Watch The Fords Go By

BETTER STILL BUY ONE And Go By With Them

When you have gone but a short distance you will realize you made no mistake, but bought the right.

We will match the 1935 Ford against any car in its class (and many above that class) on every equally, and come out winner in nine out of ten. This is a broad assertion, but we are here to prove it to your satisfaction if you will but allow us to.

Ask Ford dealers about the Gas and Oil Mileage they are getting, and by their answer be convinced that you can get no better on any car.

The design and body suspension of the new Ford car makes it ride easy and tick to the road on curves equal to most heavier cars, and its lighter weight makes it more economical as to gas.

REMEMBER - The just to yourself in buying a car, and let us show you the many advantages of the new Ford.

1932 V-8 Coach, like used cars.
1933 V-8 Coach, like used cars.
1934 Model A Ford Roadster, rumble seat.
1935 Ford 1-2 Ton Truck.
One Buick - like used cars.
