FORD V-8 WINS THE RACE!

At Elgin, Ill., last Saturday Fred Frame of California won the stock car race over the Elgin National Race Course with a Ford car, at an average speed of 80.22 miles for the 203 miles. Entered in this race was Dodge, Plymouth, Chevrolet and Ford. Second and third places were also won by Ford V-8's. Palmer, with a Chevrolet, went out of the race at the end of the first lap with a broken connecting rod. The fastest time over a straight-of-way in front of grand stand for a measured quarter mile was 100.4 miles made by Moore in a Ford V-8. (Quoted from Elgin, Ill. Courier-News.)

The above only goes to show that if you want the best in an automobile you will find it in the Ford V-8 car—famous for quality of material and workmanship. And DON'T FORGET that the eight-cylinder is the coming car of the country, and of all, the V-8, and of all V-8's, the Ford.

Don't let some fellow that you must knock other cars to sell his own tell you about the bad gasoline mileage you get with the Ford V-8, but come and let us prove to you by actual test that it will give you the best for the least. Bring in your old car and get our trade-in price.

REMEMBER—We have the best equipped shop in county, and we work on all makes of cars, and every job we turn out must be right, regardless of what it might cost us to make it so.

If you want a dependable Tire buy Good-year—we have them at right price.

HARPER'S GARAGE

Locallo

SOCIAL AND SOCIETY

THE STUFF THAT COUNTS

The test of a man is the fight he makes
The grit that he daily shows;
The way he stands on his feet and takes
Fate's numerous bumps and blows

A coward can smile when there's naught to fear,
When nothing his progress bars,
But it takes a man to stand up and cheer
While some other fellow stars.

It isn't the victory after all,
But the fight that a brother makes.
The man who drives against the wall,
Still stands erect and takes
The blows of fate with his head held high.
Bleeding, and bruised, and pale,
Is the man who will win in the end by,
For he isn't afraid to fail.

It's the bumps you get and the jobs you get,
And the shocks that your courage stands.
The hours of sorrow and vain regret,
The price that you exact your hands
That test your mettle and prove your worth.
It isn't the blows you deal.
But the blows you take on the chin
That shows if your stuff is real.

—Author Unknown.
