MILLINERY OPENING

On Saturday, Feb. 28, I will open my shop showing only the newest in millinery. Mrs. Zella South. 1

CARD FROM G. C. MYERS

Carlisle, Ky., Feb. 21, 1931

Since the Democratic party has decided to select the candidates for state offices at a convention on May 12th, some discussion has come up regarding the advisability of holding a primary to select the nominee for Representative, saying that the cost to the taxpayers will be more than the Representatives salary.

Personally, I favor a primary and have no fear as to the result if left to the Democratic electorate, but in order to save the taxpayers the cost of an election, I will agree to leave the selection to the Democratic Committees of the two counties, to a convention or any other way the Democrats may decide.

Yodrs Respectfully,
G. C. MYERS

$50,000 Cigarette Contest Under Way

A contest offering $50,000 in prizes has been announced by R. J. Reynolds Tobacco Company, manufacturers of Camel Cigarettes, with special announcements in practically every newspaper in the United States. Eight days are allowed for submission of essays, the contest closing at midnight on March 4.

Prizes will be awarded for the best answers to the question: "What single change has recently been made in the wrapping of the Camel package, containing cigarettes, and what are its advantages to the smoker?" Answers are limited to 200 words in length, must be written on one side of the paper only and are to be mailed to the contest editor, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

First prize, is $25,000; with second and third prizes of $10,000 and $5,000. Numerous minor prizes will also be awarded. Judges of the contest are Ray Long, President of the International Magazine Company and Editor of Cosmopolitan Magazine; Roy Howard, Chairman of the Board of the Scripps-Howard Newspapers, and Charles Dana Gibson, International known artist and Director of Life Magazine.

The contest is part of what advertising experts believe is one of the most intensive advertising campaigns ever staged. Practically every daily and county seat weekly newspaper in the country is using, is now embarking upon a program designed to make it a three months' campaign agricultural industry in Nicholas county.

Many Answers Received In Camel Cigarette Contest

A flood of letters arrived in the first mail following the publication last Sunday of the initial announcements of the $50,000 cigarette contest, each one bent answers to the question: "What significant change has been made in the wrapping of the Camel package containing cigarettes and what are its advantages to the smoker?" R. J. Reynolds Tobacco Company, makers of Camel cigarettes, disclosed at Winston-Salem, N. C.

The first day's answers came from all nearby states and covered the entire territory in the clerical staff of the Winston-Salem post office. Practically every daily newspaper in America, more than 2,000 county seat weeklies and scores of periodicals are being used to promote the contest, which closes at midnight March 4.

A first prize of $25,000 will be awarded the writer of the best letter; it is $10,000 and the third prize is $5,000. Thirty-five additional prizes ranging from $100 to $1,000, also are offered contestants.

How Veterans Can Obtain Loans On Certificates

Here's what a veteran has to do to borrow half the face value of his adjusted compensation certificate:

If he has obtained a loan he must present in person or mail to one of the 54 regional offices the record of his application for more. Central Kentucky veterans should make application to the Louisville regional office, which handles veterans' affairs for 99 Kentucky counties.

Those who have not received loans must mail to the office or present in person a letter to that effect, along with discharge papers and proof of identity. Forms can be obtained from the regional offices and veterans' organizations.

From there on the loan is in the hands of the veterans bureau, which heretofore has issued loans within ten days of receiving applications and hopes to continue issuing at about the same rate.

Reports from Louisville late Friday afternoon said that 190 applications for loans already had been filed at that office. There are 6,100 veterans in the district.

BUFFALO TRACE

THE CARLISLE MERCURY

VOLUME LXV ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, MARCH 5, 1931 PUBLISHED THURSDAYS NUMBER 10

CITY SCHOOL WILL GIVE NEW COURSE

Department Of Agriculture To Be Inaugurated At Beginning Of Next Year

TO HAVE NEW TEACHER

At a meeting of the city school board Friday afternoon, it was decided to establish a department of agricultural education in the Carlisle high school.

The new course will offer to the boys of the high school practical training in the agricultural pursuits of Nicholas county and the state. This training is carved on through individual projects, farm practice programs, class projects and regular practice and supervised training. The teacher to be employed will have had special training in the farming industry, and will be employed for the entire fiscal year, spending most of the time in the school and the remaining three months in practical work in the field with the boys.

The teacher will be a graduate of the College of Agriculture of the University of Kentucky, and must have had practical experience on the farm prior to his graduation.

