When You Are Offered

Yellow Tag Feed

Read the tag before you buy

You will find something like this:

"Floor sweepings, screenings, refuse, elevator dust, chaff, weed seeds, top soil, etc. This is a cheap analysis is taken from a bag of feed in stock, but we do not offer it to our customers in order to make a low price."

Then if you are offered what sounds like a low price, add this percentage to the price and this will be the cost of the actual feed in stock.

You will find that it is the highest priced feed you can buy and that the state law warns you of its inferiority by the appearance of the yellow tag.

We can sell you yellow tag feed at the very lowest price. See the above analysis is taken from a bag of feed in stock, but we do not offer it to our customers in order to make a low price.

We would rather sell you something better, cheaper.

Classified Ad Cost Little But They Always Get Results

Who would say that such little ads are more costly and just as easily ignored from the pursuit of their ends? Grand, but shall we ignore the deeper and more-reaching effects of modest ads? Music is the educator of the soul. What more potent influence could be exercised over the mind of a child than that of the mother's voice? The mother's voice is the best of all. It is the best of all. It is the best of all. It is the best of all.

DRENE
