Watch The Ford V8

How it is growing in favor with the public? Why? There is a reason for it. The public has gotten closer and is getting a better view. With the better view they see the quality and are buying for quality instead of trading the old car at a high price for a car of less quality.

Could you know in detail the quality of the V-8 you would not be tempted by any other. Space forbids any attempt to describe its qualities here.

Come in and let us show you in detail, and prove to your satisfaction that there is nothing like it on the market today within five hundred dollars of its price.

Don't be influenced by a car for a few more dollars on the price of your old car, and then find you have made a mistake.

REMEMBER OUR SHOP When you want work of any kind, on any job, in automobile, plumbing, welding, and all other work with a glass, contain, or paint with quality work.

USED CARS—One 1931 Model A Coupe in fine condition.

One Essex four door sedan with only eleven thousand miles, and looks like new. One Buick sedan—cheap.
