How Much of Your Printing Do You Send Out of Town?

> If you are interested as you should be in the welfare of your town and county, you should be able to answer that by saying, "not a

nickel's worth." The job department of The Mercury can do nearly all ordinary commercial work. There is no excuse for sending your order for Bill Heads, Statements, Envelopes, Letter Heads, Circulars, Booklets, Etc. to some foreign print shop. It can be done in the shop of your county newspaper as cheaply and as well.

On complicated ruled jobs, on books used by county officials, on work that cannot be profitably handled in The Mercury shop, we can receive a commission, if the order is made through us and the completed work will cost you no more.

Where copper-plate engraving is desired, such as Visiting Cards, Wedding Announcements and Commencement Invitations, your local newspaper can furnish you these through the best engraving houses in the country.

Advertising—the life-blood of any newspaper has diminished until the danger point has been reached with many county newspapers. You may help your county newspaper to weather the storm of depression by giving its job department all of your printing.
