### A MILLION DOLLARS

Lots of money isn't it folks? You would say there isn't that much in the world anymore. Well there is a million dollars on deposit right here in Nicholas County right now and it belongs to you. You are better off than three fourths of the whole country, not a bank failure. Grant that you don't get any price for what you sell, you don't have to pay anything for what you buy. Silks that we sold a year ago for \$1.50 a yard, now 59 cents and \$1.19 for a \$1.95 pair of leather shoes--Give and Take--right now, and go ahead--keep a "pushin'" and a "shovin'" till we roll the clouds away. It won't be long now until the worm will turn for the better. Nobody is making any big money these days, yet everybody seems to be happy and going right ahead painting The Clouds With Sunshine. In this sale we based prices on what an article cost today, not what we paid for it. It's mostly a loss to us but what would we do if we didn't keep store. So there you are, look over this circular, pick out some of the values that will save you money and take advantage of them. A Dollar Saved Is A Dollar Made
