Egg Production

The Most Profitable Farm Operation Today

On the very low basis of 40% production, the cost of feed is only 8c to 10c per dozen of eggs received.

The price of eggs today is

32 CENTS PER DOZEN

This shows a profit of 22 cents per dozen above the feeding cost. How do we arrive at this?

30 hens in 40% production will produce one dozen eggs per day and will consume.

2 POUNDS OF MASH AT 2c-04c 4 POUNDS SCRATCH AT 11/2c-06c FEED COST OF EGG PER DOZ.—10c

With the consistent use of TUXEDO EGG MASH this production may be increased to 60% or 75%. Then figure your profits.
