There's Glory Enough To 'Round

We are publishing on this page a letter from Mr. Vance Prather, Secretary of the State Park Commission, in which he says as follows: "It is a source of pride to me to see the Mercury receiving the attention of the State Park Commission."

Let It Be Victory In November

In a letter to James Daniel, on January 23, Judge Charles A. Hartin, chairman of the Democratic State Central Committee, said this question: "Why do we not select for Governor a man who is not only a good citizen, but a man who is not seeking office for the purpose of being elected?"

The End, Not The Means To End
This letter preferred a primary election to select the Governor. It is a letter to the editor of the Mercury, and is a very interesting one. It is a letter from a man who is a very prominent citizen of this county, and who is a very well known name in the community.

A Cruel Death, A Solemn Warning
The cruel death of David Barnett last week should serve as a warning to us. It is a warning to us to be careful of our health, and to be careful of our lives. It is a warning to us to be careful of our families, and to be careful of our children.

LETTER FROM VANCE PRATHER
To the editor of the Mercury: I am writing you this letter to tell you of the things that are going on in this county. I am writing you this letter to tell you of the things that are going on in this county.

KENTUCKY PREHISTORY

ON THE PLAINSMAN.

Dr. Paul Baker, in charge of the Department of Zoology, University of Kentucky, and one of the most prominent prehistorians in the world, has conducted archaeological explorations in many parts of Kentucky.

Prehistorians have been successful in the past few years in Kentucky. They have found many things that are very interesting and very valuable.
