ONLY FORD

Gives You A V-8 Engine Under \$2,000

This car at its price is the wonder of the automobile world today. In performance it is the equal of the highest price cars.

BUY IT For The Following Reasons
BEAUTY - Its stream line body, together with the new chromium-plated radiator shell and grille, new hood and many other minor improvements, puts it in the front for beauty.

COMFORT - Its sensitive springs, mounted on new style shock absorbers, new style upholstery, clear vision ventilation and many other improvements on the interior make it as comfortable as cars costing three times its price.

ECONOMY - New dual carburetor and manifold makes consumption of gas and oil much less.

SAFETY - The all-steel body, made of the best material to be had, will give you greater protection in case of an accident than any other.

KNEE ACTION - Come into our show room and let us show you that the Ford car has the very essence of the principle of Knee Action, and in a way that makes it the safest to be had. Seeing is believing. Come to us now.

SEE OUR USED CARS
1929 Ford roadster; 1931 Model A Coupe and one 1929 Model A 1 1/2 Ton Truck, in fine condition.

Remember our shop for work second to none.
