Carlisle Retains Clean Record In Fourth Win

(Continued from Page One)

For the next three years Stanford, sporting Buster Prichett, Moco Noe and Hubie Anderson were victorious over the Carlisle representatives, but the pendulum swung back and under the able leadership of Henry Clark and Co. in 1927 and 28 when Carlisle won by scores of 27 to 0 and 14 to 0. The Musketeers continued for the next two years to hold the edge over the Blue team but in 31 and 32 Stanford again showed their mettle to the Carlisle eleven, while the Gaudy Gaudies and Berry cradled up marchers for Stanford. In 33 Carlisle won but in 34 Stanford turned the gables and took a close one 13 to 0. In 1935—?

Both school's have had great teams in those days, and we know that the spirit of Red Hester, Bus Prichett, Moco Noe, Hubbie Anderson and the Gaudy Gaudies will be present when we go to endeavor to gain the balance of power that they have enjoyed, so let's fought for, and we wonder if the team of 1935, the Musketeers if you please, when they take the field on Friday October 18th, will vindicate their former Carlisle heroes that have fought before them. Smith, Froback, Clark, Payne, Barnett, Cook both of A. and Red, and Goffin brothers, Bull Durham, Lefty Kerns, Pete Lefford and numerous others that could and should be placed on that roll of honor, and will the Musketeer team of today get out there on the knees as teams of yore have done. and ask their Maker to give them the spirit and the faith that the teams of the past have possessed, that they too might in the future be rated along with the teams of 23 and 28 as teams to conjure with, and the records of the Stanford Carlisle conflicts after Friday, show that the teams of 23, 28 and 35 be the outstanding teams of the Musketeer history.

Trustees Must Pick Teachers, Is Decision

Under the 1934 school code, the sole authority to make nominations for school teachers is vested with the trustees elected in conformance with the code. Court of appeals ruled here Friday in affirming judgment of Morgan circuit court in the appeal of the Morgan county board of education from a circuit court order holding that Curtis Elliott was entitled to the position of teacher in Substrict No. 27 in Morgan county.

Elliott filed suit in Morgan circuit court after the school board refused to give the teaching position to another applicant. Court was shown at the trial that Elliott was recommended for the position by the trustee elected under the 1934 code, while his rival for the office was recommended by a trustee elected under the old school law.

Ford V-8 Streamlining Steps Ahead

THE IMPROVED streamlining of the front end of the Ford V-8 for 1936 is well illustrated by this camera shot. Note the horn set into the fender apron behind a chromium grille and the way the graceful contour of the fender is carried to the edge of the new radiator grille. A glimpse of the new hood louvres is caught behind the headlamp. The V-8 insignia on the prow of the car is of new design.

A VOTE FOR REPEAL
Will Serve A Three-fold Purpose

1—It repeals statewide prohibition and clears the way for constructive action in regulating the liquor traffic.

2—It restores the right of each local community to determine for itself whether intoxicating liquor shall be sold therein.

3—It removes the present barrier to effective control and regulation of the liquor traffic in localities preferring regulation to prohibition.

Negro Slashes Throat Of "Turkey" Mitchell In Paris

John "Turkey" Mitchell, formerly of Carlisle narrowly escaped death when his throat was slashed from ear to ear in Paris about 10:30 last week. Robert Johnson, one of Paris' colored negro, was arrested and charged with the offense.

The wounded man, after his throat was cut, was able to drag himself to the home of Mrs. Mary Mastin, where Dr. C. O. Daugherty, Paris physician, was called. The fact that Dr. Daugherty was present probably saved the life of Mitchell, as he would have bled to death in a few minutes. He was given treatment and taken to the Mason hospital. He will probably recover.

When arrested Johnson had in his possesion a razor which is alleged to have been the weapon. He denied the charge, but Mitchell identified him as his attacker.

Johnson lost his arm a few months ago when his car was shot as he attempted to enter the home of another negro in Paris.

He was kept in jail until bond for same was given over and was then released without trial and was greatly humiliated, mortified and disgraced and was caused great mental suffering and anxiety and disgrace, and that he has been damaged by said arrest and imprisonment in the sum of $3,000."

Applications are now ready at the county agent's office for any wheat grower in the county who desires to sign a production control contract for the period 1936-39. Signers will be given an opportunity to vote and draw any year. County Agent Matson said he believes most of the present contract signers will sign since they will be required to reduce their wheat acreage in 1936 below normal thrivest. The average farmer in Nicholas county can afford to sign a contract, Mr. Matson said, since wheat is principally grown on corn and tobacco land, which is also reduced.
