There are some things we refuse to do to sell a car. We like sales, but fast-selling and the confidence of our customers are desirable too.

For one thing, we refuse to do to sell a car. We like sales, but fast-selling and the confidence of our customers are desirable too.

We know what our car is and what it will do. We are ready to let you know that, but to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buyers of motor cars by showing up purchasers how to protect their own interests. All that a good producer can do is a customer who knows quality when he sees it.
