IN LOVING MEMORY

Of Mr. Frank Snapp, who was called to his heavenly home Nov. 1, 1934. Just one year ago today since dear Dad went away. Dearest Dad, how we miss you. Left a broken-hearted. The hard, so hard to say. That forever you have parted. Oh! so sudden was the call when God snatched down and took you home. Dad, we miss you so much. Dear Dad, our hearts are broken to know Dad to go to see and place our arms around his neck, and a kiss upon his cheek. But we know that God knew best, and has took you to live with Him in perfect rest. A circle, a vacant chair, we seem to miss you everywhere. We miss your tender loving smile, we miss the hand that is folded as we gather at the table and watch each smiling face, our hearts are filled with sorrow to see Dad's vacant place. We may strive to hide our longing in many a tear, and pain, but we are thinking all in the time of Dad. He is laid to rest, his life is not dead, just gone before, but his memory lives forever more. Sadly missed by his family. 11*

PUBLIC SALE

RED CROSS REPORTS BUSY YEAR AIDING DISASTER VICTIMS

Tornadoes, Fires, Hurricanes, Floods, Epidemics, Make Record of Year

The American Red Cross assisted sufferers in major disasters throughout the United States during the year ending June 30, 1935, than through any similar period in the pease-time history of the organization, Admiral Cary T. Grayson, chairman, revealed recently in commenting on the annual report which has just been released.

"The 128 domestic disasters in which the Red Cross extended aid during the fiscal year exceeded by 56 per cent the average over the past few years," Admiral Grayson said. "Not only was the period heavy in the number of disasters, but the geographical distribution was wide, with 37 States and 353 counties affected.

"Through these disasters and times of community distress, the Red Cross assisted 110,000 persons," the Admiral disclosed.

Spectacular service was rendered in many disasters because of the unique nature of the problems and the far-flung public demand. The work of the National organization covered in the report carries stories of the Nueces-Corpus Christi hurricane; the tragic drama of the beautiful San Luis Valley of Colorado; the great fight over a wide front in the mid-west dust bowl against recurring disasters; floods, hurricanes, and tornadoes in many sections of the United States.

In addition to the disasters taking place within the continental limits of this country, Admiral Grayson pointed out that work had been made necessary by disasters in Hawaii, Puerto Rico, and the Philippines, where 26 disasters occurred during that archipelago. The American Society also assisted the Red Cross of two foreign countries in caring for victims of floods and earthquakes.

The variation of types of disasters called for expert council on matters relating to health and nutrition as well as epidimic prevention. Last year's work proved the value of the structure and facilities of the Red Cross disaster relief, the Admiral said, the very frequency of occurrence and the variety of types constituting a severe test of the organization chartered by Congress to handle this type of National relief.

Expenditures of the Red Cross for relief of persons stricken by disasters within the continental United States amounted to $464,413. In addition, $75,000 was sent to the Philippines to assist them in three major relief operations necessitated by typhoons. $5,000 went to victims of the Indian earthquake, and $1,500 to Poland for victims of severe floods. A number of smaller Europe emergencies called for sums totaling $2,500.

The months of February, March, April, May and June were heaviest for tornado disasters. Floods occurred throughout the year. Serious fires calling for Red Cross assistance took place during July and December. A devastating explosion took place in Tennessee during April. Most of the hurricane strikes in States along the east coast during the fall and early winter. All of this assistance to persons in distress." Admiral Grayson pointed out, "was made possible through generous contributions made by citizens in all sections of the country."

Most of this support of the disaster relief service comes from the annual Red Cross roll call each year from Armistice Day to Thanksgiving Day.

Fire Destroys Myers Home In Mt. Olivet

The fine two-story frame home of W. Clifton Myers, leading merchant of Mt. Olivet, Robertson county, was completely destroyed as was all its contents except the furnishings in two rooms. The loss, which was only partly covered with insurance, was estimated at $10,000.

Mrs. Myers was slightly burned on her face and left hand by the explosion.

STRINGTOWN

(Mrs. Margarette J. Brierly, Cor.)

Misses Ethel Botts, Louella Hudgeon and Effie Anderson were dinner guests of Mr and Mrs Norwood Auxier Thursday evening.

Hey Harry Owens spent Sunday and Sunday night with Mr and Mrs Howard Warner.

Mr and Mrs Herbert Shrout and children spent Sunday with Mr and Mrs J B Jacobs.

