HIGH BLOOD PRESSURE

If your head it pains and aches,
And if your heart bad spells it takes,
It is time to heed the warning
And come here tomorrow morning.
DR. O. H. LAMBERT, Chiropractor
Locust Street Phone 46

It costs far less to use a Shelvador than to buy ice. Ask Howard Veach to prove it.

NOTICES

To The Voters Of Nicholas County,

Having the mistaken idea that July 1st was the day in which to file papers for candidacy, I failed to get mine filed and will have no place on the official ballot. I want to thank the many friends who gave me such loyal support and assure you that I never the less feel that I have failed them, since that I did express.

Bank At Crab Orchard Robbed By Two Bandits

After robbing the Crab Orchard Banking Company at Crab Orchard of between $3,500 and $5,000 about noon Friday, two men eluded a posse by a ruse and escaped toward Stanford.

Assistant Cashier Roland Garner, alone in the bank at the time, was locked in the vault by the robbers. He was released a short time later by Evan Settle, Cashier, who had been absent during the robbery. The two men escaped with all of the money not in the vault. They left in a blue roadster. A mile and a half out of town, with a posse in pursuit, they changed into a red roadster and boldly doubled back on their trail, confusing their pursuers. They calmly drove past the bank where they had robbed. The posse discovered the ruse when it found the abandoned black machine.

Mr. and Mrs. Joe Wagoner and two daughters were recent guests of Lera White and family near Republican.

Propose Cooperative Council For Kentucky

Formation of a Kentucky Cooperative Council to promote agricultural cooperation was proposed by the speakers at a conference of officials of cooperative associations in Louisville recently. Such a council, it was stated, would be similar to the state federation of the National Agricultural Adjustment Act. It also could serve as a clearing house for farmers' cooperative associations in the state, and be of assistance to agriculture in many capacities. There are 257 cooperative agricultural associations in Kentucky.

The following were named as a committee to confer on the formation of the Cooperative Council: Ben Killgore, secretary of the Kentucky Farm Bureau Federation; L. A. Venters Frankfort, director Kentucky Department of Agriculture; Thomas E. Johnson, manager of the Eastern Dark Fired Tobacco Growers' Cooperative Association; R. R. Giltner, manager of the Burley Tobacco Growers' Cooperative Association; Eminence; H. W. Fierce, manager of the Fierce Certified Milk Producers' Association, Louisville; Gaston Coke, president of the Producers Creamery Association, Louisville, and L. R. Wren, president of the Kentucky Farm Growers' Association, Paducah.

The Louisville conference was considered plans for the second annual cooperative conference, to be held at Kentucky Experiment Station University of Kentucky. In addition to discussion of cooperative marketing, relief legislation will be one of the principal topics of the conference at Lexington.

RESOLUTIONS OF RESPECT

The untimely passing of our Brother, Hiram Ellis, has caused a shock to our minds the frailties of human life and has brought to our hearts the fact that today our friends are with us tomorrow they are not. The silent reaper walks of life, but on the morrow they may have passed within the portals of the grave, there certain never to return outward swings; and that no matter how we may love and grieve with them we cannot have them linger with us when the summons comes to join the throng eternal.

It is not often that men are reckoned with the many talents with which the Lord had blessed Hiram Ellis, and that it is certain that no one ever lavished his talents so unstintingly upon his fellowmen as did Hiram Ewing. He was ever ready to aid his best of friends in any way that he could and to always leave the way. Many are the families in this and adjoining communities who took the deepest of sympathy and encouragement from the kindly words and his ministrations to them where brought comfort to aching hearts. Many are the homes in this and adjoining communities that can testify to the deeds of kindness that he has done by the side of the road and many are the children in that community that are heartfelt and unselfish Hiram Ellis. Many are the children who will for the touch of his vanished hand and the sound of good deeds and words he was unselfish out in the twinkling of an eye. But his deeds, and words, and kindly ways are spoken of as a heritage to the generation now living and loved ones have lost for a while. He is surely missed from his accustomed place in the church, but the world is smaller by his passing this way.

Peace to his ashes!

—He be my moving!

He has accomplished and the long day done.

