Purchase Of State Prison Illegal Commission Declares

Establishment of a prison farm in any other place than adjacent to the existing prison in Frankfort should be left to the action of the 1932 legislature, Attorney General James W. Cammack said last week in an opinion declining to approve contracts entered into by the state board of charities and corrections for the purchase of 2,367 acres of land in Franklin county at $419,000 for a prison farm.

The ruling was given J. C. Bird, commissioner of public institutions, who submitted the contracts for his inspection and approval as to their legality. Under Mr. Cammack's ruling the state auditor, Chell Coleman, will refuse to issue warrants for purchase of the farm.

Six Billion Dollar Program Is Urged

A $6,000,000,000 public works program, enlisting the combined efforts of cities, states and the nation, as a means of unemployment relief was advocated by James H. Griffin of New York, president of the American Society of Engineers, at the opening session of the organization's annual meeting at Huntington, W. Va., Tuesday.

Griffin said such a program would give work to about 1,000,000 half of the estimated unemployed. The cost, he said, would be about $2,000 per worker for labor and materials.

Griffin expressed a belief that most of the country's troubles were due to a "lack of courage, like sheep which follow blindly after the hesitant attitude of the other fellow." He added that not only public bodies, but people generally, had failed to take advantage of conditions especially favorable to building.

WALNUT GROVE

(Mrs. Martin Heflin, Correspondent)

Mr. and Mrs. D. Clark and daughter visited Clarence Ingels and family Sunday.

Earl Jones, of Maysville, spent a few days the past week with Mr. Mike Heflin and family.

Legion Favors National Poll On Prohi Question

The American Legion went on record last week at the national convention at Detroit as favoring a change in the prohibition laws and asked Congress to submit a referendum to the Eighteenth Amendment to the people of the states.

The resolution resolution, favored by a vote of 1,908 to 394, was adopted after an agreement debate of more than half an hour. Cheers and applause-like cries mingled with the shouts of "we want beer." No resolution proposing legalized beer came before the convention, however.

At the same session the organization turned down a proposal that immediate full payment of the soldiers' certificates be asked, and declared its belief that a soldiers' bonus at a future time should refrain from placing added financial burden on the present.

The report from the final adjournment of the convention Thursday, Hedley L. Stevens, Jr., Warsaw, N. C., attorney, was elected national commander of the Legion. Portland, Oregon, was chosen as the 1932 site for the convention.

Students From 31 States, Two Foreign Countries

Thirty-one states and two foreign countries are represented by students at the University of Kentucky this year, it has been announced by Miss Helen Kirtley, of the University publicity bureau. Of the 3,675 students who had registered at the close of last week, 297 were from out of the state.

Students from the most distant point calls Lashkfi, Asshir, China, and the other country from which was presented is Gatun, Canal Zone.

Next to Kentucky, Illinois and New York have most number of students in the University of Kentucky, with 49 from Illinois and 31 from each of the latter two states. Ohio is next with 24, Indiana with 20, New Jersey with 14, Pennsylvania with 13, Florida with 12, Michigan with 11, and Virginia tied with 10 each. Other states represented are: Missouri, Minnesota, Missouri, Missouri, North Carolina, Colorado, California, Connecticut, Massachusetts, Michigan, Minnesota, Missouri, Missouri, North Carolina, Missouri, Oklahoma, Rhode Island, South Carolina, Texas, and Washington, not to mention the District of Columbia.

Cheaper Tags, Driver License To Be Urged

A substantial reduction in license fees for passenger automobiles, and a sizable increase in the gasoline tax, the latter responsibility less as advocated by the Kentucky Automobile Dealers Association, uniform traffic code as advocated by the Kentucky Safety Council and Chamber of Commerce, will be asked of the 1932 Legislature, it was announced following a conference of the Kentucky automobile clubs at the Phoenix Hotel in Lexington on Tuesday afternoon. It will also be the policy of the Kentucky clubs to vote for statewide opposition to diversion of any of the road funds for purposes other than construction and maintenance of roads," according to the announcement.

The preparation of bills in furtherance of this program was authorized to representatives of the Kentucky clubs and the program, it was announced, will have the united support of the Kentucky clubs before the General Assembly.

2,780,199 Gallons Of Whisky Will Be Made

Dr. James M. Doran, commissioner of industrial alcohol, announced recently in Washington that reports to him from the stock of bonded liquor through the manufacture of 2,780,199 gallons of alcohol and rye whisky.