Mrs Fannie Collver continues about the same.

Eleanor Ellington has the flu.

NAILING OUR FLAG TO THE MASTHEAD

—is the largest single and continued factor we factors in the world, thousands of various Buick workmen have fought for ten years as perfecting four new series of phenomenal automobiles, and now they offer these to the public in full confidence that they dramatically testify the traditional Buick pledge: "If we better automobiles we built, Buick will build them."

ON DISPLAY AT ALL BUICK SHOWROOMS

BUICK SPECIAL $765 and up

BUICK CENTURY $1035 and up

BUICK ROADMASTER $1145 and up

BUICK LIMITED $1595 and up

ONE LOOK AT THESE PHENOMENAL FOUR AND YOU'LL SAY

"BUICK'S THE BUY!"

Two years ago Buick deliberately leveled its sights on 1936.

It coolly set its aim on bringing to market for that year a line of motor cars that would startle the world.

It purposed to do that, not by freak or superficial design, but by skimping quality to make a price, but by sheer merit as expressed in automobile beauty, value, ability.

It submits to you now the eminently satisfying results of that fruitful two years of concentrated endeavor.

Here are four separate series of sensational new Buick cars—cars called *phenomenal* by experts in the trade who previewed them.

Each is a feast to the eye schooled in mature modern styling, as you can see.

Each has under the smooth flowing planes and surfaces of its smart *exterior, the solid, touch, durable, beautifully engineered chassis* that underwrites Buick dependability.

And each offers you from the stepped-up power of its big thrifty valve-in-head eight-cylinder engine such safe, thrilling performance as you have never known.

These cars are big cars every one—built to almost lavish dimensions of body room and head clearance—yet they handle with the fingertip lightness of small cars.

They are literally breath-taking in power and speed and take-off, yet under their new tiptoe hydraulics and easy-steering knee-action they are almost as manageable as a telephone.

They are thewed and sinewed by that quality which springs from Buick's third of a century of manufacturing experience, advantaged by $14,500,000 worth of new tools, dies and factory re-equipment devised for these cars alone.

These things are so true and so obvious that everywhere you will soon hear the motor-wise saying, "BUICK'S THE BUY!"

VOLUME LXIX. ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, NOVEMBER 14, 1935 PUBLISHED WEEKLY NUMBER 46

THE CARLISLE MERCURY

MUSKETEERS FINISH MOST SUCCESSFUL SEASON IN HISTORY

Carlisle High Won Eight Games Without Loss During Season

DOWN WINCHESTER 48-0

(By John Parker Rose)

"HAIL TO THE MUSKETEERS"

For the first time in the football history of Carlisle, the 1935 edition of the Musketeers led by their peerless Coach, Maurice Chester Shearer, of Danville, Centre College and Carlisle, swept through their schedule without once tasting the bitter pill of defeat, when on their greatest season last Friday at Winchester by defeating a fighting band of Shearmen by the overwhelming count of 48 to 0. By the way this was the first time that a Carlisle team ever defeated a Winchester team at Winchester. At the beginning of the current season, Coach Shearer had dreams of turning out a good team, perhaps a great team, maybe one that would win all but one of its games and if good fortune smiled on us kind as to smile on the Big Green a few of the stripes of that an undefeated eleven. As the season progressed and the Musketeers continued to roll up victory after victory by trying to win the next one began to bill on the fans as well as the coach, they seemed to improve instead of fall off as some teams have done. The schedule was about the same as in former years, and Coach and the boys knew from the start that to win each and every game the team would have to give everything they had every game with no chance for a let down. Last Friday Coach and the boys realized, a dream that every coach has but few have fulfilled—Carlisle has possesses an undefeated football team.

About that game Friday. The Musketeers started off with a fuch when Green, on the early play of the game, slashed off right tackle for a forty-one yard run to the Winchester 3 yard line, but fumbled on the next play. Instead of taking the pep out of the team it seemed to add fuel to the flames and shortly after one Musketeer had the pigskin in his own right guard for five yards and the opening score. Green kicked for the extra point. The next touchdown was made on the second play of the second period, when after a penalty placed the ball on Winchester's one yard line, Green shot into the line for the score. Green again hit the line for the extra point. The third touchdown was as well an executed play as you would ever hope to see. Lawrence Bennett, a twenty-five yard pass to Smart who took the ball on Winchester's 13 yard stripe and headed goalward. Winchester's safety man was going to trip him up about the five yard line as he raced down the sidelines, but Caswell, dashing across the field of the game, cut that safety man down and Jake continued to the goal line for the touchdown. Green scored their next marker at the beginning of the second half without ever giving up the ball. After Lawrence, Green, Caswell had carried the ball to the Winchester 3 yard line, Kash Ratliff and family. Mrs Allen Bromagen. Mrs Annie Iiff Oct 21, a son. He has been named Ronald Wallace.

