Concerning SERVICE CALLS

March 1, 1932 >> To lessen the time and inconvenience during which customer's equipment may

be out of use, this Company maintains a force of repairmen whose services are available when the need arises. This service is without cost, on equipment owned and controlled by the Company. If, on the other hand, the call is made to repair your equipment, or to replace fuses, etc., a charge of fifty cents will be made, provided time spent on the prem-

ises does not exceed thirty minutes. >> If additional time is required, it will be charged at a nominal rate, and material will be billed at standard retail prices. No charge is made for travel time to and from your premises. Calls to investigate complaints, or calls that, after inspection, show service is required from other sources will not be charged.

Complete information concerning this service is included with your next service bill
