INVISIBLE INFORMATION

Peanuts make a good sandwich filling, if you put the roast shelled nuts through a coarse meat grinder, and then stir in enough cream to make the mixture easy to spread. Add salt. This filling will not be pasty.

Don't iron white silk with a very hot iron. All silk soulfies easily, and an iron too hot turns white silk yellow. Use a warm iron on the wrong side of the silk, and protect it with cheese cloth.

Try strawberry pie or tart, made with a baked shell filled with fresh ripe strawberries, over which is poured a sauce made from a cupful of extra juice thickened with 1½ tablespoons of cornstarch, sweetened to taste.

Unwrap meat as soon as it is delivered, and place on a clean plate in the coldest part of the refrigerator, which is often at the top. Two thicknesses of parchment paper may be loosely wrapped around the top of the meat but not wrapped around it.

Always iron with the thread of the goods and iron until the garment is dry. Otherwise it will pucker. To remove the shiny gloss on linens, turn the garment on a piece of soft cloth or clear water, wring it dry, and iron quickly until dry.

Encourage birds on the farm and the birds will discourage insect pests. The farmer who has a large crop of insects, but they destroy quantities. Says the Bureau of Biological Survey: On a 200-acre farm in North Carolina it was found that birds were destroying each week: Cutworms have 98 chinch bugs, 110; grasshoppers, 110; weevils, 110; leaf hoppers, 175; and wireworms, 200.

Members of the Woodward County Home Demonstration club at their regular meeting introduced an unusual garden feature last week when a "bird feast" was served by the U. S. Department of Agriculture. Each woman agreed to plant a garden row 100 feet long and 4 feet in a conspicuous place in her yard to identify her as a member of a model demonstration club. Each bed of tomatoes was fenced where it could easily be seen from the road.

The consumer who buys "Dutch-process" or "Dutched" chocolate or cocoa often pays more than he should for that with an alkaline substance. The treatment darkens the product, although the alkali is neutralized and does not affect the flavor. Natural cocoa, which has an acid reaction, tends to redden in baking and changes somewhat the character of chocolate recipes. A good cocoa should be marked to know when alkalies have been used. Under the Federal food and drugs act, cocoa which does not contain no more than 3 parts, by weight, of ash must be labeled as "processed with alkali."

A baby as young as 3 or 4 weeks can be wrapped up and taken out in the open air, says a child specialist. The hood of the carriage can be pushed back to shield the baby's face so that the sun will shine directly on the body. Of course, the baby has learned first on one side and then on the other so that both cheeks will be tanned. As soon as the baby can be held erect it should be allowed to sit in the sun, but not long enough to burn. Gradually the baby can be accustomed to the direct rays of the sun. Or give the baby a sun bath indoors in front of a sunny window.

Cake icing can always be made successfully by using a double boiler for a delicate icing. Make the icing in the double pot 1 cup of granulated sugar, 4 tablespoons of cold water, 1 egg white, and a pinch of salt. Commence to beat, heating over boiling water until the mixture looks like ordinary boiled frosting and is almost thick enough. Take from the stove, add ½ teaspoon vanilla, and continue beating until right for spreading. If you like a little tinge of color, add a little tinge; if too stiff water may be added and the frosting is cooked. If colored sugars are wanted, add 2½ squares of melted unsweetened chocolate when taking the icing from the stove. For caramel icing substitute brown sugar and substitute 2 tablespoons of it for 2 of water in the recipe and use the usual way.

Fleming County Youth Found Murdered In Car

Joseph Riley, 30 years old, was found shot to death on the floor of his automobile parked in the Licking bridge over a small stream near Goddard, Fleming county, Monday, and mystery surrounds his slaying. He had been shot through the heart.

An hour after the finding of the body Hobart Green, 19, a mountain youth, was arrested and lodged in jail at Flemingsburg on a charge of murdering Riley. Wiley Blanchard, a Goddard, Fleming county, miner Allen

Urge Veterans To File Claims For Insurance

Even though a disabled veteran of the World War who has carried war risk insurance has not paid any premium thereon since his discharge from the military service, if he makes claim in writing between now and July 3 he will preserve his rights to resort to court action thereafter if such procedure is necessary, it was announced yesterday by Watson B. Miller, chairman of the national rehabilitation committee of the American Legion, in a communication to the Mercury.

Such veterans should submit proof to the Veterans' Bureau, Mr. Miller stated, to establish that continuously since his disablement he has been suffering from an impairment of mind or body which made it impossible for him to follow continuously any substantially gainful occupation and that condition has existed since his discharge from service and is likely to continue for the remainder of his life. Then, should the bureau deny his claim, he is afforded opportunity to establish his claim before a jury.

