THE ONLY S-STAR MOTORIOIL * X EXTRA FILL

The Five Requirements of a Modern Motor Oil:

TODAY

LONG LIFE /

1

COST

Least body change with extreme temperature changes. (Keeps Body

Free fluidity under low temperature condi-(Winter Fluidity) tions.

Freedom from excessive or hard-to-remove carbon deposits in the cylinders. (Low Carbon)

Resistance to evaporation losses at high tem-(Low Consumption) Stability of lubrication value over long

IT makes no difference where an oil comes from-who makes it or sells it. If it does not meet every single one of the five requirements listed above it is not suited to modern high compression en-

gines. Only Essolube meets all five requirements. STANDARD OIL COMPANY
