Kentucky. It is a simple, safe, and effective method of relieving pain and suffering. It is based on the principle of reflexology, which has been practiced for centuries in various forms. The practice involves the use of pressure on specific points of the body to relieve pain and promote health. It is a valuable addition to the medical profession and is being practiced by an increasing number of practitioners throughout the state.