Marriage And Divorce Decreased Last Year

The Bureau of the Census announces that, according to the returns received, there were 981,750 marriages performed in the United States during the year 1932, as compared with 1,060,791 in 1931. These figures represent a decrease of 76,032 or 7.5 per cent. There was a decrease of 3.9 per cent from 1930 to 1931.

During the year 1932, there were 160,320 divorces granted in the United States, as compared with 183,664 in 1931, representing a decrease of 23,335 or 12.7 per cent, as against a decrease of 4.1 per cent from 1930 to 1931. There were 2,900 marriages annulled in 1932, as compared with 4,339 in 1931.

The estimated population of continental United States on July 1, 1932, was 124,822,000, and on July 1, 1931 124,070,000. On the basis of these estimates, the number of marriages per 1,000 of the population was 7.9 per cent in 1932, as against 3.3 in 1931; and the number of divorces per 1,000 of the population was 1.28 in 1932 as against 1.46 in 1931.

Because of numerous requests for this information, the relative number of marriages to each divorce in the United States as a whole, 6.1 marriages for each divorce were reported as against 5.8 in 1931. The District of Columbia and New York State each having but one cause for absolute divorce, reported 23.3 and 21.4 marriages to each divorce in Nevada. The changes in the various States as regards the number of divorces compared with the year 1931, ranged from a decrease of 34.9 per cent in the District of Columbia to an increase of 12.5 per cent in Arkansas and Vermont. Decreased rates are reported in 2 other States, Rhode Island and Vermont.

When a person is bitten by a cobra his nerves are instantly deadened and he passes out as if under the influence of ether.

Older children learn faster than younger, a marked improvement in mental ability being noted when from 12 to 14 years of age.

THE CARLISLE MERCURY

VOLUME LXVII ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, JULY 20, 1933 PUBLISHED THURSDAYS NUMBER 29

WALTER D. YOUNG DIES SUDDENLY AT HOME HERE MONDAY

Prominent Farmer Succumbs To Heart Attack While Seated In Chair At Home

LIFE-LONG RESIDENT

Mr. Walter D. Young, 68 years old, one of the best known farmers in the county, died suddenly about 7 o'clock Monday night at his home on the Moorefield road near Carlisle.

Mr. Young was sitting on the porch of his home reading a newspaper when he suddenly slumped in his chair and died before assistance could be summoned. His death, it is believed, was due to a heart attack.

He had not been ill and was unusually active for his age. On Monday afternoon he had assisted in filling the coal house at his home and was out over work about the farm. Mr. Young made daily trips to his farm on the Miller Mathers road, and apparently was in good health.

Mr. Young was the son of the late William and Sarah Young. The members of his immediate family, a pioneer Nicholas county family, is survived by his widow, Mrs. Georgia Lou Young; two sons, Walter D. Young, of Frankfort, and William Nathan Young, of Carlisle; a granddaughter and two brothers.

He was a life-long resident of the county and had been a member of the Carlisle Baptist church all of his life. For several years he served a member of the official board of the church and was one of its most active and faithful members. He was also a member of the Democratic county committee for many years and although an aggressive Democrat had never held an office.

Mr. Young was a quiet, modest, unassuming gentleman of the old school. He was deeply devoted to his family and spent much of his leisure with his grandchildren. He was a kind, courteous and affable neighbor, an honorable and upright citizen, fair and square in his dealings with his fellow-man. Mr. Young was widely known and highly respected throughout the entire county.

Funeral services were held at the late home Wednesday afternoon at 3 o'clock conducted by Rev. W. M. Hammond, pastor of the Carlisle Baptist church, and burial followed in the family lot in the Carlisle cemetery.

Missing Co-Ed, Found In Corbin Returned To Home

Homeward bound after hitch-hiking from Cincinnati to Corbin, Miss Marian Buckley, 18-year-old co-ed from Laird, Ohio, co-ed who has been missing for two weeks, left for Corbin Thursday for Ohio with her father and Lieutenant Hamilton, superintendent of Cincinnati schools.

The girl was found in a tourist camp at Corbin Wednesday night by Police Chief George W. Jenkins. She said she had been working on a restaurant for a week. Never having cooked before in her life, she asked to be fired so those people who had to eat the food I cooked in the restaurant would not suffer as much as I could."

The girl, who had been sought in several states, said she left home with $1.50 and hitch-hiked to Covington, Ashland, Ky., Lexington and thence to Corbin. "I had a swell time," she declared.

