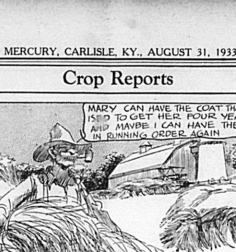
Crop Reports



Kluppity, W. N. U.

THE GARDEN

VEGETABLES FOR WINTER H.

(By John B. Gardner, Kentucky College of Agriculture)

The requirements for the successful storage of Irish potatoes, beets carrots and turnips are a temperature whose range is from 35 to 40 degrees, a moist atmosphere and ventilation whereby fresh air may be introduced and foul air let off, particularly during the first 6 weeks or so after the "sweating" is exceptionally active. If these requirements are met it is of little not matter what type of storage is provided.

House Cellar Storage.—The most convenient place to store vegetables is in a house cellar with an earth floor, for in such a cellar the proper moisture of the air is automatically provided. If the floor is made of concrete, it should occasionally be sprinkled. If there is a furnace, the storage room should be partially shut off, the partition well constructed, as for example 2 inch by 4 inch studding, sheeted inside and out, both sides covered with a layer of building paper or a few thicknesses of newspaper, and finished with tongue-and-groove ceiling. The room should enclose at least one window so that ventilating arrangements may be made, as follows. One pane of glass should be removed, and replaced with a piece of tin in which a 6-inch stovepipe elbow (of the largest size possible) is fitted, inside the cellar and pointing down. Another pane should be replaced with a sheet of tin in which a similar stovepipe elbow has been fitted, outside, and pointing up. To the outside stovepipe length of stovepipe should be attached to serve as a stack through which the warm air that accumulates in the storage is drawn. To the inside elbow should be attached length of stovepipe or a tube improvised from 1 wood or even manila, to reach within 6 inches of the floor. Through this, outside air will be drawn into the storage room to replace that which has escaped through the other vent. With this arrangement, the air may be cooled, by opening both vents during the night and closed by day, thus making the cellar specially efficient in keeping vegetables properly in the summer. In the winter, this ventilating device is no less valuable, for it will serve to keep the storage room temperature may be controlled, by regulating the outer opening, of course, on the house cellar walls being of ample construction.

Cave Storage—In the absence of a house cellar, a storage cave, sometimes called an "outside cellar," may be built. The most pretentious form consists of stone or concrete walls, with arched stone or reinforced concrete construction for the roof. Sometimes the caves are built right in a hillside, the surrounding earth taking in keeping the temperature in-side the storage unaffected by that outside, winter and summer. Caves may be built on quite level land, but then they must be bounded with earth, the mounds kept in place by "wing" walls built about and above the door. Where it is easily obtainable, straw may be placed over the roof, but they are necessarily short-lived.

In the center of the ceiling," an opening should be provided and a stark long enough to project beyond the earth covering; this is the outlet ventilator. Two doors are required, to have the same dimensions, in order, as those of the house cellar, but there should be two doors, one opening in, and the other, out. The outer door should be solid, but in the inner one an opening should be cut, as near the flood time as possible, and of the same size as the outlet ventilator. Ventilation is accomplished by opening the outer door and the ceiling vent. A storage cave so constructed lends itself to the same management as the house cellar storage room just described.

Next week, storage structures so simple as to be within the possibilities of anybody, no matter how situated, will be described.

A total of 300,800 gallons of beer were imported into the United States in April.

Announce Plans For Farm Credit Campaign

Plans for a broad educational campaign to acquaint Kentucky bankers and farmers with the advantages of refinancing their farm mortgages and other farm paper through the Federal Land Bank of Louisville have been announced by Thomas B. Wilson, Elkton banker, and Secretary-Treasurer and General Manager of the Eastern Dark Fired Tobacco Growers Association. Mr. Johnson has been designated by Governor Ruby Laffoon to act as contact man between the Federal Land Bank of Louisville and the State Banking Commissioner, the commercial banks and the public, in the concerted drive being made to refinance farm paper in Kentucky.

Mr. Johnson reports that many representatives of both open and closed banks have called at the headquarters of the Federal Land Bank of Louisville which was set up August 15 in the State Capitol at Frankfort. The purpose of the refinancing drive is to free so-called "frozen deposits" so the banks can function in a normal manner.