The purpose of this step may be realized when it is recognized that more people are engaged in agricultural pursuits in the state than in any other single gainful occupation, and any other state would be an erroneous thought. Kentucky is one of the most economical, healthful and market more successfully a product, and the opportunity for the boys to get and endure. The purpose, therefore, of the agricultural course in the high school, is to train boys who have entered upon or are about to enter upon farming as a business, in order that they may be more efficient intelligent and desirable rural citizenship as well as a prosperous agriculturist.

Farmers and agricultural leaders are realizing more and more the necessity for vocational training in agriculture to enable them to meet the demands that are being made upon them. 41 per cent of the boys enrolled as Master Farmers in America answered emphatically "Yes" when asked if they believed the average farm boy of today needs to be specially trained in school in order to succeed at farming.

The method of designating the right kind of training for future farmers has been one of the chief problems in agricultural education for the past decade. In addition to the commercial department, offering training in typewriting, shorthand and commercial law, Carlisle high school, in addition to a pre-vocational course in engineering, is now embarking upon a program designed to meet the needs of the large agricultural industry in Nicholas county.

Many Answers Received In Camel Cigarette Contest

A flood of letters arrived in the first mail following the publication last Sunday of the initial announcements of the $50,000 cigarette contest, each one bent answers to the question: "What significant change has been made in the wrapping of the Camel package containing cigarettes and what are its advantages to the smoker?" The first day's answers came from all nearby states and covered the entire territory in the clerical staff of the Winston-Salem post office. Practically every daily newspaper in America, more than 2,000 county seat weeklies and scores of periodicals are being used to promote the contest, which closes at midnight March 4.

A first prize of $25,000 will be awarded the writer of the best letter; it is $10,000 and the third prize is $5,000. Thirty-five additional prizes ranging from $100 to $1,000, also are offered contestants.

How Veterans Can Obtain Loans On Certificates

Here's what a veteran has to do to borrow half the face value of his adjusted compensation certificate:

If he has obtained a loan he must present in person or mail to one of the 54 regional offices the record of his application for more. Central Kentucky veterans should make application to the Louisville regional office, which handles veterans' affairs for 99 Kentucky counties.

Those who have not received loans must mail to the office or present in person a letter to that effect, along with discharge papers and proof of identity. Forms can be obtained from the regional offices and veterans' organizations.

From there on the loan is in the hands of the veterans bureau, which heretofore has issued loans within ten days of receiving applications and hopes to continue issuing at about the same rate.

Reports from Louisville late Friday afternoon said that 190 applications for loans already had been filed at that office. There are 6,100 veterans in the district.

SUBSCRIBER 61 YEARS

Mr. S. R. Owings Has Taken Mercury Continuously Since 1870

Mr. and Mrs. Albert Bell, of Paris, while in The Mercury office last week renewing the subscription of Mrs. Bell's father, Mr. Samuel R. Owings, stated that Mr. Owings has taken The Mercury continuously for 61 years.

Mr. Owings was 90 years old on the 24th of February. While in feeble health, he is still able to get around. Mr. Owings was for many years a resident of Carlisle and Nicholas county, but has resided with his daughter in Paris for the past few years.

Mr. Owings probably holds the record for the longest continuous subscription to The Mercury. Bixby, the years is a long time for a newspaper to retain the friendship and good will of a subscriber and The Mercury is deeply appreciative.

During the past year, two of the sons of Mr. Owings, Mr. T. J. Owings and Mr. C. B. Templeman, died. Both had been subscribers since the paper was established in 1867

31 FAMILIES AIDED BY RED CROSS HERE

Orders For Groceries, Coal, Dry Goods and Medicine Issued During Year Amounted To $187.50

Thirty-one families in Nicholas county were assisted by the Red Cross from Feb. 16 to Feb. 28, according to a report made by the local authorized representative of the Red Cross. The 31 families were composed of 122 persons.

The total amount of orders given was $187.50. Thirty-seven orders were given, 29 of the orders for groceries, six for coal, one for medicine and one for dry goods. Practically all of the families assisted have been aided by the Red Cross since funds for this purpose became available February 1.

The local Red Cross chapter this week received packages of garden seed, which have about all been distributed. The packages contained a varied assortment of seeds.

Boy Swallows Needle; Coughing Dislodges Object

Paul Oder, of Newport, has decided not to use a needle to pick his teeth with.

Paul, who is 11 years old, swallowed a needle Saturday when using it for that purpose. His mother, Mrs. Rebecca Oder, immediately called a doctor and the boy was taken to a hospital.

Physicians told Paul he would have to wait until Monday, when an X-ray picture of his stomach could be made and operation performed. It was then that the boy began coughing and out came the needle. Apparently the boy suffered no ill effects.

