THE NEW ELECTRIC RANGE Designed for

by Kentucky Women . . .

than the most expensive electric ranges of a year or two ago. The Kentucky Cardinal was designed to fit the times. Kentucky

It has the automatic features Kentucky women want - Built-in Watchman thermostat for *direct* oven temperature control—speedy Ouick-Cook Units — and a most convenient, high, elevated oven which banishes back-breaking bending.

The convenient radio-type dial on the oven top permits oven temperature settings from 200° to 500° Fahrenheit, with easy, quick adstments as close as 5 degrees.

We urge you to come to our showroom — witness a demonstration of this modern electric range. Our low price, easy terms and our new "26 range-step" takes electric cookery out of the luxury class and subset in common cases high.

KENTUCKY UTILITIES COMPANY

A Kentucky Corporation . . . operated by Kentuckians to serve Kentuckians . . . oursed by 11,472 stockholders . . . 7,440 of whom now live in Kentucky.

F. J. HARDESTY, Manager