The alcohol commissioner explained that, of this total, 2,780,199 had been made and that the remainder either was made from materials during the present year and part of 1932. He announced that was the first definite setting of a total figure for the current year's anticipated medicinal liquor production.

Dr. Doran said the total would consist of 70 per cent Bourbon and the remainder rye. Three-quarters of the rye volume will be made in Kentucky.

Sale Of Liquor At State Meet Of Sheriffs Alleged

Federal officers are seeking C. B. Ferguson, of Covington, organizer of executive secretary of the Kentucky Sheriff's Association, on an indictment charging him with selling whisky and beer at the recent sheriff's state convention in Lexington.

Sawyer Smith, United States District Attorney at Louisville, said Ferguson, Kentucky, revealed Tuesday that an indictment charges Ferguson with violation of the national prohibition act. Smith said the arrest was the result of a recent search, a return of energy and initiative, better prices for all products, more work for transportation facilities —in fact, the end of a depression and the beginning of a period of general confidence."

Two Killed, Twelve Hurt In Crashes In Fayette

Two persons were killed and twelve others injured, some seriously in a series of automobile wrecks in Lexington and Fayette county Saturday night and Sunday.

Geraldine Neal, 17, was killed Sunday morning when an automobile in which she was driving with Richard Kaine, 17, Miss Ella Lee Wells, 16, Miss Anna Mae Perkins, 17, and Welch Wells, 15, all of Lexington, swerved from the road and overturned while attempting to pass a truck on the Bryan Station pike. The other occupants of the machine were seriously injured.

Leslie Jones, of Bourbon county, was killed Saturday night in an automobile accident between Paris and Lexington when the car in which he and Clinton Emmett, 24, of Paris, were riding left the road and overturned. Emmett suffered a fractured skull.

Wood Products Of State Valued Over $60,000,000

William E. Jackson, Jr., state forester, announced that a survey of Kentucky made by himself and the forestry service staff showed that the annual value of wood products of the state is normal year is in excess of $60,000,000 instead of $27,000,000 as the last survey indicated.

"We found," he said, "that the forests comprising our last survey of several years ago are now much too low to represent fairly conditions surely woodworking industries.

Logging in a normal year, in the Ken-

"In a normal year, timber, which results in the cut crops of the state gives employment to more than 25,000 men, with an annual pay roll of $60 instead of $22,000,000 as the last produces more than $60,000,000."

Bethel People Injured As Auto Hits Culvert

Miss Lucille Rice, 22, daughter of Mr. and Mrs. E. M. Rice, of Bath county, is in serious condition at St. Joseph's hospital in Lexington, with hope held for her recovery, as a result of injuries sustained in an automobile accident Friday night, when the automobile driven by J. P. Lyman, of Bethel, crashed into a concrete culvert on the Maysville-Lexington road, about two miles from Owingsville. Mr. Lyman escaped with a fractured arm, a bruised chest and a bruised knee.

Mr. Lyman also cuts and bruises and internal injuries. Miss Rice's head injuries are considered the most serious injuries. Mrs. Tom Rawlings and her daughter, Miss Ruby Rawlings, the family other occupants of the car suffered cuts and bruises. They were taken to their home near Bethel.

At Ashland Tuesday a jury composed of seven women and five men returned a verdict imposing a sentence of ten years in the penitentiary for Rex Crosley, 22, charged with a criminal assault on Miss Fern Johnson, 17, of Ashland.

THE CARLISLE MERCURY

AGRICULTURAL FAIR IS MARKED SUCCESS

Finest Display Of Products Ever Exhibited Here Shown During Three Days

WINNERS ANNOUNCED

The sixth annual Nicholas County Agricultural Fair closed Saturday night after one of the most successful three-days' fairs ever held here. Large crowds attended every day of the fair, and music interested every day of the fair.

In some of the classes not as many entries were made as had been anticipated because of the poor growing season of all products, but in other departments the entries broke all records. The exhibits, as a whole, were probably the best ever displayed here.

The special stunts arranged for the boys and girls, as well as the adults proved interesting to the large crowds.

