666 Salve for Baby's Cold.

INSECT OUTBREAKS

Insects cause great reductions in grain crops annually, but such losses are largely avoidable. The U. S. Department of Agriculture gives timely warning of prevailing outbreaks of insect pests. Watch grain crops carefully for early signs of insects. Examine the fields daily during the blooming period. Keep on hand at least a small supply of the standard insecticide preparations such as Paris green, and lead arsenate. Dealers supplying insecticides often causes loss of the crop. If in doubt as to the identity of the pest, send a few insects in a tight tin box, to your county agricultural agent, State experiment station, or nearest Federal entomological field station, requesting information regarding it. Report serious outbreaks of insects to one of these authorities.

SHERIFF'S SALE

By virtue of Execution No. 3443 directed to me, which issued from the Clerk's Office of the Nicholas Circuit Court, in favor of Plumbers Supply Co., vs. C. E. Cooper, etc., and bearing date December Expenas No. 3444 directed to me, which issued from the Clerk's Office of the Nicholas Circuit Court, in favor of Ratliff Bros. Co., vs. C. E. Cooper, I, or some of my deputies, will, on Monday, the 13th day of July, 1931, between the hours of 1 o'clock p. m. and 2 o'clock p. m. at the Court House door in Carlisle, County of Nicholas, Kentucky, expose at PUBLIC SALE to the highest bidder, the following property levied upon as the property of the said Plaintiffs' debts, interest and costs, viz:

"A certain parcel of land and improvements thereon situated near Carlisle, Nicholas County, Ky., immediately near the line of the Carlisle and Sharpsburg Turnpike Road and bounded as follows:

"Beginning at a point where the line of Accession Ratliff and Cooper's meets with the Turnpike Road at the Southeast corner of the lands of Mrs. Lizzie Kennedy; thence with her line in a Northerly direction to a stone; thence with his land to the aforesaid Turnpike Road; thence with the same in the beginning, containing 2½ acres, more or less, and being the same land sold by Nettie Cooper by Sallie A. Hopkins, Master Commissioner, January 1923, by deed recorded in Deed Book No. 29, Page 177, of the Nicholas County Clerk's Office, levied upon as the property of C. E. Cooper and Nettie Cooper.

Terms: The above sale will be made on a credit of three months, bond with approved security required, bearing interest per cent annum interest from day of sale, and having the force and effect of a Sale Bond.

The amount of the debt, interest and costs of Plumbers Supply Co., etc., to be raised on day of sale is $1012.70 and costs of the Sheriff, Ratliff Bros. Co., to be raised on day of sale is $143.52, and in addition thereto the costs of advertisement of this sale and the Sheriff's commission bonds.

This 23 day of June, 1931.

D. M. CURRY
Sheriff of Nicholas County, Ky.

Dr. Durrum Proud Of Two Red McDonald Foals

Under the heading "Just Enough," the June issue of the Farmers Home Journal contains the following item:

"Dr. A. H. Durrum, Myers, Ky., is reporting two colt foals by the old champion, Red McDonald (now owned by W. Davis, Flemingsburg, Ky.), that he pronounces the greatest prospect he has ever had on his farm, which statement says an enormous one in a few words when you remember that this genial old doctor bred the noted gray stallion, Radium, along with quite a number of other excellent horses. Book 14403, the first one of these colts, is by Radium and is also too dam of that exquisitely fine gray stallion Silver Dream 10108 and a curling of a yearling filly full sister to the colt foal of '31. Both mares, dams of the Doctor's foals, have been returned to the court of Red McDonald 2504."

TWENTY BOYS WILL ARRIVE NEXT WEEK

Food Needed To Feed Underprivileged Louisville Boys At Camp Black Hawk July 17 To 25

Anticipating the two weeks of pleasure in store for them from July 17 to July 25, Louisville's Hungry Kids will spend two weeks at Camp Black Hawk in charge of Boy Scouts of the Bluegrass Council, and Nicholas County, as usual, will be represented by twenty Scouts, assuming that they will be able to camp.

Following his custom of several years before beginning his work here, Superintendent Bob is to spend two weeks at camp. The transportation problem has been solved by Courier Journal and Louisville Times, Inc., which has made the two papers responsible for the transportation of food to necessary. Although for last although more will be needed. Every vegetables, bacon, lard, eggs, canned fruit, and other staple food will be appreciated. With an abundance of grains produced this year, we feel that a sufficient amount to feed the boys for two weeks will be given. Each can be left at Metcalfe's store or taken to camp. Perishable articles will be left at Camp Dorsey.

