White Rose Flour

Under these circumstances the percentage of increase will be much less on the best grades and quality considered, it will be economical to use the best—and that's White Rose, made of wheat grown in Nicholas and adjoining counties—where the best wheat grows.

There is no tax on wheat exchanged for flour and this is a big saving for the producer.

Paul Darnall Has Made Us a Good Public Servant

He has budgeted the expenses of the County and kept within that budget, giving us a real business administration of our fiscal affairs.

He has done the work of two county officials for the one salary of County Judge and this salary he has reduced by cutting his term of office.

He has shown marked ability and devotion and has worked longer hours each day in the interest of the County's affairs. In his services to the Red Cross Chapter, of which organization he is Chairman of the Relief Committee, he has given many hours of his time during the past two winters, during which period thousands of dollars were given out to the needy of the County in clothing, food and money, and already he has taken steps to secure relief for the coming winter through the Red Cross, so that no person in the County may go hungry or cold.

As Judge of the Quarterly Court citizens will tell you he has made one of the best presiding officers since the day of Judge John Norvell.

As County Judge he has carefully studied the fiscal affairs of the County and has shown marked ability in the handling of estates and in the appointment of fiduciaries; and if you will should be probated in his Court, your heirs may rest assured that every detail of your wishes will be carried out to the letter.

He is an active member of the Presbyterian Church, is associated with the various Masonic bodies of the County and is identified actively with all public welfare movements of the County.

It would be impossible for any man to satisfy all of the people of the County in the matter of roads. The funds of Nicholas County are limited and the miles of road are so many in some of the much richer counties. In handling this perplexing problem, Judge Darnall's intent has been to relieve the County of as many miles of road as possible by securing State construction and maintenance. This of course is a slow process, but it is assuredly building for the future. He has handled the money available for road construction in the County as wisely and as economically as it is possible for any man to have done.

No man in Nicholas County has labored more valiantly for the County Hospital than Judge Darnall. He has labored long and hard, and his efforts that the gift of the late Hugh Johnson was accepted by the County and in his more than to any other citizen perhaps the fact that our Hospital has continued to exist is due, Judge Darnall has shown in this instance his devotion to the cause of humanity and the relief of suffering. So long as he is County Judge the Johnson Hospital will not be permitted to go out of existence without every effort being made by him to save it.

A Vote For Darnall is a Vote For A Business-Like Administration Of The Affairs of The County.

(This advertisement sponsored and paid for by a group of taxpayers favoring the re-election of Paul Darnall.)