Mr and Mrs Hopkins and Mrs Hewitt Brown visited Mr and Mrs Kash Ratliff Sunday afternoon.

Clint McParland at Carlisle.

Lois Myers spent the week end with Bernice Bromagen.

Mrs Virgil Bromagen and two children spent Friday afternoon with Mrs Kash Ratliff.

Born—To Mr and Mrs Kash Ratliff, a son.

THANKSGIVING WEEK DONATION DRIVE FOR LOCAL HOSPITAL

All Citizens Of County Asked To Contribute Money Or Food To Institution

ANYTHING ACCEPTED

An intensive campaign for funds and supplies for the Johnson Memorial Hospital will be started on Thanksgiving Day and continue through Friday and Saturday of that week. In the past this annual donation day has been a means of support that has been invaluable to the hospital and this year the need is greater than ever. The campaign will be county-wide in its scope and it is hoped to interest every citizen in this hospital that is owned and operated by Nicholas county.

The closing of the hospital would be a tragedy. There is little doubt that many lives have been saved through emergency treatment at the hospital and this year the need is gradually broadening and more and more people are coming to rely upon it and to take advantage of its benefits. During the first six months of this year the hospital cared for 79 patients than during the entire year of 1934.

Like all small hospitals, the local institution is not self-supporting. If a hospital is forced to operate at a loss the rate for patients would be prohibitive. Since its inception it has never had to operate at a small group of citizens have aided in its maintenance by $10 per year donations. Because of the depression many who formerly contributed are now unable to do so and it becomes necessary more than ever to supplement the income of the hospital from other sources.

One of the great items of expense in the hospital budget is food. This item can be materially diminished by gifts by citizens of the county, of flour, sugar, lard, meats, fresh, dry or canned fruits and vegetables, poultry, eggs, meat, soup, or any non-perishable staple. The offering to be taken at the union Thanksgiving services will be donated to the hospital. There is not a family in Nicholas county which could not contribute something to the maintenance of this institution.

Leave your gifts at the following places: Hospital, Farmers Mercantile, Deerfield; R. B. Trimble, East Union; S. T. Cameron, Myers; Sam H. Ring, Sigrest; W. M. Hall, Blue Licks; W. T. Brabert, Ellisville; T. B. Taylor, Headquarters; Mattie Bothwell; Caswell Store; I. C. Taylor & Son and Earlywine and Hitchcock, Jeffersonville.

Help your hospital that it may help you.

20 Per Cent Drop In Relief

Survey Reveals Almost 10,000 Fewer Families On Relief Since May 1

Marked improvement of economic conditions in Kentucky is reflected in surveys released by George H. Goodman, Works Progress Administration director. Data compiled May 31, showed 90,585 families and a total of 134,-000 workers had been certified as eligible for employment on Works Progress Administration projects, for which means literally that 9,673 families and 18,035 individual workers have found employment in regular channels and are no longer dependent upon the Works Progress Administration for jobs.

As each project in the state starts the work anew, it will find the amazing fact that about twenty per cent of those now being drafted have found gainful employment in other fields, since May.

As of November 1, $15,334,943 worth of Works Progress projects had been approved for Kentucky by Washington officials. On the same date 1,014 projects were under way in the state with more than 75 additional daily since that time. Approximately 58,000 men were employed on the projects with a market daily increase in that figure.

Until November 1, the Works Progress Administration in Kentucky had spent $13,132,792 for materials and supplies with which to carry on projects. The bulk of this amount is spent with merchants and producers of the state. At the rate projects are now being started every material and equipment are being placed at the rate of $30,000 daily.

The above facts and figures, Mr. Goodman said, reflect a much healthier condition than prevailed three months ago. It was his opinion the improvement was normal and in no way seasonal and will continue gradually. Continued improvement is to be expected, Mr. Goodman said, as the administration's program for the construction of durable projects gets under way.