Twenty-seven thirty boys are at the Scout camp this week. Mr. Sapp is staying in Louisville temporarily as Scoutmaster of the Boy Scout Camp Department of the Mayor of Louisville.

The Hutchings and family were taken to a hotel in Falmouth and given medical treatment. Sunday work Mr. Sapp is going for the boys of Carlisle and Nicholas county to camp. Some have received a cent for his services, and often pays money out of his own pocket to purchase clothing or food for some unfortunate lad. Mr. Sapp has served a number as many as a camp on the Cumberland river, in addition to his boy-scout activity, but declined the offer because he could not be paid for his time while he would devote all of their time to the boys. He loves boys and loves them whom he loves so well.

Carlisle county boys should show their appreciation of his splendid service by contributing to the fund which will enable him to entertain the underprivileged boys from Louisville.

NICHOLAS DELEGATES ARE UNINSTRUCTED

Six Delegates And Alternates Named By Republicans At Mass Meeting Here Saturday

Nicholas county's delegation of six to the Republican state convention in Lexington, in session Wednesday, were named Saturday at a mass meeting of the county executive committee, held in the circuit court room.

The committee on delegates consisted of the entire committee, with Mitchell and E. Neville Browning.

The committee on resolutions was composed of George D. Scott, M. C. Blakey and E. O. Price.

The resolutions endorsed President Hoover and Governor Sampson and instructed the state convention legislation of 1930.

The following delegates were named: George D. Scott, E. R. Kendall, E. F. Parsons, H. B. Bryan, W. H. Giffin and Steele Mitchell. Alternates were Miss Elizabeth Campbell, Miss Maymie Gore, E. O. Flora, R. H. Hutchcraft, Tom Wellington, H. Myers, E. E. Pilantzel, Henry A. J. Norris, pastor of the Christian church, and all other Republicans of the county.

Marriages And Divorces Showed Drop Last Year

Hard times hit both the marriage and divorce records last year, Irvine Lewis, state statistician, said today.

Only 27,000 couples got married in Kentucky in 1930, a decrease of 3,000 from 1929, he said. Divorces numbered 2,000, a decrease of 200 from the previous year.

Lewis said the decrease in marriages is a result of the general economic depression, which has made it impossible for many young people to marry.

The decrease in divorces, he said, is due to the fact that getting married is more difficult.

HUTCHINGS FAMILY INJURED IN WRECK

Mrs. Hutchings Suffers Deep Cuts And Broken Nose, Dr. Hutchings Cut About Face

DAUGHTER IS UNHURT

Dr. Stanley F. Hutchings, Mrs. Hutchings and their eight-year-old daughter, Mary Margaret, were injured in an automobile crash between Carlisle and Millersburg last Saturday night at an automobile accident near Millersburg. Dr. Hutchings and family were enroute to Warsaw to spend the week-end with Mrs. Hutchings' parents, Mr. and Mrs. A. E. Bonar.

The accident occurred when Dr. Hutchings went to make a sharp turn onto a road leading from Highway No. 27 to Highway No. 68. In making the turn he momentarily lost control of the car and it crashed into a tree.

Mrs. Hutchings, who was the most seriously injured, was thrown out of the door of the car. She sustained deep cuts on the face, a broken nose and her nose was probably fractured. An artery in the top of her head was severed and she bled profusely before being given a physician. Dr. Hutchings suffered numerous cuts about the face. Miss Hutchings, who was asleep on the rear seat of the car, was thrown through the door and was uninjured except for bruises.

Dr. Hutchings and family were taken to a hotel in Falmouth and given medical treatment. Sunday work Mr. Sapp is going for the boys of Carlisle and Nicholas county to camp. Some have received a cent for his services, and often pays money out of his own pocket to purchase clothing or food for some unfortunate lad. Mr. Sapp has served a number as many as a camp on the Cumberland river, in addition to his boy-scout activity, but declined the offer because he could not be paid for his time while he would devote all of their time to the boys. He loves boys and loves them whom he loves so well.

Carlisle county boys should show their appreciation of his splendid service by contributing to the fund which will enable him to entertain the underprivileged boys from Louisville.

HEALTH UNIT TO BE OPENED HERE JULY 15

Dr. Harmon Todd Sinker And Miss Mary Bain Will Begin Work Within Next Two Weeks

Judge Paul D. Dickey Tuesday received notice from the State Board of Health stating that Dr. Harmon Todd Sinker and Miss Mary Bain will arrive in Carlisle on July 15 to establish the county health unit here.

