

If the Territory of Alaska were divided equally among the inhabitants, each person would own 107 square miles, while in the United States each person would own only 17 acres.

Books in country libraries last longer than in the city because there are few librarians there in the city.

Paul J. O'Brien, of Bryansville, N. Y., has an American flag which has been battle-worn 55 years ago.

"It Is Not Right We Satisfy You"

... NO TIME TO WAIT -

SOMEONE IS ill... get the doctor as early as you can... it is when you want a telephone.

You time to talk with a friend across town or in another city... that is when the telephone serves you.

After all, this is made up of major and lesser incidents... that is when you need to speak to someone, so they want to call you.

If you try to determine the value of telephone service, a good way might be measured by its production in emergencies when a swift summons is sent to the doctor, the police, the fire department, or the value may be summed up in the many little errands it runs for you every day.

But whatever the yardstick, most folks get the value of telephone service in no great and the cost so reasonable that it really doesn't pay to go without it.

THE GARDEN

CHINESE CABBAGE
The garden is a very important feature of the Chinese garden. It is a place where the gardener can express his art and his love for nature. The Chinese garden is a place of beauty and peace, a place where one can find solace and refreshment.

Wheat Plan To Pay Its Own Costs
The government plan for reducing wheat production, which is now being placed before the wheat growers, will likely pay for itself in the long run. The plan is to reduce the acreage of wheat and to increase the yield per acre. This will result in a smaller total production of wheat, which will be sold at a higher price. The government will also provide subsidies to the wheat growers to help them cover their costs.

Many Favor Fall Sowing Of Grass
Many farmers favor sowing grass in the fall. This is because the grass will have a longer growing season and will be better established by the time the winter comes. The grass will also be able to withstand the winter weather better than if it were sown in the spring. This will result in a healthier and more productive pasture for the next year.

Control Of Dogs Would Stop Rabies
All outbreaks of rabies have their source in dogs. Therefore, the control of dogs is the key to the control of rabies. It is essential that all dogs be kept under control and that they be vaccinated against rabies. This will help to prevent the spread of the disease and protect the health of both humans and animals.

Feed Pallets Now - For Winter Eggs
It is necessary to feed poultry well in the fall to ensure that they will lay a good crop of eggs in the winter. One way to do this is to use feed pallets. These are made of straw or other material and are filled with feed. They are easy to use and help to keep the feed dry and fresh. This will help to keep the poultry healthy and productive.

Wanted The Farm
The farm is a place of beauty and peace, a place where one can find solace and refreshment. It is a place where one can enjoy the fruits of the earth and the beauty of nature. If you are looking for a place to live, a farm might be just what you need. There are many farms for sale in the area, and they are all beautiful and well-maintained. Contact us today to see one of our farms.

Many Ranges Connections Have Been Made In Connection With The New Telephone Company
The new telephone company has made many connections with the existing telephone companies. This will result in a more efficient and reliable telephone service for the area. The new company will also offer a variety of services, including long distance and party lines. This will make it easier for people to stay in touch with their loved ones and businesses.
