Only one more week until Christmas and merchants in Carlisle are displaying Christmas goods. Don't think this wastes to sell his stock of Christmas goods but they want you know what he has through the advertising columns of The Mercury.

Farmers in Nicholas county have sold their tobacco stripped at this time than ever before at this time of year, in all probability. The sales for the past month has been favorable to the growers and most of the offerings lead in Nicholas will be ready for the market early.

William Judge, of the Masefield section, reported to the Mercury that he witnessed the motor accident in Carlisle Monday of last week. While at his barn about 5:30 o'clock shortly after daylight, Mr. Judge said the meteor shower occurred. It consisted of stars falling. He was puzzled for a explanation.

Robert Fisher, chairman of the annual Red Cross Roll Call, states that reports received from solicitors indicate that subscriptions in Nicholas will fall off from last year. Mr. Fisher urges workers to make a final effort this week to secure members. The roll call was scheduled to close today, but will be continued the remainder of this week.

Ben Timberlake, negro, who was arrested and lodged in jail here three weeks ago on a charge of cutting and wounding John Washington, negro, was taken to Frankfort last Thursday to complete a sentence imposed by a Fleming county jury on a charge of shooting and wounding Timberlake was paroled several months ago after he had served all but 18 months of his sentence.

The warm weather and absence of many killing frosts during October and November has caused many unusual growths of vegetables and fruits. Monday Mrs. Bertha Chambers, of Myers, sent to The Mercury office two small green apples, which were of second crop on a tree in her yard. Shrubbery which has lost its foliage is budding again and roses and other flowers are reported to be budding.

Edsell Clark, Jr., 23 years old, son of Mr. and Mrs. Edsell Clark, of the Little Rock section, is in a critical condition at the Bourbon hospital in Paris as the result of injuries sustained last week in an automobile accident. The car in which young Clark was riding crashed into a telephone pole and he suffered dislocation of several vertebra, and is in a partially paralyzed state. An operation was performed in an effort to relieve him, but physicians gave little hope for his recovery. The young man has numerous relatives here.

THIS IS NOVEMBER

"Angela Morgan"

Over all, the silver of November sunshine---

An incandescence unbelievable; the mingling

Of early and unearthly radiance---

So do framed masterpieces shine,

As by invisible illumination

Hanging at hushed attention

Upon the walls of an art salon.

Pulse and dignity, richness, power,

The concentration of innumerable colors,

The close-packed pressure of a thousand scents,

Fragrances within fragrance, tang with tang.

The dark and mellowed ooh of beauty's final chord.

Then the still whistle of the bugle wind,

A swirl of torn and frightened leaves,

The beckoning of welcome firelight and home.

This is November.