Dr. Sinker, who is a native of Owingsville, concluded a yearly internship at St. Joseph's hospital in Lexington on July 1 and will take a short vacation before beginning his work here. The offices for the health unit have been established, but in a few weeks a permanent location will be made. Workers will be placed in all arrangements completed by July 15.

Miss Mary Bain will also have charge of the health nurse instead of Miss Joy Frazier, of Cynthiana, who had been selected before by the State Board of Health.

Brevities

John J. Raikob induces Hoover's debt relief plan.

Eight Kansas children were turned to death in a fire.

Manufacture of liquor is the biggest industry in United States in increased 150,000 in May.

Benjamin Play, an outsider, won the Latonia Derby Saturday.

The L. & N. freight office in Paris will close July 1.

Miss Mildred Bischoff, girl flying ace, is dead after being severely injured in a plane crash.

Bishop W. B. Beauchamp of the Methodist church died at Richmond.

United States plans to build eleven new battleships at cost of $35,000,000.

Fifty-three peasants have been killed by motor accidents in Soviet Russia this year.

Magistrate Joan North, first woman judge in New York, was removed from office.

Wilbur C. Whitehead, noted bridge expert, died aboard a trans-Atlantic liner.

The secret marriage of a Cincinnati girl to Prince Lobkowitz is announced.

It is estimated that 400,000 Chinese have been killed by bandits in the past five years.

A grand jury at Petersburg recommended dismissal of the Mayor of Petersburg.

Hyperida and American Tobacco increased cigarette prices 45 cents a thousand.

Fifty persons in the United States were overcome and died from the heat Monday.

A 14-year-old negro boy was jailed at Hopkinsville on a charge of attempting a 4-year-old girl.

Kentucky Utilities Company raised the price for the 4-H boys and girls of Nicholas county. They will be put up at the camp for boys and tents for the girls at Mill Pond for the girls.

Camp will open Monday, August 3, and will close Friday morning following. Each boy will be required to be taught in handicraft work for girls and classes in nature study and will receive awards for the boys.

Any 4-H club boy or girl who enters the contest and their project work under way or completed for the year will attend camp free. Any boy or girl of one dollar will be charged and members may attend by paying $1.00.

Visions from their gardens or subscriptions secured from Wellington and Lead leaders are being urged to attend with groups from their clubs.

Kentucky Farm Tenants Increasing; Horses Passing

The number of acres of Kentucky farms tilled by tenants in 1930 was 3,120,327, as compared with 2,846,553 in 1925, the 15th Census discloses. The total number of tenants also increased by nearly 6,000. But the number of farms operated by part owners dropped during the period from 175,-740 to 137,453. Another interesting revelation of the Census has to do with the horse. Census takers counted 347,963 horses in Kentucky in 1930. In 1925 there were 362,165 horses. In the 1920 there were 382,447; in 1910, 443,-734; in 1900, 431,807.

A PHYSICIAN'S BELIEF

(Lexington Herald)

Dr. James H. Hutton, retiring president of the Chicago Medical Society, made an important statement when he declared that "more people make up their minds about advertising." He declared that unprofessional methods of organized American medicine have attacked advertising as well. He declared that the belief that this is due to lack of information or lack of comprehension. As one declares:

"Advertising in its proper forms has proven itself to be one of the greatest weapons for development and progress in modern times."

Many physicians have considered it unethical to advertise but in a number of instances organized groups of physicians have done group advertising effectively.

Dr. Hutton is calling on medical men to join hands with publishers and study the problem. Quite a change has taken place in sentiment in regard to this matter.

REDPATH MAY NOT RETURN NEXT YEAR

No Contract Signed For Return Of Chautauqua To Carlisle In 1932

COST WOULD BE LOWER

The Redpath Chautauqua closed the annual six days' program here Tuesday night, and from present indications will not return to Carlisle in 1932.

Very little effort was made by the local chautauqua committee to sign a contract for the return of the Chautauqua next year. On Monday night Mrs. Wilson, superintendent of the Chautauqua, handed out pledge cards at the door asking that they be signed up. The cards stated that the signer pledged himself to take a specified number of tickets.

Approximately 150 tickets were guaranteed, it was said, and efforts to secure a contract were dropped.

The attendance here this year was probably as good as last. It is estimated that at least 100 tickets were sold. Although a large number of tickets were given away, it is estimated that the cost of the Chautauqua in 1932 is sufficiently low that in the fall or winter to secure a contract.