BROWN INDICTED ON TWO CHARGES

Former Head Of BancoKentucky Is Charged With Embezzlement Of $7,000,000 Of Bank's Funds

James B. Brown, former president of the BancoKentucky Company, and former president of the Bancoken-tucky Company, and former president of the Louisville Title Company, was indicted on two counts at Louisville last Friday.

The indictment, one by a federal and another by a state grand jury, charges Brown with conspiracy to defraud the National Bank of Kentucky, one of the banks which Brown had built up, and the First National Bank of Louisville. The indictment charges Brown and two associates W. T. Zurfluhmieds and treasurer of the Bancoken-tucky Company, and Charles F. Jones, cashier of the National Bank of Kentucky, with embezzling $2,000,000 of BancoKentucky funds in connection with Wakefield & Company brokers.

The federal grand jury accused Brown and Jones of misapplying $46,000 of the National Bank of Kentucky's funds through a purchase of MacGamy Packing Company common stock with Wakefield & Co. brokers.

The court ordered that Brown's bond on the two counts be increased to $50,000 and $25,000 respectively. Brown is now free under $25,000 bond.

Fayette Officers Held For Murder Of Two Men

William F. Clark, county patrolman of Fayette county, and Curt Sweeney, deputy constable were held under $5,000 bond each at their examining trials before Judge Chester D. Thomas in Lexington Monday in connection with the killing of two men at a moonshine still in the county on September 16.

Testimony was introduced that Clark had purporting to show that Clark was engaged in manufacturing whisky with Noland Lamb, one of the men killed. Clark denied the charge. According to testimony, both men were killed by Clark.

Muskrat skins from different localities vary considerably in color and quality.

NO ACTION TAKEN ON WATER CHARGE

Council Considering Raising Rate; Ford Truck Purchased; Donation To Hospital

FIRE ENGINE IS SOLD

At the regular monthly meeting of the city council Monday night, the bid of Harper's Garage to furnish a Ford truck of one-half ton capacity for $519.60, with an allowance of $100 for the old truck was accepted. Police Judge Hendy Myers reported fines in the amount of $35 collected during February. City Clerk S. C. Vaughn reported collection of taxes in the amount of $12.45 collected in February.

The council instructed the city treasurer to turn the tax books over to the delinquent tax collector and ordered the penalty to be imposed on the past due taxes.

Action on changing the present rate charged for water was deferred until the April meeting of the council. The council has for some time been considering the advisability of increasing the water rate, it is said. The present rate is $1 for 2500 gallons the minimum rate charged. The rate does not allow sufficient profit to acquire a balance. It is said. Two proplositions are being considered. One would put the minimum charge at $1.25 for the first 2500 gallons and the other would place the minimum charge for the first 1500 gallons, it is said.

DEMOCRATS ISSUE OFFICIAL NOTICE

For State Convention To Be Held At Lexington May 12; County Mass Meetings May 9

Final action in the selection of a convention in Lexington on May 12 to name the Democratic candidates for dates for state offices was taken at a meeting of the state central committee of the Democratic state central and executive committee was certified at the office of Miss Ella Lewis, secretary of state.

The certified copy of the committee's action was signed by Chairman Charles A. Hardin, chairman of the committee, and Miss Mabel Kinkead of Louisville, secretary of the committee.

The Democratic state central and executive committee, at a meeting in Louisville February 28, voted 11 to 4 in favor of a convention instead of a primary to name the party's candidates for state offices.

The copy of the committee's decision on the time and place of the convention and the method of selecting delegates to it, was turned over to the public immediately and the county committees will be sent to the state committee.

Mass meetings will be held in each county of the state on Saturday, May 9. Those present at the meetings will select delegates and alternates to the state convention on the basis of one delegate to each 200 votes or fraction thereof cast for the Democratic nominee in the last preceding regular election. On this basis, there will be 1,973 delegates to the convention. Nicholas county will have 11 delegates and other counties in proportion to the presidential vote.

The convention will deal with candidates for governor, lieutenant governor, state auditor, state treasurer, secretary of state, commissioner of agriculture, state superintendent of public instruction, attorney general, clerk of the state court of appeals and railroad commissioners.

Prison Board Will Be Without Funds April 1

How to obtain funds to finance the regular and quarterable institutions of the state during the last three months of the present fiscal year is a problem which the state board of charities and corrections has under consideration. Due to a decreased budget, an increased institution population and lack of funds, the budget is exhausted and allowed the board for running the institutions for the months of April, May and June.

In addition to its financial worries, the board is now faced with the problem of finding employment for 400 prisoners who will be released within 60 days by the Hoge-Montgomery Company. This will increase the idle population of the state reformatory to 900.