Drop Is Shown In Relief Rolls

In six months there has been a 20 per cent reduction in the number of Kentucky heads of families on the relief rolls, George H. Goodman, Kentucky Relief adm., Works Progress Administration director, announced following a checkup. The last census was taken as of May 1.

ARDERY IS WINNER

William R. Ardery, Democrat, of Paris, was elected circuit judge of the Fourteenth Judicial district over former Judge Thomas B. McGregor, Republican, of Frankfort, by more than 8,000 majority. Mr. Ardery is the present Commonwealth's Attorney in the district. A special election was called to fill the vacancy caused by the resignation of Judge H. Church Ford, who was appointed federal Judge.

Drys To Question Ballot Wording

Legal Technicality May Thwart The Will Of Half Million Voters Last Tuesday

Although almost half a million voters in Kentucky expressed themselves in favor of repealing the state's 16-year old prohibition amendment in last Tuesday's election a legal technicality may thwart the will of the electorate.

The legal technicality upon which dry leaders are hoping to throw out the election is found under section 265 of the state constitution, which declares that no amendment shall relate to more than one subject. The manner in which the question was submitted may invalidate the election.

Attorney General Bailey P. Wootton, in an opinion Monday, said the question was legal as prohibition was the only subject to which it related.

Serious Charge Against Teacher

Robert L. Harney Charged With Statutory Offense Against 15-Year-Old Pupil

Robert L. Harney, teacher in the Barefoot school, was arrested last Friday on a warrant sworn out by Mary Ann Morris, 15 years old, charging him with a statutory offense against her.

The girl was a former pupil in the school taught by Mr. Harney. She alleges the offense occurred at the home of Mr. Harney.

Mr. Harney is about 40 years old and is married. He denied the charge, and executed bond for his appearance at his examining trial, the date of which has not been set.

GENEROUS CLUBBING OFFERS BEING MADE BY THIS NEWSPAPER

Three $1.00 Magazines For Only One Dollar Added To Price Of Paper

MORE LIBERAL OFFERS

One of the most liberal magazine clubbing offers that The Mercury has ever been able to offer its readers is advertised on page 3 of this issue. Your attention is called to the unusual bargains offered in high class magazines for a fraction of their usual cost.

For instance, McCall's Magazine, Pictorial Review and Good Housekeeping, all of them standard magazines of national circulation, each selling for $1 a year, may be had with a year's subscription to The Mercury for only $1.75 in addition to the price of The Mercury. Or you may substitute for any of these Screen Book, True Story, Physical Culture, Modern Confessions, Better Homes & Gardens, and a dozen other magazines.

For 50 cents added to the price of The Mercury you can get Pathfinder, Capper's Farmer, Capper's Weekly, Progressive Farmer, American Poultry Journal, or your choice of three from fifteen other similar publications.

For 30 cents added to the price of The Mercury you get Progressive Farmer, Good Stories, Country Home and The Farm Journal. Or if you prefer, you can get Southern Agriculturalist, Country Home, The Farm Journal.

Turn to page three and read the display advertisement describing this offer in full. Check the offer you desire, fill in the coupon with your name and address and enclose the amount printed on the clubbing offer you select and your subscription will be forwarded promptly to the publishers. Your present or home town paper will come to you for a whole year.

The Mercury urges its readers to take advantage of this offer. It is unusual that it might be best to take advantage of it quickly, while the offer holds good.

Inauguration To Be Of Modest Nature

The inauguration of A. B. Chandler as governor of Kentucky and Keen Johnson as lieutenant-governor, at Frankfort on December 10th will be one of modest program, one that will be a "people's" inauguration and one in which ordinary clothes will prevail. This was agreed upon by the victors at their meeting in Lexington Wednesday while listening to early returns.

"This is going to be the people's inauguration," Governor-elect Chandler said. "There will not be any high hats or striped pants for us Keen and I have agreed on that."

Montgomery Man Given 21 Years For Slaying

James Shepherd was convicted in the Montgomery circuit court Tuesday on a charge of slaying his wife and was given a sentence of 21 years in the state reformatory.

Taking the stand in his own defense, Shepherd denied killing his wife and said he did not know who killed her. Andy Haywood, 12-year-old stepson of Shepherd, testified he saw Shepherd strike and kill his mother.

