Musketeers' Remain At Top Defeating Stanford

(By John Parrish Time)

Displaying power drives through the line, slashing off tackle plays, speedy dashes around the ends, interspersed with a smattering of the overhead attack, the Musketeers kept their slate clean and remained at the top of the C. K. C. heap at the expense of a hapless but fighting eleven from Stanford, nicknamed the "Wildcats," here last Friday afternoon to the tune of 6 to 0. This score was the largest ever chalked up in a Carlisle-Stanford encounter in their 13 years of rivalry. The Musketeers were slow in getting started, as they have been on several occasions this season, only making one touchdown in the opening quarter, but from then on it was only a question of how many points the Big Green would roll up. Early in the opening quarter Stanford made their first threat to score, gaining possession of the ball on a fumble on the Carlisle 15 yard line, but after a thrust at end and three passes that incomplete that threat was averted. Again at the end of the same quarter Stanford completed their only pass of the day, but what a pass it was, for 34 yards to place the ball on the Musketeer 11 yard line, but again the Wildcats were unsuccessful, the ball going to Carlisle on their own 3-yard stripe. Taking a chance on Stanford's second unsuccessful attempt to score the Musketeers had chalked up their opening marker on a successful drive of 61 yards down the field culminating in a 17 yard dash off right tackle by Green for the score. Smart hit the line for the extra point. Carlisle's second score was made early in the second quarter when Caswell intercepted a Stanford pass and ran 17 yards to place the ball on the Stanford 27 yard line, and six plays later ex-Captain Lawrence hit the center of the Stanford forward wall for the score. Smart again hit the line for the extra point. At this point Stanford showed some of their fight, for after receiving the kickoff they made two successive first downs before they were forced to punt to the Carlisle 10 yard line. On the first play after the punt Green behind wonderful interference, hit the center of the Visitor's line and raced 90 yards for a score. Smart hit the line for the extra point. This run seemed to take something out of the Stanford team, for in the third quarter Carlisle scored four touchdowns. On the second play after Stanford had punted to the Carlisle 29 yard stripe, Green circled his own right end on a lateral, picked up his own interference and ran 63 yards to score. Smart hit the line for the extra point. Stanford received the next kickoff but was unable to make the required yardage and called a punt, but that punt didn't get in the air, for Big Ed Parsons saw fit to place his chin in front of the ball as it left the kickers toe and it was Carlisle's ball on the 30 yard stripe. On the second play from scrimmage, Smart heaved a pass to Armstrong who, with Carmill blocking, toted the ribbon over on a thirty yard jaunt for a score. Smart again goes through center for the extra point. At this point in the game Coach Shearer sent in a flock of substitutes but that did not stem the rapidly rising scoring line for three plays after the kickoff Green galloped 56 yards off tackle for another score, and he hit the line for the extra point. Green was replaced by Hord Armstrong at this point. Stanford received the next kickoff and braved another line plunge, but as formerly it was Caswell of the Musketeers that intercepted the pass on his own 20 yard line. On the next play Smart, with four Green jerseys around him blocking for him led by Caswell, raced 80 yards for another score and "Red" hit the line for the extra point. That was all for Smart, for Coach Shearer sent him at that point. Bill Stanford had the sad fate, for they stepped up a driving attack of 62 yards that culminated in their score when J. Berry hit the line 3 yards for the marker. They failed on the extra point. The second team, not to be outdone by their larger and more experienced first eleven, then started a drive to get that Stanford score back, and after Red had punted to the Stanford 37 yard line Stanford fumbled and Armstrong recovered for the Musketeers. On the second play the brother act clicked when Red passed to Army for a first down on the Stanford 26 and two plays later Red passed 15 yards to Cartmill, who ran the remaining 5 yards for the score. Bishop failed on the extra point. With thirty seconds left to play Stanford opened up a forward passing attack in an effort to score again but the pass landed in Hopkins' hands and by fast footwork he reeled off 60 yards for the score. Red hit center for the extra point. Carlisle gained 623 yards during the game, but made only 5 first downs to Stanford's 7. The Musketeer line worked as a unit, opening up great holes for the backs to drive through and then cutting down the secondary for the ball carrier. The backs drove harder, and blocked better than they have at any time this season. There was no outstanding star on the Musketeer team, for it was a team, but J. Berry was by far the best man for Stanford.

