Only the NEW NuGRAPE Has Their Delicious Flavor

You'll admit there is a goodness in the flavor of grapes... The New NuGrape is different from all artificial flavors...

In a certain valley, made rich and productive by reason of the moisture, in season, from surrounding hills... The vineyards are renowned for the rich, wine-like flavor of the great purple clusters of fruit...

The New NuGrape - made exclusively with Welch's Grape Juice - costs no more than any artificial grape substitute. It's now on sale everywhere.

Though vacations scatter the family the telephone keeps them together

Vacation time is here and soon thousands of families will be scattering to various places to spend their vacations.

People are fast learning that it adds much to the pleasure of their vacations and the happiness of those left at home when they call at regular intervals.

The cost is small. To most places 25 miles away, the day's station-to-station rate is 25 cents. 75 miles, 60 cents; 100 miles, 65 cents; 150 miles, \$1.00.

These all points go into the first long-distance telephone call to the long at night. The more than 100 long distance lines in this country are now being used.

It has been claimed by the first long-distance telephone company that a man of 800 feet in the air near Hooverville.

The More They WORK the Lower the Rate

Your electric helpers are eager, willing servants. Every time you give them another job to do, they work at a lower rate.

Light up your home, launder the clothes, prepare and care for food, heat water, clean the rugs - with electricity. Each additional use you make of electricity reduces the average rate.

As you make greater use of electricity your rate is ALWAYS going down.

Electricity is cheap!