STATE OFFICERS ELECTED NOV. 5TH

CHANDLER MAJORITY IN NICHOLAS IS 895 COUNTY DRY BY 561

Three New Councilmen And Two New Members School Board Elected

CLARK IS EASY WINNER

Nicholas county gave Chandler a majority of 895 votes, official tabulation of the returns from the county, completed last Thursday night, showed. Chandler polled a total of 2,494 votes to 1,599 for King Swope, Republican. Mr. Chandler received more than 100 votes more than any of the other Democratic nominees. Swope also received more than 100 votes more than any of the other Republican nominees.

Chandler received just 100 less majority than that received by Governor LaFoon four years ago.

Floyd Clark, Democrat, carried the county over T. M. Worlidge, Republican for Representative by a majority of 884. He carried Robertson by 229 votes, making a total majority of 1,213.

Nicholas county voters registered an overwhelming majority against repeal, the vote being 1,701 against repeal and 1,140 in favor. The settlement in favor of old age pensions was more than four to one, the vote being 2,206 in favor of the pensions and 433 against.

The two members of the Nicholas county board of education running for reelection were defeated. L. H. Small and Hargis McClanahan being victorious over W. B. Gaunce and Fred Huffstetler. The vote stood: Small, 1,417; McClanahan, 1,223 Gaunce, 1,173; Huffstetler, 1,163. Mr. Gaunce has been a member of the county board of education for many years, being the senior member in point of service.

Carlisle voters reelected the three members of the council who stood for reelection, elected two others on the old ticket and the sixth member was moved out by 20 votes by the high candidate on the new ticket. Wyatt M. Duko was reelected Mayor. A. T. Gardner and Mrs. W. H. Frey were not candidates for reelection, and there was one vacancy, caused by the death of Stewart A. Dorsey. The council after the first of the year will be composed of Joe Scott, W. C. Talbert, Sam Caywood, reelected, and Mrs. Frank C. Henry, Ernest Piper and William Harper.

WIFE SLAYER CONVICTED

In circuit court at Louisville Tuesday, John R. Cobb, 35 was sentenced to life imprisonment when he entered a plea of guilty to slaying his wife, Mrs. Alice Cobb, 26, who died July 4 from sixteen ice pick stab wounds inflicted in June.

SPECIAL TAX TO BE REMOVED FROM TWO SCHOOL DISTRICTS

County Board Of Education To Determine Will Of Voters

RICHMOND AT MEETING

State Superintendent of Public Instruction James H. Richmond was here last Thursday and met with members of the Nicholas county board of education, the Carlisle city school board and a large number of patrons to attempt to effect a compromise on the tuition contention. Each board agreed to appoint a committee to work together to come to some agreement.

In order to maintain the two county high schools at Headquarters and East Union, the county board at the beginning of school this year employed transportation to take pupils to and from school who lived in a number who had been attending the Carlisle high school. A large number of these pupils continued to attend the rural high schools and the county board refused to pay tuition. The county board agreed to pay tuition for students in the local high school and the board has agreed to pay tuition for 79 of this number, Mrs. Eda S. Taylor, County Superintendent said.

Mrs. Taylor said the patrons of the Headquarters and East Union districts voted a 35 cent tax for the purpose of maintaining four year high schools and the budget for this year having already apportioned, teachers employed and transportation contracted for, with the exception of the other action could be taken this year.

The county board has agreed to take off the special tax in the Headquarters and East Union districts, but elections must be held to determine the will of the patrons of those districts. An election will be held at East Union, Saturday, with time and an election for the purpose will be held at Headquarters probably next spring, Mrs. Taylor said.

Acting upon the recommendation of Mr. Richmond, the city board has agreed to reduce the tuition fee from $100 to $75. This was taken by the county board Saturday because all of the members were not present, Mrs. Taylor said.

20 Cents Offered For Best Turkeys

Thanksgiving Birds Six Cents Higher Than Opening Price Last Year

Local produce dealers Wednesday were offering 20 cents per pound for the best turkeys that will be offered per pound more than offered for the Thanksgiving market last year. Turkeys are being purchased by young farmers weighing 16 pounds and over, old and old timer, Young Turkeys weighing less than 16 pounds are quoted at 18 cents. No 2 turkeys (culls) at 12 cents.

The turkey crop in Nicholas county is about one-third larger this year and many turkey raisers are holding their pouls in the hope of higher prices.

The turkey crop throughout the country is about one-third smaller than last year, but the quality is said to be much better.

