PLANS FOR BLUE LICK PARK STATED

Secretary Of Park Commission Details Landscaping Project For Battlefield

WILL BUILD MUSEUM

Plans for the landscaping of Blue Lick State Park were discussed at a meeting held at the Phoenix Hotel, in Lexington, Monday night, and attended by Mrs. James Darnell and Dean Thomas E. Cooper, members of the state park commission and Judge Samuel M. Wilson, of Lexington, a member of the Blue Lick Memorial Committee. Mrs. W. T. Lafferty, of Lexington, and a representative of The Mercury were also present.

Mrs. Darnell, secretary of the state park commission, explained in detail, with maps and explanatory letters from the landscape artists who map out the area, the plan for work to be done at the park. Olmstead Brothers, of Brookline, Massachusetts, termed by Mrs. Darnell as doubtless the most noted landscape artists in America, made the preliminary maps and will have general charge of the work.

Nicholas County Girl Has Varied Routine In School

A recent issue of a newspaper published at Jenkins contained an interesting article concerning the activities of the Burdine consolidated school in Letcher county. The school has an enrollment of 464 pupils. The article has the following concerning Miss Lena Lee Booth, daughter of Mr. and Mrs. D. W. Booth, of this county, who is a teacher in the school:

"The cafeteria, which was new last year, is much improved this year and is running smoothly under the direction of Miss Alma Lee Booth. The room and the furniture have been painted ivory and light green, and a few new items of equipment have been added. Miss Booth, as well as managing the cafeteria, is teaching sewing and English in the upper grades, public school music, and coaching acting in the eighth grade girls on Thursday afternoons, while the boys are taking manual training. She is new in the school and her work has proved to be very satisfactory indeed.

FIFTY FAMILIES IN COUNTY ARE AIDED

Red Cross Not Assisting Destitute In This County, Judge Darnall Wires

BARKLEY WANTS FACTS

In response to a telegram received from Senator Alben W. Barkley, County Judge Paul D. Darnall has reported fifty families. In addition to purchases of food and clothing to the value of several hundred dollars, contributed by more fortunate citizens, has been distributed by the county. The remainder of the $28,000 offering plant bonds voted in 1928 provided holders of the bonds are not due until 1933.

Following is the telegram received from Senator Barkley:

"Representatives of Red Cross here state that they are providing food and clothing sufficient for all human needs in Kentucky. In order that we may advise you as to condition in your county it is desired that you wire us what quota food is provided at a cost of approximately two cents per meal. Also how many families in need who do not receive Red Cross relief and how many apply for aid? Are children receiving adequate milk? What latitude do headquarters here give to local discretion? Are you satisfied with relief? Advise me of any other facts which you think necessary for information to me to present to Congress the real situation in your county. It