The contract offered for next year calls for a five-day program, at a total cost of $1,750, instead of $2,100, the cost during the past several years. The cost of the Chautauqua for next year has been reduced by the sale of season adult tickets at $3 each.

The program this year was fairly good, the majority citizens are of the opinion that it was not up to the standard of programs offered in past years.

MEXICAN BEETLES MAKE APPEARANCE

County Agent Gives Method Of Controlling Pests Which Are Invading Gardens

The Mexican Bean Beetles have made their appearance in the gardens of Nicholas county during the past week, according to County Agent R. J. Matson. Most of the farmers in our county have excellent gardens this year and should watch their beans closely from now on to protect this valuable garden product.

The bean beetle can be easily controlled, according to Mr. Matson, if a good dust is used and is properly applied. There are many good dusts and sprays that can be bought that will control beetle at a cost of only a few cents. By using thoroughly 1 pound of Calcium arsenate, 2 pounds of lime and 3 pounds of hydrated lime. The dust should be applied when the dew is on the top of the leaves with a dust gun with up-turned nozzle. Dusting on the top of the bean leaves will not control the beetle as many of them are on the under side of the leaf. The dust can be applied in the early morning when the dew is still on which will stick more or less to the leaves. The dust also should be applied once each week as a preventive and when the beetles appear the beans should be dusted twice each week.

County Agent Has Been Busy Past Six Months

During the six months in which he has served Nicholas as County Agent, R. J. Matson has been extremely busy, meeting emergency problems with which former county agents were not faced.

Shortly after his arrival here, the federal farm loan plan became effective and Mr. Matson assisted approximately 300 Nicholas county farmers in securing farm loans. In order to secure a farm loan it was necessary to fill in six forms and these he won the voluminous work attached to this service. The service is free of cost, rendered free to farmers, and this service alone was worth to the Nicholas county people far more than the maintenance of the agent.

For the past month Mr. Matson has been extremely busy assisting farmers to combat the army worm and advising them how to rid their premises of the rabbit pest. There will be numerous this spring and summer.

In addition to this he arranged a 4-H Club achievement day, held in Carlisle in May, and has organized a large number of 4-H Clubs in addition to rendering many other services to the county.

Mr. Matson became County Agent here January 1, succeeding C. B. Easton, who is County Agent in Nelson county.

BIG MOUTH BASS

(Cynthiana Democrat)

The Fish and Game Commission sent 3,500 one-inch big mouth bass here Tuesday to rehabilitate the Boulding Lake river. The bass were placed in the river at Chas. Woods' and near Keller Gaun. Another load will be sent by the commission and distribution will be made at Berry, Boyd, Robinson and Beaver.

HEAT TOLL NOW NEAR 600 MARK

Illinois Alone Had 31 Deaths From Prostrations Tuesday, With Mercury Averaging 100

All America except the Far West and the New England Seaboard suffered Tuesday from sizzling temperatures. As the sweltering spell knocked eastern states, the toll of deaths attributable to the heat neared 600.

Relief by Thursday was held out for only the Northwest. Elsewhere, there were only vague hopes.

Kentucky's death toll from the heat was nine killed by heat and eight drowned.

The weather man ran the gauntlet from snow flurries in Glacier Park, Montana, to temperatures of 110 in the South.

A high pressure area over the state of Washington was willing, weather prophets said, to cool its warm breath over the heated area over North Dakota kept the relief back.

This high area, however, afforded relief to the Pacific coast areas—Montana, Wyoming, Colorado and New Mexico. It was only 75 in San Francisco, 78 in Portland, Ore., and 80 in Seattle.

Virginia, the Carolinas, Georgia and Southern Mississippi and Louisiana had no relief, and none was predicted. Temperatures ranged from 94 to 98 degrees, reaching 108 in Montecello, Ga.

The heat was not endured by summerly blast. Fields were fired in many sections where the ripening of the burden have died in the fields. The cotton crop in several States was threatened with total destruction.

In Illinois alone, there were 31 deaths from prostrations Tuesday. Twenty-two were in Chicago. Over the whole downstate, the thermometer averaged around 100.

Kansas opened the third week of 100-degree weather. No spot in the state has had even a shower for three weeks.

EXPECTING 30,000 AT NOTIFICATION

Democratic Leaders From All Over State To Attend Ceremonies At Madisonville Saturday

Madisonville is preparing to entertain thirty thousand people on July 4th, when Judge Ruby Laffoon will be formally notified of his nomination by the democratic candidate for Governor. Special ceremonies will be staged and all plans for caring for the comfort and well being of visitors.

Three special trains