The following awards were announced in the various departments:

Baby Show

The baby show was one of the most interesting features of the fair and attracted a large audience. Only two boy babies and twenty-two girl babies were entered. Because of this the contests were determined solely by points, and not by the number entered, measured and health babies determined. The estimation of the boy babies was made by Dr. H. T. Simms; Nicholas county Health Officer, and Miss Ruth Floyd, Public Health Nurse.

Chester Blair, 12-months-old son of Mr. and Mrs. Marion C. Blair, was awarded first prize, which completely overwhelmed him for he was the only baby present. Senator Barkley, the "Iron Man" of Western Kentucky, is perhaps the greatest orator of the Democratic party in Kentucky today, and his address will be worth hearing.

Senator Barkley is very popular in this county, especially with the women, of whose causes he has always been a champion, and there is little doubt but that the court house will be packed when he speaks at 7:30 o'clock Saturday night.

CARLISLE LOSES TO MT. STERLING 46-0

Inexperienced Local Eleven Swamped In Contest Here Game Nicholasville To Come Here Friday

A small, inexperienced Carlisle high school football team took their first defeat of the season on the local gridiron when the Mt. Sterling high eleven, last year's Central Kentucky Conference champions, plowed through for a 46-0 victory at Mt. Sterling.

Most of the members of the local team were playing their first game of the season, and last year's squad have been left for this year's team. The team members who were left have been shifted to other positions.

What the Musketeers lack in size they made up in fight, pep and determination, as could be seen in Friday's game. Carlisle completely overwhelmed from the start, the eleven men who came to Lexington for the three-day air races. Hundreds of spectators witnessed the accident.

SENATOR BARKLEY TO SPEAK AT RALLY

Gifted Kentucky Orator To Open Democratic Campaign Here Saturday Night

The appearance here Saturday night of Senator Alben W. Barkley will be the occasion of one of the biggest Democratic rallies held here in years, if plans of the party leaders here materialize.

The address of Senator Barkley will mark the opening of the campaign in Nicholas county. Senator Barkley, the "Iron Man" of Western Kentucky, is perhaps the greatest orator of the Democratic party in Kentucky today, and his address will be worth hearing.

Senator Barkley is very popular in this county, especially with the women, of whose causes he has always been a champion, and there is little doubt but that the court house will be packed when he speaks at 7:30 o'clock Saturday night.

G. O. P. NOMINEES ADDRESS BIG CROWD

Mayor Harrison And Three Other Nominees Speak At Rally Held Here Saturday

A crowd that taxed the capacity of the court house attended the Republican rally held here Saturday afternoon when Mayor Harrison, of Harrison, of Louisville, nominee for Governor; Mrs. Beatrice Bell Rouse, of Lexington, nominee for Secretary of State, C. B. Bennett, of Greenup, nominee for State Treasurer, and H. A. Babb, of Mercer, Republican State Superintendent of Public Instruction, spoke in the interest of the party ticket.

The rally marked the opening of the Republican campaign in Nicholas county. The speakers were introduced by H. B. Rogers, of Cynthiana.

In a thrust at his opponent's promise to pay off the state debt of $11,000,000 in four years, the nominee said, "Figures can be twisted to mean almost miraculous things. My opponent has found $11,000,000 somewhere. Where money found, if he is familiar with the report of the State Auditor, he has already been appropriated to various departments and institutions. There is not a word of truth in his claim."

Contrasting the municipal government of Louisville with that of the State and its financial management, Mayor Harrison pointed out "They have said that if I am elected Governor I will have the same type of government that Louisville has had during the past four years. If they keep on saying that I could quit campaigning and come home in their promises, he declared.

"No tax has been found that will suit everybody," Mayor Harrison said. "Politicians promise to reduce taxes. That is the same old story. After election we have to make them do it. Those who make demands for tax reduction have a duty to turn in being observed throughout the nation this week.

"Nearly half of these were children under 16 years of age, while almost two-thirds of the number were burned to death in residences," said Kenton, who is in charge of state fire prevention and rates. "About $6,000,000 worth of property was destroyed by fire of which nearly 90 per cent was preventable. Over 60 per cent of the losses of fire take place in homes."

Kenton attributed much of the loss to carelessness.

AFTER FIRES IN BOURBON ARE INVESTIGATED

Note Pinned On Tree Leads Officials To Believe Fires Were Set

Fired By Incendiaries

An investigation of two incendiary fires that have caused loss of several thousand dollars to the farm of the Bourbon farms on the Millersburg and Ruddells Mill gate in Bourbon county authorities.

