ARE YOU
Making a profit
TAKING A LOSS--
OR JUST
BREAKING EVEN?
IT ALL DEPENDS ON WHAT AND HOW YOU ARE FEEDING

Will solve the problem if you are not getting more than enough eggs to pay feed bill.
At the present price of eggs Texas Blue Mash is worth twice its price. It will increase egg production to such an extent that you will turn a feeding loss or an even break into a handsome profit.

Start feeding Texas Blue today and make some Christmas money.

Distinctive in style!
Democratic in price!

No matter how much you spend for your clothes you won't find smarter or more up-to-date styles than those of the new Carlisle topsuits. But there's nothing "high hat" about the price. They're all made with the new, exclusive "Collarbug" construction that keeps the coat fitting snugly at the collar as long as you wear it.