Many banks which are open are intensely interested in refinancing some of their mortgages through the Land Bank in order to put themselves in a more liquid condition so they can qualify under the deposit guaranty provisions of the Glass banking law, it is said.

The agricultural extension service including the county agricultural agents will be enlisted to aid in the educational campaign and true farm loan associations will be set up or organized where needed and inactive associations will be revived. It is believed that the county agents can render much aid in the setting up of associations where none are in existence.

Mr. Johnson warns that while the procedure of making the loans will be simplified, much preliminary time must necessarily elapse between the application for a loan and the closing of the loan. He points out that the men in local communities are peculiarly fitted to this respect by getting their applications into the Land Bank headquarters in short order.

Kentucky banks which are not members of the Federal Land Bank but which are interested in refinancing farm loans may obtain information from the Land Bank in order to put themselves in a more liquid condition so they can qualify under the deposit guaranty provisions of the Glass banking law.

Kentucky Has Fine Record In Livestock Improvement

Kentucky, long known for its bluegrass and fine cow horses, has also made a name for itself in the field of general livestock improvement. Three entire counties in Kentucky are listed in the Better Sires-Better Stock Campaign sponsored by the United States Department of Agriculture, in which 106 counties are entirely free from all grade and scrub bulls. No other State has attained an equal record.

The three counties are Union, Hustonville, Ky., Route 1.

Mrs. Ethel Hall and Mrs. Walter Swartz visited Mrs J. B. Newell one day last week.

Miss Verna Edna Burr, of Wilmington, visited Mr. and Mrs. J. H. Burr several days last week.

Miss Christine Haney spent Sunday with Miss Juanita Toy.

J. J. Fields, Mrs. Lillian Sexton and daughter, and Mrs. Russell Bury were guests of Mr. and Mrs. Bruce Claud Toy Friday.

Everett Berglesson, of East Union, attended the Sunday school convention here last week.

Fourteen converts were baptized Sunday evening at Graves Stephenson's place. Sixteen joined during the revival and two joined Sunday.

Miss Thelma Heizer visited Miss Mary Wilmoth last week.

Mrs. Fanny Manning, of Myers, spent the week-end with Mr. and Mrs. Gene Clinkenbeard and daughters.

Rev. Haney had the misfortune to fall out of a wagon upon which he was hauling Mr. Kendall's furniture to Mr. Sexton's place. He suffered a broken rib and several bruises.

Mrs. Mattie George, of East Union Mrs. Ethel Whitehead, Mrs. Mabel Jewell, Miss Nelle Mann, Mrs. G. E. Koekersefer and Mrs. Lafe Mann, of Blackwell, Okla., were guests of Miss Dale Ashley one day recently.

Bro. Boynton is holding a revival at Mt. Zion. Ten have been baptized so far.

Little Thomas White fell off a post and broke his arm a few days ago.

Robert George visited Ira Haney Sunday.

The meeting Friday night at Mr. and Mrs. Sam Heizer's, conducted by Rev. Haney, was a good one. \$20.00 plus and 1,000,000 farrowed sows, the slaughter data have shown the Government give the meat many of the unemployed and needy through various relief agencies. Hog Crops has been giving away the flour and cotton purchased from the first amount of the purchase by the Federal Government. The gas, from which cows will be \$5,000,000 and the cotton will be removed by the Government through a processing tax levied on the packers, just as a processing tax is now levied on cotton and wheat. If this plan is carried out even in a modified way it will bring great relief to all of the agricultural states, and especially those where no cotton and very little wheat is produced. Corn is now worth about sixty cents a bushel and according to the old basis of calculation hogs should be worth six cents a pound. Instead of that they are selling around \$4.50 a hundred. We, selling at six or seven cents a pound the purchasing power of the farmer in this section would be immediately increased, as practically every farmer raises hogs. We can see no reason why the Government should not help the farmers in the way of harvesting and requires less skill. In ordinary seasons it is also as satisfactory as spilling.

The use of lime in the waters keep tends to lessen the danger of worm infestation. Moist soil at the edge of pools and pools is also a good place for worm eggs to develop, and the fresh soil at the edges of the pool water they often make to refinance farm paper in Kentucky.

