

**Reduction Plan Benefits**  
**Small Tobacco Grower**

Growers of small quantities of leafy tobacco will receive practically the same price for their crop as growers of two-thirds of an acre or more. This is the result of a plan to reduce the cost of the crop by 20 percent. The plan is being carried out by the National Tobacco Growers' Association. It will benefit growers who produce less than 200 pounds of leafy tobacco each year.

**Plan Now To Make Your An—**  
**ELECTRIC HOME**  
 —While the Cost Is Very Low—

**Why** drudge your life away, why grow old and faded and careworn before your time, laboring at household jobs, when you can make Electricity do the hardest and most exhausting work for you at a cost of just a few cents a day?

Begin now to install in your home the electrical equipment that will relieve you of the worst drudgery and enable you to save your precious energy and health and give you a little leisure.

Prices for electrical equipment—the ranges, the water heater, the washer, the ironer, the dish washer, etc.—are the lowest today in the history of the industry.