On September 23 a large tobacco barn on the Greathouse farm was destroyed by fire and loss. Thursday night another barn and a crib were burned to the ground on the Greathouse farm. The fire was estimated at $1,600 and the loss last Thursday night was estimated at $1,200. A total of $1,600 insurance was carried on the two buildings.

Before the flames of the first fire had died down on the night of September 22, and while a crew could watch it, a note was found among the ruins, an attempt was made to burn the barn on the Greathouse place but the fire was extinguished by a bucket brigade before much damage was done.

The note, found by Jesse Handy, a tenant, found a note pinned to a tree near the burned barn. The note was addressed to "Mr. Greathouse" and read: "Don't put in your tobacco, but it is our only way of getting even with you. Remember the fire Thursday night the burned portion of another tobacco barn.

Bloodhounds were taken to the scene of the burnings and followed a trail to a road nearby, where it is believed the incendiaries had an automobile.

Bath Farmer Beaten; Neighbor Is Accused

T. J. Caldwell, 63 years old, farmer of the Moores Perry section of Bath county, was beaten into unconsciousness with a shotgun cuts on the head and body Wednesday when he was found near his home, where he said to have been struck down by Wesley Highley of the same section.

After Caldwell had fallen to the ground Highley is said to have beaten him into unconsciousness with the butt of the gun, while almost two men had previous trouble over payment of an account for the building of a barn for Highley.

Highley, Caldwell, son of the victim, and a warrant charging Highley swore to a warrant charging Highley with striking and wounding Caldwell with intent to kill. It was reported that Mr. Caldwell is in a serious condition.

211 Persons Burned To Death In State Last Year

Two hundred and eleven persons were burned to death in Kentucky last year, George Kenton, state fire marshal, auditor, said Saturday in calling attention to fire prevention week, which

Man Charged With Killing Fiance Of His Daughter

Albert Justi, charged with murder, in Albert Smith, charged with accessory, were held to the grand jury at Wickliffe last week, it was announced by Judge Hal and aided Nathaniel Rogers, young Wickliffe attorney, in the eve of the day for Rogers' marriage to Justi's 17-year-old daughter, Rosemary. Rogers was shot five times on the night of September 28 as he stood in front of a cafe. The shots were fired from a passing automobile. The state introduced the daughter as a "surprise" witness. She declared her father bore a marked hatred for Rogers. An officer declared he recognized Justi as the slayer.

Morgan's Men Reunion To Be Held On October 19

The regular fall reunion of the Morgan's Men Association, usually held in Lexington during the first week in October, has been postponed and will be held on Monday, October 19, in connection with the dedication in Morrison chapel at Transylvania College of a bust of Jefferson Davis, Confederate President.

The postponement of the meeting was decided upon at a meeting of the executive committee of the association, notices of the later date for the reunion are being mailed members, according to Frank C. Taylor, of Lexington, secretary of the association.

Meeting Called To Discuss Handling Of This Year's Crop Of Burley

IS AN IMPORTANT MEET

A meeting of the tobacco growers of Nicholas and adjoining counties has been called for Saturday afternoon, October 10, at 1:30 o'clock. The meeting will be held in the court house in Carlisle.

Acting at the request of a large number of growers in the county, he said, Hendy Myers issued the call for the meeting.

Similar meetings have been held in a number of tobacco growing counties in this section, and in practically every county where a meeting has been held pooling of the present seed crop and a curtailment of acreage of next year's crop has been endorsed.

Burley tobacco growers are alarmed over the reported great overproduction this year, and are attempting to find some method by which they can sell the crop at a fair price.

It is urged that all at the meeting to be held here Saturday delegates will be appointed to attend a meeting to be held in Lexington on Saturday, October 17, at which time action will be taken by Burley tobacco growers to effect the culmination of the present crop.

Every tobacco raiser in the county should attend the meeting to be held here Saturday and lend their support to the movement for the disposition of the crop this year. It is urged that action be taken, leading to tobacco growers say, or the crop of 1932 will be a total failure.

Cornelia Robinson Dies

Cornelia Robinson, 11-months-old daughter of Mr. and Mrs. Herbert Robinson, was adjudged the most perfect gull baby, and Kenneth Robinson, 3-year-old son of Mr. and Mrs. Charles Mann, was second.