Lineup		
Carlisle (42)		Stanford (6)
Caswell	LE	Bourne
Parsons	LT	Traylor
Blound	LG	Harris
Cartmill	C	R. Berry
Cruise	RG	Hester
Galbraith	RT	Goggin
Armstrong	RE	Goode
Lawrence (co-C)	Q	Rochester
Smart	LH	Carter
Bishop	RH	Crawford
Green	FB	J. Berry

Subs: Carlisle, Blake, Bost, Shrout, Cassidy, Red Armstrong. Hopkins, Vez, Beaty and Taylor. Referee, Shively (Ill.); Umpire, Grant (Auburn); Headlinesman, Hansen (St. Johns).

Friday October 25 the Musketeers will go to Cynthiana to play the Bulldogs of Cynthiana High. This will be the 16th meeting of the representatives of the two schools. Only in 1931 have the Musketeers and the Bulldogs failed to meet on the gridiron since 1919. At that time the association and feeling between the schools and the teams has been of the highest type, and although Cynthiana has succeeded in defeating the Musketeers but three times in those many years they always prove a worthy opponent, and often times almost a stumbling block. Heavy Vote For Chandler In Mountains Says Black

Former Governor James D. Black Barbourville, who had charge of the pre-primary campaigns of Thomas R. Rhea in Knox county, predicted a heavy vote for Albert B. "Happy" Chandler, the Democratic nominee for governor, and the entire state ticket in the mountains of southeastern Kentucky.

The former governor, past grand commander of the Grand Lodge of Masons, was a caller at stagg=campaign headquarters between sessions of the grand lodge in Louisville during the week.

"I don't know of a Rhea supporter in my section of the state who will not support Mr. Chandler and the entire ticket," Governor Black said, "and in addition to the Democrats the ticket will get a large number of Republican votes. The people of the mountains have an abiding faith in President Roosevelt, and they will show that faith by supporting the Democratic ticket in this year's state election.

"I think it would be a calamity for Mr. Chandler to be defeated through overzeaing and we hope a big crowd will see fit to follow the Big Green to the Harrison county capital Friday.

Prof. J. Abadie, of Bordeaux, believes epilepsy is due entirely to brain injuries received through bumps during childhood.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious coughs, chest colds and hang over conditions respond to the action of Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes and expel the phlegm it loosens and congests. Tell your druggist to sell you Creomulsion with the understanding you are to like the way it quickly allays the cough or you are to have your money back. Don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. A VOTE FOR REPEAL
Will Serve A Three-fold Purpose

1---It repeals statewide prohibition and clears the way for constructive action in regulating the liquor traffic.

2---It restores the right of each local community to determine for itself whether intoxicating liquor shall be sold therein.

3---It removes the present barrier to effective control and regulation of the liquor traffic in localities preferring regulation to prohibition.

Nearly One-half Of Kentucky's 120 Counties Are Not Self-Sustaining! Kentucky Needs The Revenue Derived From Legitimate Distilling And Allied Industries!

Operating under an Emergency Act, this is what the industry has meant to the state of Kentucky during the past year:

Invested Capital	$ 63,215,023	Taxes---Fed. and State	$ 26,000,000
Annual Payroll	4,825,806	Cooperage	4,544,056
People Employed	28,863	Freight	1,253,995
Grain Purchased	11,027,688	Bottles	2,202,278
New Construction	4,574,191	Labels	1,455,272
Machinery	1,486,887	Coal	420,096

VOTE "YES" TO REPEAL PROHIBITION!
Intelligent, Fair and Just Laws Can Be Enforced!

KY. REPEAL AND REGULATION LEAGUE
666 Francis Building - Louisville, Kentucky

INSTRUCTIONS TO DRY VOTERS
DRYS VOTE NO!

On the right-hand side of the ballot you will find the following:

CONSTITUTIONAL AMENDMENT No. 1
Constitutional Amendment to Repeal Prohibition and to Provide for Local Option

Are you in favor of repeal of the amendment to the Constitution of Kentucky which prohibits the manufacture, sale or transportation of intoxicating liquors, except for sacramental, medicinal, scientific or mechanical purposes, and the re-enactment and re-adoption of Section 61 of said Constitution which requires the General Assembly, by general law, to provide a means whereby the sense of the people of any county, city, town, district or precinct may be taken as to whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned therein or the sale thereof regulated.	Yes ☐ No ☒

Operating under an Emergency Act, this is what the industry has meant to the State of Kentucky during the last year.