"Some days I got terribly hungry," she explained, "and then I would beg for food at houses along the road. I slept near the roadside."

After she was found by the police chief, she was sent to a hotel, where she was kept under observation. Her brave police some anxiety when she slipped away Thursday morning to get a briefcase and other belongings she had left at the tourist camp, but she was found again and returned to the hotel.

Later her father, accompanied by Chief of Police Ben Scott, of Wilmington, Ohio, arrived from the automobile to take her back home.

DIVERSION OF USE

A small crowd of taxpayers of perhaps 100, more or less, had called upon the county board to protest the condition of a certain road. After all had been heard, the chairman of the board, in a polite manner, said: "From all reports, I'd say the road was good, taken as a whole."

"True," said the spokesman, for the complainants, "but we want to use it as a road, not as a hole."

ARMY BUYS 91 AMBULANCES

The far reaching effects of the Administration's vast public works and reforestation program were felt recently when the Ford Motor Company delivered 91 eight-cylinder Ford ambulances to the United States Army for use in Forest Service Camps throughout the country.

CHAMPION TURKEY RAISER

O. C. Rankin, Of Morning Glory Raising 2,500 Poults

O. C. Rankin, of the Morning Glory section of this county, is making a bid for the turkey raising championship of Kentucky. This year Mr. Rankin is raising 2,500 of the big holiday birds from a high quality of breeding stock purchased in Pennsylvania.

During the past few years Mr. Rankin has produced turkeys on a large scale. This year's production is the largest he has attempted.

A large part of the turkeys produced by Mr. Rankin are sold at fancy prices for breeding purposes, as all of his poults are of the best strains. He has taken practically all premiums at fairs where he has shown his birds and is becoming recognized as an authority on turkey raising.

Attention to sanitation has reduced his losses to a minimum. Last year out of a crop of almost 1,000 turkeys, Mr. Rankin reported to have lost but eight.

In spite of the poor season which have prevailed during the past two or three years, Mr. Rankin has found his business profitable.

Benefit Base Ball Game Here Friday

Kentucky House Of Reform Team To Play Carlisle Nine And Accompany Team Here

On Friday afternoon, July 21st about thirty-four or forty boys from the Reform School at Greendale will be brought to Carlisle, bringing their ball and ball club with them.

They will parade about 1:30 then go out to Jackson's park where they will make things merry which will gain many followers and Carlisle is being played.

Governor Sampson of one of the best teams in and around Lexington, has been managing with the field for weeks ago and to defray the expenses of the boys that will leave the camp August 7. This is a real treat for Carlisle and some of you people who have been boys will be glad to give your soul, mind and body, as well as to the entertainment and encouragement of boys and girls that you will help with your attendance. This is a benefit game and should be a real treat for you that are interested in the welfare of the children in your community.

Man Arrested On Larceny Charge

Walter Stockdale, Taken In Ashland, Charged With Stealing Money From Mrs. John Jones

A man who registered as Walter Stockdale and giving his place of residence as Ohio, was arrested at Ashland Monday at the request of Carlisle county officials. Deputy Sheriff J. Clarke Lee went to Ashland Wednesday with a warrant for Stockdale charging him with grand larceny. He will be returned to Carlisle and lodged in jail.

About three weeks ago a man and woman called in front of the home of Mr. and Mrs. John Jones on the Whetstone pike in this county and went to the Jones home. Mrs. Jones, who was alone in the home, was told by the woman that her son had asked for a drink of water. Mrs. Jones went to the well to draw some water from a well and made the woman comfortable while the man was working on his car.

The woman recognized from her life-ness within a short time and left with the man. After their departure Mrs. Jones discovered that $14 had been stolen from a pocketbook in her home. She notified local authorities and Sheriff Graves issued a general classification tax laws, passed at a special session of the legislature in 1917.

Former Governor and former United States Senator A. O. Stanley, of Washington, was the principal speaker at the dinner Friday night.

EXPECT BIG LEAF CROP

A 52 per cent increase in North Carolina's 1933 tobacco crop was indicated by its July 1 condition, the federal-state crop reporting service said.

