We are often asked: "How Do You Make WHITE ROSE So Good?"

Our Answer
WHITE ROSE is good because of the following qualities:

PURITY: It is not bleached with chemicals to a chalky white deadness; the health-giving color of the wheat is retained, thus giving to White Rose a pure, rich millflower.

GOOD WHEAT: The soil of Nicholas, Bath, Fleming and Mason, because of limestone content, is well adapted to the raising of excellent milling wheat. Only wheat comes from this territory.

CLEANLINESS: We pride ourselves on the cleanliness of our mill processes and our equipment. Every precaution is maintained to uphold our high sanitary standard.

EXPERIENCE: Through years of experience we have learned the secret of proper wheat blending—a secret essential to the manufacture of fine flour.

And So We Say Again

FLOUR The Staff of Life

Some one said this morning, "You must have good wheat, fluffy biscuits to make your meal complete, and we guarantee you to have such biscuits if you use COLONIAL—America's Finest Flour. Every sack sold on a money-back guarantee."

Speaking of meals, we are here with the first that you ever used, made by the same people who manufacture Post-Loaves. Put up in 5, 10, 25 pound bags. Say, have you planted your potatoes yet? We have a fine lot of seed in the right.

Yes, we still have a fine lot of Onion Sets, Sweet Peas, Beans, Lettuce, Tomatoes, etc.