Now is the time to plan the storage of fruit, vegetables and other products that will be in demand. Agriculture at Lexington, or see a county farm agent, for a copy of the circular called, "Home Storage Equipment." In it are complete plans plans for building inexpensive storages for emergency use, and also plans for permanent storages. It contains plans for building inexpensive storages for emergency use, and also plans for permanent storages. It contains dences of poor breeding plus poor training. A jovial, harmonious spirit of cooperativity should prevail during the meal hour.

Many farmers do not cut their alfalfa much later than the middle of September, in order that there may be considerable top growth before winter. This permits the roots to build up an adequate reserve to produce a good early spring growth. Heaving probably does more damage when alfalfa is cut late in the fall.

HEADQUARTERS

(Mrs. Howard Allison, Cor.)

School opened here Monday with a good sprollment. Same teachers as last year.

Mrs. Mabelle James, of Paris, is visiting her parents here.

Mrs. Ed Hollar and daughter, and Mrs. Ernest Hollar and baby visited friends at Mt. Moriah from Friday until Sunday.

Dr. and Mrs. T. M. Smith, of New York City, returned to their home Friday from a visit with relatives in Perry county before returning to their home in Morehead.

Mrs. J. C. Ogden will speak at the church Friday night. It is hoped a large crowd will be present.

WALNUT GROVE

(Mrs. Martin Hellis, Correspondent)

Mrs. Susan Honican, Mrs. Stitt, Miss Nancy Johnson, Mrs. Martin Heflin and daughters, Mrs. Estelle Mrs. Claud Lynam and family Wednesday.

Martin Heflin, wife and daughter spent Sunday with Roy Snapp and family.

Miss Mildred Heflin spent Sunday with Mike Heflin.

Mrs. W. M. Merrll spent the past week with her daughter, Mrs. Mary Pollard near Frankfort.

Mr. and Mrs. Leonard Cook and daughter visited his parents, Mr. and Mrs. Walter Cook near Ballwell Sunday.

Claud Lynam and William Turner spent Sunday with relatives near Lexington.

Mrs. W. M. Turner and children spent Sunday with her sister, Mrs Claud Lynam and family.

EAST UNION

(Mrs. Essel Barr, Correspondent)

Mrs. Claud Toy and Mrs. Walter Swartz visited Mrs J. B. Newell one day last week.

Miss Christine Haney spent Sunday with Miss Juanita Toy.

J. J. Fields, Mrs. Lillian Sexton and daughter, and Mrs. Russell Bury were guests of Mr. and Mrs. Bruce Claud Toy Friday.

Everett Berglesson, of East Union, attended the Sunday school convention here last week.

Fourteen converts were baptized Sunday evening at Graves Stephenson's place. Sixteen joined during the revival and two joined Sunday.

Miss Thelma Heizer visited Miss Mary Wilmoth last week.

Mrs. Fanny Manning, of Myers, spent the week-end with Mr. and Mrs. Gene Clinkenbeard and daughters.

Rev. Haney had the misfortune to fall out of a wagon upon which he was hauling Mr. Kendall's furniture to Mr. Sexton's place. He suffered a broken rib and several bruises.

Mrs. Mattie George, of East Union Mrs. Ethel Whitehead, Mrs. Mabel Jewell, Miss Nelle Mann, Mrs. G. E. Koekersefer and Mrs. Lafe Mann, of Blackwell, Okla., were guests of Miss Dale Ashley one day recently.

Bro. Boynton is holding a revival at Mt. Zion. Ten have been baptized so far.

Little Thomas White fell off a post and broke his arm a few days ago.

Robert George visited Ira Haney Sunday.

The meeting Friday night at Mr. and Mrs. Sam Heizer's, conducted by Rev. Haney, was a good one. 60 attended.

Mrs. Mattie George and Miss Verna Edna Burr motored to Cynthiana Wednesday and spent the day with Mrs. Lucy Hall.

Mr. and Mrs. Claud Toy had as guests Sunday, Everett Berglesson, Miss Genelieve Wasson.

Mrs. Ethel Whitehead, Mrs. Owen Ockerman, on Monday, August 21, a daughter, Annie Lee.

Mrs. Mattie George and Miss Verna Edna Burr were guests of Mrs. Lucy Hall.

