Oil Meal Produces Faster, More Economical Gains, Experts Say

By Prof. Ross, Ball, Associate Chief of the Meat Canners' Commission at the University of Kentucky, Lexington, Ky.

After the returned captive had called death in the town surrounding Jerusalem, the people were not to be comforted by the words of the Lord. This was the message of the prophet and Zechariah the prophet. In view of the fact that the message of the prophet was to be comforted by the words of the Lord, it is not surprising that the people would take a long time to be comforted by the words of the Lord.
