There seems to be just three classes in society at present. those on relief, the middle class and the moneyed people, or aristocrats. Those on relief are provided for, the aristocrats can take care of themselves, it is the middle class who really suffer. Those in the middle class try to in sight, the prophets say not, so we are somewhat in a revolution of evolution and awaiting the outcome.

While we are awaiting the outcome there are classes all over our country, churches and Sunday schools, are extending to the people of this community, two here, two at Bethel, one at Grassy Lick, one at Bald Hill, those who can not attend, there are Bibles, both old & new upon which we are living. Read the prophecies and see what is to come. All is available if not an abundance of reading material. Let us all seek wisdom if nothing else, for that is free as Mr. Ford says.

"In only God can be had for the asking."

TIRED, NERVOUS, RUN-DOWN?
fight "colds" the vitamin way

Your health power shrinks in winter. You stay indoors more---get less exercise. Fresh air. The sunshine is sickly. As a result, you catch "colds" and you can't sleep, you feel off your feed.

Science tells us that "colds" and other winter illnesses are often the result of lack of vitamins A and D. A is your body's first line of defense against infection. D---the "sunshine" vitamin---builds body, bones and teeth.

Thanks to modern discoveries, you can obtain these two valuable vitamins throughout the winter. McKesson's has separated them from cod liver oil, and concentrated them in delicious chocolate-coated Tablets.

McKESSON'S VITAMIN CONCENTRATE TABLETS of Cod Liver Oil "colds" before they start, and give you the vitamins in one teaspoonful of Liver Oil. Control 10-11 Cod Liver Oil.

Take them yourself, and give them to your children. They contain calcium and phosphorus to help youngsters build sturdy bones and sound, even teeth. These tablets are a food, not a medicine.

Get them at your druggist's. A dollar bottle brings you 100 tablets. Children love their tempting taste. Protect your family from the danger of becoming "run-down" with McKesson's VITAMIN CONCENTRATE TABLETS.

OH, SAY, CAN YOU SING?

(Pathfinder)

Oh, say, can you sing from the start to the end,
What so proudly you place for when orchestras play it,
When the whole congregation, in voices that blend,
Strike up the right tune and then torture and slay it?
How valiant they shout, when they're first starting out;
But, the dawn's early light" flows them floundering about.
The Star-Spangled Banner" they're trying to sing.
But they don't know the words of the blessed old thing.
Huh, "the twilight's last gleaming" for some of them stopped,
But the valiant survivors press forward and revenge
To "the ramparts we watched," where some others are dropped,
And the loss of the leaders is nearly fatal.
Then "the rocket's red glare" gives the bravest a scare,
And these few left to face the "bombs bursting th air;"
Tis a thin line of heroes that manage to save
Their "flag still there, and "the home of the brave."

HELPFUL HINTS

When you want to cut marshmallows use a pair of scissors, which will not become "stuck up" or clogged into flour or water between cuts.

Potatoes will bake quicker, if they are allowed to stand a few minutes in very hot water after washing and before being put in the oven.

Boiled paying cards can be cleaned by rubbing with a soft cloth slightly moistened with camphor solution.

THE LORD TAKES CARE

(Georgetown News)

Our neighbors in Fayette county are shining brighter and brighter.

A Harrison Buford Alsop recovered the automobile on Main street Friday afternoon, Georgetown, at the corner where it had been abandoned. They say still was the car the lights were turned on.

NOT A LOSING GAME

(Springfield Sun)

We have heard a little criticism of the Agricultural Administration declare the loans to farmers threatening the Nation would bankrupt the country or words to that effect. We have passed through future generations for ages to come, but is this true?

What are the facts in the case? According to Government statistics, the AAA program, which started in 1933, more than ten million farmers have passed out to farmers, totaling $629,514,073, a staggering sum indeed, and one which
