It's Feed Time Again

And We Have The Feed

SHEEP FEED

DAIRY FEED

HORSE FEED

POLTRY FEED

Beware of cheap feeds! Low prices on feeds positively indicate a high percentage of DUFFS and useless adulterants which consists of WHEAT, SWEETENERS, HULLS and like matter.

When you buy feed read the tag to learn the ingredients, and insist on a feed that not only is a balanced ration, but on that is ALL FEED.

We invite you to inspect our tags, and guarantee to sell only feed that has FOOD VALUE!

"Try a sack of 'Our Own Make' sheep and cow feed. Old Kentucky Mill Feed, Tuxedo Cereal feeds, Chop, and Egg Mash.

Physician-Pharmacist Patient

It is vitally important that you have a family physician to rely on at all times in illness. Of equal importance is the selection of a qualified pharmacist upon whom you can depend for accurate compounding of your physician's prescriptions. We solicit your prescription work and invite you to call on us when in need of any items that an up-to-date pharmacy may be expected to stock.