1. Increased Drinking, especially among young people and women. Drinking among women has increased 50%. This is aim of industry. Some slogans by liquor convention in Chicago last March:
"Make Youth Liquor Conscious," "Make It Smart To Drink Wine," Teach American Women How To Drink, Invite Them To Your Bars And Taprooms."
2. Increased drunken drivers, driving while drunk increased, Philadelphia, 300 %, Los Angeles 479%, Cincinnati 380%.
3. Increase death from auto wrecks, 77% in U. S. (Division Vital Statistics)
4. Increase in crime, our own jail is full. Augusta, Kentucky is putting on more police force.
5. Increase in number of saloons and taverns. Taverns and roadhouses are worse than saloons.
6. Increased patients of Keeley institutes 55%.

WHAT INDUSTRY HAS NOT DONE

1. Has Not Solved Unemployment
Unemployment has increased one-third since repeal (U. S. Dept. of Labor.)
30,000 employed! For every one employed by liquor industry one has lost job in milk, soft drink and other industries.
2. Has Not Stopped Bootlegging
"As concerns liquor the U. S. is living in a fool's paradise. We know that the bootleg trade is still with us. We are consuming a quantity of bootleg which may be more than before repeal." (Joseph H. Choate, Director of Federal Alcohol Admins.)
3. Enormous Revenue
Bureau of Internal Revenue shows that less than one-third of the amount promised in 1934, was collected in taxes. The amount has now dwindled to less than one-fifth.

---NICHOLAS COUNTY DRY COMMITTEE.

Plans Announced For Vote On Corn-Hog Program

Corn and hog farmers, including those living in Kentucky, will vote on October 26 whether they desire a continuance of the corn-hog adjustment program after this year. The present corn-hog adjustment contract expires November 30.

It is estimated that Kentucky farmers who signed corn-hog adjustment contracts will receive this year benefit payments totaling $3,017,000. This is divided into $1,847,000 in corn payments and $1,170,000 in hog payments. A total of 36,500 corn-hog contracts were signed in the state. The base corn acreage was 807,000 acres and the base hog production 780,000 head.

"Unless the results of a referendum indicate a strong desire for continuing cooperative control of corn-hog production, no adjustment program will be offered," says an announcement from Washington.

All operators and owners of farms which produced corn or hogs this year may vote, whether they signed in 1934 or 1935 corn-hog contracts or not. The polls will be open in each county at 8 a. m., Saturday, October 26. Persons who cannot vote in person may mail their ballots so they will reach the poll places on October 26.

700 4-H Calves For Louisville Stock Show

Seven hundred calves are being finished by 4-H club members in 31 counties for the 14th annual fat cattle show to be held at the Bourbon Stock Yards in Louisville Nov. 13-15.

Cash prizes totaling $3,800 will be divided among the club boys and girls. Rings include carloads, single calves, five and 10 head from counties having less than carloads, member production, record books and several rings for Utopia club members.

Owners of the best Angus, Hereford and Shorthorn calves will preserve him to the National 4-H Club Congress and International Live Stock Exposition in Chicago. Intelligence by the breed associations. The calves will be sold following the show.

Winter county club members are preparing 71 head for the show and Garrard county has 60 head. Other counties will show calves as follows: Allen, 27; Barren, 12; Bullitt, 15; Caldwell, 27; Clinton, 25; Crittenden, 22; Fayette, 35; Grayson, 38; Hancock 22; Harrison 35; Hart, 27; Henderson, 11; Henry 9; Jefferson, 8; Jessamine, 4; Larue, 20; Lincoln, 16; Marion, 45; Montgomery, 22; Nelson, 19; Nicholas, 15; Owen, 18; Pulaski, 43; Russell, 5; Shelby, 21; Union, 30; Warren, 16; Washington, 22; and Woodford 7.

College Explains Features Of New Tobacco Contract

Features of the proposed new tobacco adjustment contract are explained by the University of Kentucky College of Agriculture as follows:

The contract will be for the years 1936, 1937, 1938 and 1939. It may be cancelled, however, by individual growers at the end of any year, and may be suspended or cancelled by the secretary of agriculture.

In the majority of cases the base will be the same as in the present contract, with provisions for the elimination of inequalities now existing.

The secretary of agriculture will prescribe the allotment each year, which may not be less than 50 per cent of the base for burley and 60 per cent for dark tobacco. Payments will be made at the close of the marketing season. This payment

There will be one payment, which may vary from year to year, according to the difference between the market price and parity price of tobacco.

The number of tenants and sharecroppers on a farm and the percentage of the tobacco acreage grown by them may not be less than in 1935.

The total acreage of cash crops on a farm may not be increased. Shifts in acreages of various crops may be made, but the total cannot be increased.