NICHOLAS FARMERS TO PROTEST TAXES

Mass Meeting To Be Held At Court House In Carlisle Saturday Afternoon At 2 O'clock

A meeting of the taxpayers of Nicholas county has been called for Saturday afternoon, March 7, at the court house in Carlisle to consider the reduction of taxes on all farm lands and products.

Similar meetings have been held in Bourbon and Montgomery counties in farmers who feel that their land value is also too high. Nicholas county farmers believe that land in that county is assessed at a greater value than it would bring if sold at auction.

Every landowner in the county is invited to the meeting and asked to take part and offer any suggestion for the lowering of the tax valuation.

KENTUCKY TO LOSE TWO SEATS IN HOUSE

Reapportionment Of House Will Go Into Effect After Twenty-One States Lose Members

Automatic apportionment of the seats in the House of Representatives on the basis of the 1930 census will go into effect at noon March 4.

Under the reapportionment by the law making the new representation alignment then will become effective with the seventy-third Congress, which is the new apportionment, as announced by President Hoover in November, 21 states lose 27 seats in 11 other states. Kentucky loses two as the forty-one states reapportioned.

The loss of two seats to the state of Kentucky places the population of the state by the next session of the Kentucky legislature. In the event the legislature fails to redistrict the state, all Congressmen must be elected by the entire state.

Winchester Woman Jailed On Testimony Of Her Son

A man and woman who had been at liberty on bonds awaiting trial in the Fayette county jail Tuesday, beginning 12 months sentences on evidence furnished Federal Judge A. M. J. Cochran by the woman's 16-year-old son, who said his mother and the man violated the prohibition laws. Deputy U. S. Marshal Cochran placed them on probation at the January term of the federal court.

The woman is Mrs. Kate Whitman, who lives on a U. S. Highway near Frankfort Saturday, on the charge of the Democratic state central and executive committee was certified at the office of Miss Ella Lewis, secretary of state.

The certified copy of the committee's action was signed by Chairman Charles A. Hardin, chairman of the committee, and Miss Mabel Kinkead of Louisville, secretary of the committee.

MAY BORROW FUNDS TO FEED LIVESTOCK

Announcement Of Change Made In Provisions Of Federal Seed Loan Relief

83 LOCAL APPLICANTS

The local drouth relief committee, composed of Arthur Mullikin, Harry T. Letton and R. C. Caan, received notice Tuesday that the Secretary of Agriculture has amended the regulations governing the administration of the seed loan act so that farmers may apply for funds to purchase feed for livestock and for family needs, as well as for milk cows, hogs and chickens.

Loans for feed for such purposes may not exceed $75 to any one person. Money received for this purpose will become a lien on the 1931 crop, the same as funds used to buy feed, fertilizer, work stock feed, tractor fuel and spray materials.

The committee met at the office of County Agent R. J. Maisch Tuesday afternoon to pass on a number of loans. By 5 o'clock 83 applicants have been approved by the committee, and 27 Nicholas county farmers have received checks.

The committee has expressed its appreciation of the cooperation of the farmers to whom loans are made. Arthur Mullikin, chairman, stated that in every case, the loans asked for are needed and not as much as could be borrowed.

An unusual impression has gotten out in some communities to the effect that the committee is selling seed or interested in the sale of seed. The local committee has nothing to do with the sale of seed, does not tell any one what seed to buy or from whom to buy it.

County Agent R. J. Maisch has been kept quite busy during the past month filling out applications for loans. George Myers has assisted him in this work.

HONOR ROLL OF THE CITY SCHOOL

Many Students Make Good Grades During Past Six Weeks Of School

The following named pupils have made an average of 90% or more in their studies and every absence, including department, and have been neither tardy nor late for any reason whatsoever for the full six weeks of the school term:

Grade I—Jean Ellen McCann, Frances Earlywine, Helen Hollar, Frances Hamilton, Robert Hendrix, Eleanor Reynolds, Ben Henry Pumphrey, Robert Pumphrey, Jack Cook, Samuel W. Smith, Thomas P. Carter, John Hendrix, Bobby Marshall.

Grade II—Mary Elizabeth Reed, Anne Clark, Dorotha Culliver, Martha Culliver, Bobby Marshall, Nannie Shankland Piper, Robert Pumphrey, Bobby Veach.

Grade III—J. T. Hamilton, Marie Roberts, Smith Gaunce.

Grade IV—Geraldine Carter, Susanna Reynolds, Frances Miller, Jane Alexander, Anna Belle Pumphrey, Christine Stout, Pauline Hinde, Helen Linville, Helen Jane Henry, Jack Gaunce.

Grade V—Mildred Dwelly, Jane Harper, Annabel Hamilton, Ann Howard, Pauline Linville, Andrew Metcalf