Mr. and Mrs. Oscar Tapp and family attended the Tapp reunion on the old Tapp place on the Moore's field pike, Sixty-one were present.

Rev. T. E. Haney September 3 Mrs. John Lee, of Carlisle and Miss Mabel Whitehead, R. R. 3, will be special speakers.

Dan Burr, of Paris, is visiting Mrs Ella Burr and son.

William Willoughby returned from the Kentucky World's Fair this week.

Mrs. Ella Barr and son are moving to Carlisle this week.

SALTWELL

(Ky. G. Mattes, Correspondent)

Rev. R. D. Hudson left Tuesday for the annual conference which convenes in Winchester. Rev. Hudson is a very able preacher and has been pastor of this charge for two years.

J. C. Earlywine, wife and two sons, spent Sunday with Preston Earlywine and wife at Robinson Station.

T. H. Kendall and wife, of Paris and Mrs. Ella Kendall spent Sunday with J. R. Kendall and family.

Rev. R. D. Huston, who has been assisted in a meeting at Rose Hill by Rev. T. F. Roberts, of Oddville, closed Sunday evening. Rev. Roberts is a very earnest preacher.

Calvert Bosley and family spent Sunday with W. E. Morris and family.

MT. CARMEL

(Ethel Caswell, Correspondent)

Mrs. Stanley Prothero spent Monday with Mrs. Will Caswell.

Mr. and Mrs. Clyde Skaggs and family were Sunday guests of Miss Betty Skaggs.

Misses Ella, Fenton and Lucille Mattox spent Wednesday with Miss Martha Skaggs.

Mr. and Mrs. Malcolm Gaunce visited Mr. and Mrs. Frank Skaggs Sunday.

Miss Carrie Hill entertained several friends Saturday night in honor of her birth anniversary.

Mrs. E. Y. Delaney spent one day last week with Mrs. Malcolm Gaffin.

Harry Fall spent Saturday with Mr. and Mrs. R. H. Hill.

Uncle Tickey Prothero spent one day last week with Miss Buffy Snapp.

Miss Carrie Thomas and children, of Paris, spent Thursday with Mrs. W. H. Thomas.

Mrs. Nora Burris, Mr. and Mrs. R. E. Delaney and Mrs. Willie Ritchey spent Friday with Mrs. E. Y. Delaney.

MYERS

(Mabel Flora, Correspondent)

Mrs. Thomas George and children spent the week end with Mrs. Fryman.

Katherine Berry visited Nola Mc-Carty one day recently.

A birthday dinner was given in honor of Everett Flora, it being his first birthday. Those present were Mr. and Mrs. Rufus Flora and son, Mr. Farris Flora and two children, Mr. and Mrs. Frank Flora and son, Mrs. Ethel Flora and son, Mrs. Nell Mann and Mr. and Mrs. Jason Grey and son and Miss Jo Grey.

Mr. and Mrs. George Crawford and family spent the past week with her sister, Mrs. Flora Bell Fryman.

Mrs. Robert Grayson and children visited Mrs. Maude Parsons Sunday.

Mrs. Gilby Myers and two children and Mrs. Ethel McCall and son spent one night the past week with Mrs. Florence Bowling.

Mrs. Picket Vaughn and Mrs. Hatsh Dunham spent a few days the past week with relatives here.

ELLISVILLE

(Mrs. Richard Snapp, Correspondent)

Several persons from here attended the Georgetown Fun Friday and Saturday.

Several from here attended the Shepherd's reunion at Hot Springs Sunday. 81 persons were present and all spent a delightful day.

Miss Lollie Wells spent a few days last week with friends in Carlisle.

Mr. and Mrs. Herbert Tudor, who were recent guests of their parents here, left Friday for Gainesville, where Mr. Tudor will teach in Camp Dick Robertson high school. Mr. and Mrs. Tudor both graduated from Eastern State Teachers College last year.

Mrs. Allen Clark and three sons, of Paris, were recent guests and a visit with her parents, Mr. and Mrs. George Porter.

School opened here Monday with both teachers, 82 pupils and several patrons present. Mr. Neal gave an interesting and instructive talk on "Co-operation." It was a great treat to hear such a speech. But that is not surprising, as Mr. Neal is always interesting and full of good things to say.