DISTRICT MEETINGS SCHEDULED FOR ALL WHO RECEIVE RELIEF

First Meeting To Be Held At Court House Saturday. All Gardeners Urged To Attend

SANITATION STRESSED

Saturday, July 22nd at 1:30 p. m. there will be a meeting held at the court room of the court house for all people in this district raising relief gardens. This district includes Carlisle, Henryville and some gardens near Carlisle. All those gardens sprayed by Mr. Jim Owens are in this district. At this time we shall distribute seed, show slides of certain pests on these gardens and stress the rest of the season. It is very necessary that some grown member of each family attend, preferably the gardener. This week and next, there will be a similar meeting in each garden district: Thursday at Morning Glory church at 1 p. m. and Friday morning at Headquarters school at 10 a. m.

Important changes are ahead for the Nicholas county relief program, as the work is now operating on a federal, and not state basis. Conflicting reports have been sent out from time to certain. If we want relief aid, we must cooperate to the fullest extent with our leaders. This garden program is one conastructive measure. Mrs. Lucy Belle Lennox, Home Demonstration Agent, and Mr. Lowry, field supervisor, was in the office on Tuesday, talking with Judge Darnall and the relief force. Relief will not continue longer than August 15, unless the federal authority privies. We cannot furnish seed or fertilizer, however, other building materials, however, could be secured in a not large, and certainly any community organization could buy materials. Any person on relief rolls can be paid for his own labor in building a sanitary toilet at his own home. He must furnish the building materials, also.

If anyone is interested, he can get further information at the relief office.

—Nicholas Relief Committee

Richmond To Continue In Office He Holds

Dr. James Richmond, superintendent of public instruction, will continue at the head of the department of education for at least another year, despite the fact that he has been nominated for state senator from Madison county in the August primary.

The regents were told that it would be necessary for Dr. Richmond to resign the presidency of the school unless they were willing to grant him further leave from his duties. The board expressed willingness for their president-elect to further delay the date of his active connection with the school as its administrative head.

Selden R. Glenn Honored By Over 300 Democrats

More than three hundred state officials, state employes and prominent Democrats honored Selden R. Glenn, Kentucky's new Democratic Internal Revenue Collector and former State Tax Commissioner, at a testimonial dinner at Frankfort Friday night, for which tribute was "paid to his democracy and his expert knowledge of taxation.

For more than eight years Mr. Glenn served the state as tax commissioner and during that time boosted assessments upon him for assistance in drafting tax laws. Mr. Glenn was a member of the special committee which drafted Kentucky's classification tax laws, passed at a special session of the legislature in 1917.

Former Governor and former United States Senator A. O. Stanley, of Washington, was the principal speaker at the dinner Friday night.

EXPECT BIG LEAF CROP

A 52 per cent increase in North Carolina's 1933 tobacco crop was indicated by its July 1 condition, the federal-state crop reporting service said.

Youth Injured In Dive From Bridge

George Hukill, 16, Badly Hurt When He Dives Into Shallow Water From Blue Licks Bridge

George Hukill, Jr., 16 years old, of Fayette county, suffered a fracture of the jaw bone and skull late Friday afternoon when he dived from the bridge at Blue Licks into the shallow water of Licking river.

The youth, driving a truck, had taken a load of tobacco sticks to Germantown. He was accompanied by Mr. Jeffrey, a neighbor, to whose farm the tobacco sticks were taken. In going over the bridge young Hukill told Mr. Asher that he was going to dive from the bridge when he returned and would not change his mind when they were returning home.

Hukill climbed to the rail of the bridge and jumped into the water below, a distance of approximately forty feet. There was only about three feet of water in the river over the drift under the bridge and the youth landed on his face, his head being rendered unconscious. He was rescued from the river by Mr. Asher and bystanders and brought to the office of Dr. C. W. Kash, where he was treated, after which he was taken to St. Joseph's hospital in Lexington in the ambulance of Mathers, Potts & Co. At the Lexington hospital he was treated by Dr. H. F. Robinson, Lexington surgeon.

George Hukill is the son of Mr. and Mrs. George Hukill. His father is a rural mail carrier from the Lexington postoffice and resides on a farm about two miles from Lexington on the Winchester road.

Butler Will Head Millersburg Bank

Reorganized Bank Opens For Business Monday. All New Officers For Bank Names

Rufus Butler, prominent Millersburg merchant, has been elected president of the Farmers Exchange Bank of Millersburg, which has been operating on a restricted basis since the banking holiday was declared last March 1, and Monday Mr. Butler received a telegraphic order from the state banking commissioner at Frankfort authorizing the reopening of the reorganized bank for business.