Veterans who carried $10,000 in insurance are entitled to the payment of insurance benefits at the rate of $57.50 per month, commencing with the beginning of disability, if began while his insurance was in force.

A New Thrill

There is a new thrill in cooking with a *Perfection* stove or range equipped with *High Power* burners. The burners themselves are entirely new, having just been developed by the Perfection Stove Company after years of study and experimentation. They are hotter, swifter in performance and more positively controlled than any other make of oil stove burner —they will do a faster job of preparing a meal or a more uniform and dependable job of baking or roasting.

The High Power Perfection burners are available in a complete variety of models—stoves in all sizes from two to five burners—four and five-burner straight line or square top ranges. All are distinguished by modern design, completeness of equipment and a wide choice of color combinations. Any of them will bring to your kitchen a cooking satisfaction never before possible with an oil-burning cook stove.

DEMOCRATS NAME STRONG TICKET

Convention Closed Last Wednesday Night After Nominating For Minor Offices

HARMONY PREVAILED

The Democratic state convention closed at Lexington last Wednesday night after nominating the remainder of the state ticket to run with Judge Ruby Laffoon, of Madisonville, for nominee for Governor.

One of the most spirited contests in minor offices was for the nomination for Lieutenant Governor.

Congressman Virgil M. Vinson, of Ashland, who was temporary chairman of the convention and campaign manager for Judge Laffoon in eastern Kentucky, supported J. Wayne Howard, of Morgan county, for this office. Senator W. H. Thurman, Butler, of Versailles, won the nomination, however, when Jefferson county's vote was switched to him after Mark Beauchamp, Louisville, withdrew.

The ticket nominated by the Democrats is well divided geographically and is one of the strongest tickets ever put in the field by the party.

The convention, captured by many leading Democrats of the state, who favored a short session, was harmonious and defeated candidates all pledged themselves to actively support the ticket in the November election.

The complete ticket nominated is as follows:

For Governor—Ruby LaFoon, Madisonville, Second district.

For Lieutenant Governor—A. B. Chandler, Versailles, Seventh district.

For Auditor—Ed Johnson, Fifth district.

For Attorney General—Bailey P. Wooten, Hazard, Tenth district.

For Secretary of State—Miss Sarah Gibson Blanding, Louisville, Fifth district.

For Superintendent of Public Instruction—James H. Richmond, Louisville, Fifth district.

For Treasurer—Elam Huddleston, Louisville, Fifth district.

For Commissioner of Agriculture—Eugene Flowers, Russellville, Third district.

For Clerk of the Court of Appeals—Frank Owens, Wickliffe, First district.

REPUBLICANS WILL HOLD CONVENTION

At Lexington On July 1 To Nominate State Ticket. County Mass Meetings On June 20

Kentucky Republicans will select a state ticket in convention at Lexington on Wednesday afternoon, July 1, it was announced by state committee following a meeting of the committee in the Chenault apartments in Louisville Friday. The action in announcing its decision to hold a convention and not to call a primary election was taken by the committee unanimous in its decision for a convention and not for a primary election as the plan is more democratic.

The basis of representation in the convention will be one delegate for each 200 votes or fraction thereof cast in the 1928 presidential election for Sheriff J. Clark Lee, Young Lee is now serving his second year as graduating class of M. M. L.

Under the convention Leer, we are sure we name one of the best students in the graduating class of the school in all his studies and is certainly a leader in athletics. He entered in the sub-freshman class just five years ago and has been an honor student ever since. He represented M. M. L. in the debating examination given by the University of Kentucky and was a excellent debater. As Benjamin Major of the battalion Leer makes an exceptionally good officer and commands respect. He is well liked by the student body and has made for himself a good name. In his senior year he will be eligible for the Rhodes scholarship which is awarded by the University of Kentucky and we are greatly indebted for giving us such a fine son. We are absolutely sure that in the years to come Leer will not only bring honor to his fellow men but will bring distinction to M. M. L."

Negro Killed, Officers Shot In Lincoln County

Given Craig, 45, negro was shot to death, and Deputy Sheriff Stanford Stanford, chief of police, and James H. Woods, sheriff of Lincoln county, were wounded in a gun battle last Friday morning at Hustonville when officers attempted to arrest the negro on a charge of stealing chickens.

The negro was stopped on a highway by the officers and when they approached he drew him under arrest. Woods and Craig began firing. Policeman Stanford was seriously wounded. Sheriff Woods was also shot in the arm and knee. In the body. After being shot Mr. Martin killed the negro.

