NAME OLD STORY

"This was the first dress of the kind made in a world. It was made in 1840 and it is still the same today."—Mrs. J. M. Veach, Carlisle, Ky.

Many copies of this dress have been made in the world. It is still the same today. It is still the same today. It is still the same today.

WARNING!

Don't let the School Tax Penalty catch you on March 1st. It will add very materially to the amount of the tax if you let the penalty accumulate and add the expense of advertisement and sale.

High School Doings

Moore Hills School

shows this week. The first of these was the singing of the national anthem by the students. This was followed by the reading of the Declaration of Independence. The school then proceeded to the singing of the school song. The principal, Mr. J. M. Moore, then addressed the assembly. He spoke of the progress of the school during the past year and of the plans for the future. He also spoke of the importance of education in the life of every citizen. The assembly closed with the singing of the Lord's Prayer and the benediction.

Delinquency and Its Prevention

By Mrs. Emma Hill Kincaid, Director of the Carlisle Branch of the Kentucky State Prison.

The purpose of this article is to point out the causes of delinquency and to suggest ways of preventing it. Delinquency is a social problem which has become increasingly serious in our country. It is a problem which affects the lives of millions of people and which is a source of great concern to the community as a whole.

Lesson for March 3

PETER UNKASIS PALESCOPO

PETER AND HIS BROTHERS

Matthew 13:1-23

And he taught them many things. And he said unto them, Hearken unto me, for I have said unto you that which ye shall not understand until the kingdom of God shall come upon you. Then will ye understand these things. And he said unto them, Have ye not five ears of wheat in a bush? And ye say, Yea. Then will ye not understand these things? And he said unto them, Have ye not ears of wheat in a bush? And ye say, Yea. Then will ye not understand these things? And he said unto them, Have ye not ears of wheat in a bush? And ye say, Yea. Then will ye not understand these things?

Springtime

is just around the corner

Young lambs are here, little pigs are due, and baby chicks will soon begin to chirp. Plan feeds in preparation and the spring seeding's to be done. Loosy roots to repair or renew, fences to build and a general spring cleaning on the farm and home.

Whatever You Find To Do We Are Here To Help You

Speaking of lambs, you know they ought to be fed to bring early top prices. We have made a study of feeds for sheep and lambs and believe we can furnish you the feed that will bring the most economical results. Our Tuxedo Fig Meal or that good Old Kentucky Mill Feed will take care of this. It will grow them from pigs to hogs in a very short time, and that's what you want. Get them on the market as quickly as possible.

Tuxedo Starting And Growing All Mash

is the real panacea for the most delicate object on the farm and for this reason the baby chicks are generally in the more tender care of the housewife, who, with the aid of Tuxedo's S & G Mash, nurses them through the critical period and grows them into true pound broilers in seven or eight weeks, with the very minimum of loss. This feed again prepares you for the early high market for Spring broilers.

Also A Full Line Of Other Tuxedo Feeds

Such as Tuxedo Egg Mash, that wonderful egg producer which we maintain, when properly fed, doesn't cost you a penny. Tuxedo Dairy Feeds, which are real milk manufacturers, and Tuxedo Chop, one of the best of all general stock feeds. We also have Armour's Big Crop Fertilizer, a High Quality Feed, with no adulteration and no YELLOW TAG, which is a symbol of 25 to 40 per cent of the very best grades of adulteration, including DDT, Sweepings, Weed Seeds, etc.

Armour's Special Plant Bed Fertilizer

We have just received our lot of Armour's Plant Bed Special. We have been handling this wonderful plant food for years and we know it will pay you to use it on your plant beds. It produces early, strong, healthy plants and will practically eliminate insects from your beds. This feature alone is worth the price of the fertilizer. We also have Armour's Big Crop Fertilizer, especially prepared for tobacco and corn culture in this section and we recommend it to you as the best complete fertilizer on the market. It is also excellent for gardens. Use Armour's and grow more per acre of fine quality.

Headquarters For Field Seeds

As usual we were in the market early and bought seeds which we cannot replace in quality or price today. As is well known, we handle only one grade of each kind of seed and that is the best. Our seeds are: Tobacco, Timothy, Blue Grass, Orchard Grass, Red Top, etc. Most of the seeds are higher in price today than they were a year ago. We have a complete stock of Clover, Red Top, Sweet, Alfalfa, Alkali and other seeds. We have a complete stock of Clover, Red Top, Sweet, Alfalfa, Alkali and other seeds. We have a complete stock of Clover, Red Top, Sweet, Alfalfa, Alkali and other seeds.

Lumber And Building Material Of All Kinds

During the depression building activities have been very light, even much needed repairs have been postponed. But times are better and there will be some spring demand for building material. We are prepared to furnish anything you may need in this line, as we carry a complete stock of Lumber, Sash, Doors, Skirting, Roofing of all kinds, Brick, Sand, Cement, Lime, etc. We can furnish material for the smallest repair job or a complete house and believe we can save you money on your requirements. As in our custom in all things we handle good quality, well manufactured lumber and would be glad to figure on any job you contemplate. If you need a new roof see our Beaver self spacing individual asphalt shingle or our alkali-resistant, clear glass shingles.

A Good Goal For Every Purpose

Spring is near and your coal bin may need replenishing. We believe we are handling the best coals the market affords—each coal as Great Heat, Blue Gem, Sunfire, Jellio Block, and if you want to get a line on something good for next winter's try one of these. Our coal is increasing all the time and there must be a reason—there is a reason—good coal, good service, full weight, reasonable prices.

Here's Wishing You A Successful Year

We congratulate the farmer upon the prospects of a better condition in his business, especially the outlook for more stable and profitable prices for live stock and tobacco. We are frank to say that the farmers with the "powers that be" has had some how been helped out all of us of a very depressing situation. We are frank to say that the farmers with the "powers that be" has had some how been helped out all of us of a very depressing situation.