The Farmers Exchange Bank of Millersburg recently amended its articles of incorporation. In the new organization of the bank, all old stock in the institution was relinquished and 200 shares of new stock were sold at $120 per share, $100 of which represents the par value of the stock, the remaining $20 per share being set aside as a surplus fund, giving the reorganized institution a paid up capital of $25,000 and $5,000 in surplus fund. Under the new agreements, deposits in the bank will guaranteed on March 1, 1934, not "frozen" for three years, in that they will be paid on demand or time as may be made semi-annually. However, the old depositors are permitted to use the frozen funds to acquire stock in the reorganized bank and many of them availed themselves of this privilege.

At a recent election, held by the stockholders, a board of directors consisting of Rufus Butler, W. A. Butler, Col. W. R. Nelson and William D. McIntyre was chosen. The new board elected Rufus Butler president; W. A. Butler, vice president; Col. W. R. Nelson, second vice president and D. Devine, of Lexington, well known banker, cashier. Miss Lucille Bramel as cashier, and R. S. McDaniels is given the place of assistant cashier and bookkeeper. Judge George Batterton will act as attorney for the bank.

Millersburg Men Held In Jail At Cynthiana

R. D. Wills, 36; Elsworth Wills, 18; Cecil Wills, 16, and John Spencer, 40, all of Millersburg, are held in jail at Cynthiana awaiting trial and arraignment July 25 before Judge Frank L. Duffy on charges of housebreaking. Officers who arrested the men said they found them in possession of articles identified as having been stolen from homes in the Connersville neighborhood.

REMORSE FOLLOWS THEFT

Buckner Woodford, cashier of the Security Agricultural Bank and Trust Company, executor of the estate of Mrs. Thompson H. Tarr, had been received from Lexington a letter written on hotel stationery. The letter contained $1.50 in cash, "conscience money," in payment for an article taken during the public sale several weeks ago of the personal property of the late Mrs. Tarr. A number of valuable articles were stolen during the sale, which was largely attended.

BEER REFUND MADE

Checks for approximately $125,000 were mailed by State Treasurer Elmer Huddleson last week to County Clerks of the state as a refund on the $15 beer license paid by dispensers of beer. The court of appeals held the tax on beer invalid.

ANNUAL PICNIC OF 4-H CLUB TO BE HELD AT BLUE LICK JULY 24-28

150 Farm Boys And Girls Expected To Attend Five-Day Camp In County

REPRESENT 5 COUNTIES

Approximately 150 farm boys and girls from five counties are expected to attend the annual 4-H Club camp, which will be held at Blue Lick Springs in that county, July 24-28. The camp will open next Monday morning and close Friday afternoon.

The counties which will send delegations to the camp are Bath, Bourbon, Fleming, Montgomery and Nicholas. E. K. Fish, of Lexington, state camp leader of the University of Kentucky, will be general manager of the camp, and will be assisted by the County Agents of the five counties and specialists from the University.

In order to induce more boys and girls to attend the camp this year, the cost has been reduced. The enrollment fee has been set at 50 cents and the cost of food supplies $1.65, making a total of $2.50 for the five days camp.

The morning program each day will be spent in classes and handicraft work in the making of articles useful on the farm and in the home. The afternoons will be given over to recreation, and the nights will be given over to programs put on by the club members themselves. Miss Mattoon has also emailed out invitations to club members and leaders and anyone who wishes to attend may secure a registration card at the County Agent's office.

Separate camps will be provided for the boys and girls and club camp leaders will be in charge of the camp for girls.

Wednesday has been designated as visitors day when parents and friends are invited to visit the camp and take part in the program. The Nicholas County Dance Band will be in charge of the vesper program that evening which will be followed by a stunt program put on by the camp. Moving pictures will also be shown each evening for the entertainment of club members and their guests.

Civil Service For All Classes Of Postmasters

In an executive order changing regulations for postmaster appointments, President Roosevelt last week extended Postmaster Latham's order to draft legislation to be submitted to the next Congress putting all postmasterships under civil service.