Teacher Nomination Right Fixed By Court

When a sub-district school trustee fails to make his nomination for teacher to positions within the statutory period, ending April 1, and thereafter undertakes to do so the County School Superintendent, after April 1, makes a recommendation, the latter is the only nomination" before the school board, the court of appeals ruled Friday.

The opinion, construing a section of the new school code, reversed the Jessamine circuit court in the suit of Paris Swinford against Ben Rockafield, the trustee failed to nominate a teacher within the time limit, the superintendent nominated him and the trustee then nominated Chasteen.

GIRL SEES MOTHER KILLED

Mrs. Oakie Brown 47, was killed by a freight train near London Tuesday as she walked on the railroad tracks to meet her 17-year-old daughter, Lucille. The girl was only a short distance away when the train struck her mother and witnessed the accident. Mrs. Brown's husband was burned to death in a truck accident five months ago.

CHANDLER ELECTED GOVERNOR BY HUGE MAJORITY OF 94,283

Johnson Given Majority Of 107,356; All Other Democrats Win

106,420 FAVOR REPEAL

Final returns from all counties completed Tuesday gave A. B. Chandler a total of 358,644 votes against 461,361 for King Swope, his Republican opponent, making a majority of 94,282 for Chandler. The total vote cast in the governor's race was 1,017,005.

The final figures in the Lieutenant Governor's race showed Keen Johnson, Democrat, 515,694, and J. J. Kavanagh, Republican, 408,338. Johnson received fewer votes than did Chandler, but Kavanagh received 70,000 less than the head of his ticket, so that Johnson piled up a majority of 107,365, or a little more than that given Chandler. All other candidates for the state-wide offices were led by larger majorities than compared well with those given Chandler.

Final returns from the Third Railroad district showed J. N. Kennard, Democrat, was elected over Ben Smith, Republican. Stanfill had led throughout the contest and returns from Floyd county came in to put Kennard in the lead. The total vote was Kennard 108,025; Stanfill 106,511.

The final vote on the repeal referendum showed 423,061 for repeal and 312,641 against, a majority of 106,-420. The vote on old age pensions was 10 to 1 in favor.

In winning election as Governor of Kentucky by the greatest majority since Reconstruction days, Lieut. Gov. A. B. "Happy" Chandler carried every Congressional district except the Ninth, a traditional Republican stronghold.

Even the most enthusiastic of Mr. Chandler's supporters did not forecast such a tremendous majority. Not only was Chandler elected by the greatest majority accorded a Governor in time quarters of a century, but he received the largest vote ever cast for governor. Judge King Swope, his opponent, has received the largest vote ever cast for a defeated county people. Although defeated by almost 100,000 votes, Judge Swope received a majority in Kentucky when old Governor LaFoon when he was elected four years ago by a majority of 76,000. The majority of Governor LaFoon had broken all previous records.

Although their majorities were not so large, the remainder of the Democratic state ticket all had majorities of more than 50,000.

In winning the race for Governor, Chandler established many precedents. He is the first Governor to succeed a member of his own party in forty years. He is one of the youngest men ever elected governor in Kentucky, although five years older than Governor Beckham was when he was inaugurated in the age of 22 years.

Chandler is the only Governor who has ever been elected in Kentucky to win. He made more than 600 campaigns and the general election campaign, which probably establishes a record that will stand indefinite.

Kentuckians also voted overwhelmingly to repeal the prohibition amendment. Although the rural sections voted in favor of retaining the present amendment, the vote in the larger centers of population favored repeal by a good, big majority. The 6 counties voted against repeal, although the vote in each of the nine districts were for repeal. Only the First and Eighth districts voted dry. The strongest sentiment for repeal was in Louisville and Jefferson county, which gave repeal a margin of seven to one. Kenton and Campbell counties voted for repeal four to one and Lexington and Fayette two to one.

Dog Eats Toe Of Owner When It Is Chopped Off

(Cynthiana Log Cabin)

A dog eating human flesh is the news, but neither because it bit its master nor because it was bitten by its master is the story unusual. A reliable authority tells it, seems to have been intended, that the dog ate its master's toe.

Relating the incident: James Ritchie, resident of the Morning Glory community, was out in the chopper's toes was cut off. When Mr. Ritchie missed the toe the dog was said to be licking its chops and as the severed pedal extremity was not to be found high nor low, it was a natural assumption that the canine had benefited by the ill fortune of its master. Besides the loss of one toe another was badly cut and Mr. Ritchie was brought to Cynthiana for medical attention.