NAMES OF CRIPPLED CHILDREN SOUGHT

Should Communicate With I. B. Ross, Clinic To Be Held In Maysville On June 10

A clinic for crippled children will be held in Maysville on Wednesday, June 10, 1931 at the Methodist church. The clinic will be under the direction of Dr. Frank McVey, Crippled Children Commission, a state organization, which receives annual appropriation for the relief of indigent crippled children under 16 years of age. Any child suffering from a physical deformity due to disease or injury, is urged to attend the clinic and receive the benefit of free examination and treatment offered by the state. No operations will be performed upon the day of the clinic, which is solely for diagnosis and treatment. Children needs hospital treatment may file an application, and will be taken to the hospital if possible.

During the past six years nearly 2000 crippled children have been under the care of the Kentucky Crippled Children Commission in hospitals in Ashland, Louisville and Lexington. The clinic at Maysville will be conducted for the benefit of crippled children in the surrounding counties of Mason, Bracken, Lewis, Fleming and Nicholas. The clinic is sponsored by the Maysville Rotary Club. Local committees in each county and will assist in the meetings in the state to locate all crippled children and if necessary, furnish transportation for them on the day of the clinic.

The commission is seeking the enrollment of all doctors, public health nurses, school teachers, ministers, and others who can help to make the clinic a success.

Anyone who knows of a crippled child in the county will please communicate at once with I. B. Ross, local chairman, Carlisle, Ky.

James Leer Popular Student At M. M. I.

The Commissioner, Publication of Millersburg Military Institute, has the following complimentary notice of Sheriff J. Clark Lee, Young Lee is now serving his second year as graduating class of M. M. L.:

"When Commission Leer, we are sure we name one of the best students in the graduating class of the school in all his studies and is certainly a leader in athletics. He entered in the sub-freshman class just five years ago and has been an honor student ever since. He represented M. M. L. in the debating examination given by the University of Kentucky and was a excellent debater. As Benjamin Major of the battalion Leer makes an exceptionally good officer and commands respect. He is well liked by the student body and has made for himself a good name. In his senior year he will be eligible for the Rhodes scholarship which is awarded by the University of Kentucky and we are greatly indebted for giving us such a fine son. We are absolutely sure that in the years to come Leer will not only bring honor to his fellow men but will bring distinction to M. M. L."

Indians Chain State Tax Is Held Constitutional

The Indiana law of 1929 imposing heavy license fees on chain stores was declared constitutional by the United States Supreme Court Monday. The court upheld the constitutionality of the law by a vote of four to five.

The law is similar to the law in force in Kentucky, the constitutionality of which is now pending in the Kentucky courts on appeals.

THE NOMINEE FOR GOVERNOR

Born in Hopkins county, January 15, 1869, Ruby LaFoon was the son of Dr. and Mrs. J. D. LaFoon. Except for brief residence in Frankfort and Louisville, he has lived in Hopkins county and has long been prominent in party councils. His father was a prominent farmer, but active in politics, serving as deputy sheriff and county assessor. He was known as a "Democrat of the old school."

Judge LaFoon attended Hopkins county schools and was graduated from Washington and Lee University. After the graduation he began the practice of law in Madisonville and became county attorney. He served as county assessor for four years and State Insurance Commissioner for four years.

He was elected to the state office in his first race for public office. Judge LaFoon was defeated by a small plurality. Four years afterward he was nominated for Auditor and again was defeated. He was elected Circuit Judge of the Fourth Judicial district, composed of Crittenden, Caldwell, Livingston and Hopkins counties, defeating Carl Henderson, Marion, republican incumbent. When nominated by both the Democratic and Republican parties for another term. He is serving the third year of the second term.

GRAIN CROPS IN KENTUCKY LARGER

Wheat And Rye Came Through Winter In Excellent Condition And Will Be Better Than 1930

Kentucky's prospective wheat and rye crops this season promise to be much larger than in 1930, according to the May report for Kentucky issued by the Louisville office of the U. S. Division of Crop and Livestock Estimates. Conditions of the Kentucky wheat crop May 1 indicate a probable production of about 2,311,000 bushels this season, compared to 2,234,000 bushels produced last year. The 5-year average harvest of 1927-1931 was 3,025,000 bushels. Increased abandonment of wheat acreage has been very small so far this year, it appears, averaging 8% annually. The large number of farmers report they intend to prepare their wheat down. Condition of wheat in Kentucky May 1 was reported by farmers 91 percent of normal, compared to 83 percent May 1 last year and 87 percent the 10-year average for May 1. Rye condition May 1 was 88 percent of normal, compared to 82 percent May 1 last year and 90 per cent the May 1 10-year average.

Condition of pasture in Kentucky May 1 was reported by farmers as somewhat behind in some areas but generally promising, averaging 2 percent of normal compared to 8 percent May 1 last year and 3 percent below 10-year average for May 1. Rye condition May 1 was 88 percent of normal, compared to 82 percent May 1 last year and 90 per cent the May 1 10-year average.