The executive order will permit all acting postmasters named since March 4—approximately 1,500—to remain in office indefinitely, provided the office raises the maximum age limit from 64 to 70 years and meets the minimum residence requirements from two years to one.

In a letter to Farley, the President said:

"The studies which you have made show that there would be large savings to the Government if this existing law were changed and all present postmasterships were placed on a strictly civil service basis as is the case under the existing law relating to fourth class postoffices."

Depression Causes Reduction In Accidents

Compilation of accidents in the United States during 1932 by the National Safety Council reveals one of the compensations which grow out of a condition of economic depression, but at the same time it emphasizes the unnecessary nature of many of the catastrophes which epidemics of this character are all too prone to view from a fatalistic standpoint.

Last year there were 88,000 accidental deaths in this country, which is a decline from 97,415 in 1931 and from 99,300 in 1930. The reduction was approximately 10 per cent in a single year. Out of the 88,000 deaths last year, 39,500 will be credited to motor accidents, a reduction of 4,175 from 1931.

However, the number of accidents fatal and non-fatal still continued shockingly and inexcusably high, for the Safety Council reports that 8-400,000 people suffered injuries in motor accidents last year, and that the wage loss, medical expense and overhead insurance cost involved was in the neighborhood of two billions of dollars, an enormous waste.

REPUBLICANS CAN'T VOTE

In Democratic Primary Unless They Supported Party Last Fall

Many voters of Nicholas county who have heretofore been classed as Republicans have expressed an intention or a desire to vote in the Democratic primary on August 5, and various ideas prevail concerning their voting.

According to a ruling of the Attorney General to Republican may vote in the Democratic primary. Doubtless many who had previously been Republicans voted for Roosevelt for President, and in this event they would be entitled to a vote in the primary, provided they agree to support the nominees in November.

In order to vote in the primary, a former Republican must make oath that he voted the Democratic ticket last November and that he will support the Democratic nominees in November of this year.

Election officers have the authority to question the right of any person to vote and upon their failure to take oath that they voted the Democratic nominees at the last election the election officers have the authority to refuse to issue a ballot.

Money For Relief Must Be Obtained

Governor Predicts Rioting In Thirty Days If Federal Money For State Is Shut Off

Governor Ruby Laffoon said Tuesday that a "crisis" would arise in the tax would more than provide the $3,000,000 necessary to continue federal unemployment relief to 300,000 Kentuckians, the people seem to be against a sales tax," he added.

In an interview after he had discussed the relief situation with Harry Gatton, state relief director, the Governor said: "If federal relief is shut off in Kentucky there'll be rioting within 30 days."

Gatton, said he urged the Governor to call a special session of the legislature to appropriate relief funds. The federal relief administration has agreed to continue relief until the end of November, if the people of the state will provide $3,000,000 necessary to continue relief.

The above report has been carefully made and condensed from all activities of the entire department and is submitted to the people of Nicholas county for their approval. A similar report of activities will be made every three months.

If the above mentioned activities could be evaluated in dollars and cents the following results would be obtained and given some idea of what the people of the county have received in return for the amount of tax money paid for the maintenance of the health department for the months of March, April and May. Home visits at $1 per visit ..$487.00
Number examined at $1 each..$183.00
Venereal cases treated at
$10. each ..$630.00
Office calls at $1 each..$319.00
Visits to county institutions
at $2 a visit ..$ 60.00
Indigent cases attended at
$1 each ..$126.00
Total ..$1817.00

In other words for the amount paid out ($125.00) by the county for the maintenance of health unit, the people have received the above mentioned total in service rendered. What other investment would give you a return profit of fifteen to one? Health is more valuable than good money. Without health you cannot enjoy money. To give the health department some serious thought is the purpose of this. Remember that the cost to the county is less than cents per person, in the county, for one year. Is it possible to spend your money in a more wise or serviceable way?

Terry Bird, Health Officer

REPORT OF HEALTH UNIT FOR PAST THREE MONTHS SUBMITTED

Service To County At Regular Rates Would Have Cost Total Of $1817

HAVE VACCINATED 185

Report of the activities of the Nicholas County Health Department for March, April and May:

Home visits in town and county..497
Sanitary inspections 16
Bulletins distributed in county ..676
Number persons given typhoid fever diphtheria and smallpox vaccinations 185
Patients examined for tuberculosis.19
