

PAGE SIX

NOT APPENDICITIC— GAS PAINS FOOL HIM

I had such pain in my right side that I had to get up and walk. I had no idea that I was suffering from appendicitis. I had no idea that I was suffering from appendicitis. I had no idea that I was suffering from appendicitis.

Better Silage is Made From Mature Corn

There is a tendency on the part of many farmers to cut corn early for silage. The Department of Agriculture, however, has found that silage made from mature corn is much better than that made from early-cut corn.

College Offers Recipes For Preserving Peaches

The College of Agriculture, University of Kentucky, offers the following recipe for preserving peaches. This recipe is for peaches that are to be used for cooking.

THE GARDEN

A GARDEN INQUEST

(PART ONE)

By John A. Gardner, Kentucky College of Agriculture. The first step in a garden inquest is to determine the cause of the trouble. This is done by a careful examination of the plants.

At Delta Vista, Ark., an underground night club is located in a spacious cave which is capable of holding more than 3,000 persons.

A Tribute to the Worker

The man who toils; who stands with his feet rooted in the soil which gives us life; whose hands are hard with marks of long labors—to him we owe our gratitude for prosperity and comfort. We can repay him best by so building and conducting our community that his life as well as ours shall always be one of peace, health, prosperity and pride.
