YOU FEEL SOMEWHAT DISGUSTED WITH A PARENT THAT ALLOWS THEIR CHILD TO BECOME BOW-LEGGED

How about yourself? Are you allowing your child to become bow-legged? Every mother should see to it that you don't care.

Bow-legginess is caused by overtaxing the muscles of the legs when the child is young.

Overtaxed are muscles in a young child, if it does not produce cross-eyes, it frequently causes troubles far more serious than bow-legs.

Let your child play some bow legs and your disgust toward the parents is forgotten. Let your neglect of your child's eyes is just as reprehensible.

It will cost you very little to consult an Optometrist about your child's eyes and THAT IS PLAINLY YOUR DUTY.

The February term of the Nicholas circuit court ended last Wednesday afternoon with trial of the suit of Eddie Mitchell against the Hurst Home Insurance Co. against the insurance company to recover on a $1,000 policy carried by him, on a house in Jordan section, which was destroyed by fire last summer. The company retained payment of the insurance on the grounds that the house was unoccupied. A jury returned a verdict in favor of Mitchell.

FORWARD LOOKING

Translated for
The Christian Science Monitor
May winter threaten aye as harsh,
Its presence be his bearing —
Though storming ire and snow around —
Yet, spring will be appearing.

And may the mists crowd thick and low,
Be wise,
The blessed daylight hiding
The sun will still wake up the earth,
In cloudless spring skies riding.

Though storms blow hard, and winter be
A blustering tormenter;
With stealthy steps, and laughing skies,
Fair spring will softly enter.

Then will the earth wake joyously,
Bring of her gold and vigor,
Look smilingly up to the sky,
And deck herself with vigor.

She chooses roses for her hair,
Leaves for her gown, with pleasure.
And hosts and cliff flow bubblingly
To add their silvery treasure.

Be hopeful then! No matter how
Cold blasts may be encroaching.
There is a happy Mayday fair,
For all the world approaching.
