**Only A Ride Can Tell**

the thrill and delight you get from the Ford V 8

Thirty minutes behind the wheel will tell you more than ten thousand words.

If we tell you it performs in the class of two thousand dollar cars you would think we were exaggerating. Drive it and see if we are wrong. Hides you—flashes down to one mile per hour on a hill—Sixty miles per hour in second, and shifts to high at this speed with an sprang of gear—Eighty-five miles per hour in high, and shift to second at sixty-five without noise.

When you buy this car you are getting simplicity in every thing required for perfect performance, and not a lot of so-called wonderful things that will only mean complications in the end.

IT'S THE WONDER OF THE Automobile World.

Don't take your word, or listen to the hammer of the knocker, but ride in and drive it before you invest your money. Then, if you don't think it worthy, buy some other car.

DON'T FORGET the Improved Four Cylinder.

In same bodies, and fifty dollars cheaper.

Bring in your old car for our trade-in price.

FOR SALE—Model T Coupe, Runabout, Sedan and Touring Car.

**DANGER!**

How much will it cost you to PUT OFF painting?

Remember—even the best paint finally WEARS OFF. Remember, too, that bare unprotected wood or metal quickly rots and rusts—that repairs cost MUCH MORE than paint. Another winter may do costly damage to your property. Paint up now—with SWP House Paint. A fast, perfect, and durable weathered place to tide you over the winter.
