### -worry-

(A Worth White Editorial Selected by the National Editorial Association)

Worry is an unhealthy condition of normal mind and is a direct manifestation of fear...  
The chronic worry usually has an over-active imagination...  
I listen to the troubles of others and they seem to be largely imaginary and trivial...  
We do not rid ourselves of worry by evading our responsibilities...  
Thus we take stock of our so-called "troubles" and see how many we can discard...

There is a message for us in the parting words of advice of the aged father to his son...  
Worry thinking and working out constructive ways to solve his problems...  
In these times the successful man has no time to worry...
