FEED TALK No. 3

Read The Tag Before You Buy

The Kentucky Feed Law was enacted for the benefit and protection of Kentucky feeders.

The law requires all commercial feeds to carry a tag designating the kind of feed in the bag.

A White Tag, printed in black letters, indicates a feed made of one grain or plant, such as wheat, corn, oats, cottonseed meat meal, alfalfa meal, etc., and is commonly known as a straight feed.

A White Tag, printed in red, designates a mixture of two or more of the above feeds or grains, such as corn and wheat with cottonseed meal, and is usually known as a straight mixed feed.

A Yellow Tag, printed in black letters, indicates that the feed contains one or more materials of little or no feeding value, such as Weed Seeds, Hulls, Chaff, Flour Sweepings, Refuse, Sand, Dirt, etc., the names of such materials being printed in bold face type. Such feeds are commonly known as Adulterated or Yellow Tag Feeds.

The Feeding Law, through its provisions, gives the purchaser sufficient information, if he will avail himself of it, to enable him to judge the character of the feed he is purchasing and to protect himself against those of little value.

Vinson, Chapman Watching Tobacco Growers Interests

Congressman Virgil Chapman and Fred M. Vinson stated that they intended to protect the tobacco interests of their state when the farm bill is taken up by the House within the next day or two.

Mr. Vinson said there are two important features which will claim his attention. "As we are to report out a tax bill of large proportions, I am determined that tobacco shall be properly protected," he said.

Mr. Chapman, it was learned, is equally as vigilant and will lose no opportunity to see that the tobacco interests are protected.

2,998 Stockholders Are Sued By Bank Receiver

A. M. Anderson, receiver for the National Bank of Kentucky, which failed, sued 2,998 Kentucky stockholders of the Banco Kentucky Corporation and prepared to sue 3,000 more in other states. The receiver was trying to collect a judgment of $3,771,464 which the bank has obtained against Banco, but which Banco has no funds to pay.

The suit is believed one of the first in the country to collect from shareholders of a holding company losses assessed against the stock of a bank subsidiary of the holding company.

An Underpriced Car

To get all the expensive mechanical features that you enjoy when you own a FORD V-8 you would have to combine 6 or 7 of the best cars built. In no car under $1,645 do you get a V-8 engine; in no car under $1,995 do you get the Ford low center of gravity, passengers riding lower than in any car selling under $1,995. Ford braking surface per pound of car weight is greater than in any car under $3,195.

Then you have the centerpoise ride, passengers being cradled between springs; you have free action on all 4 wheels, with tilt and side-sway reduced to the minimum. Your car weight is on the housing, not on the axle shaft. All of these are features found in no car under $1,275, except FORD.

Before you choose any new car, learn what these features mean. We will be glad to explain and demonstrate why the FORD is the most UNDERPRICED car in America.

THE BOSS ON MY NEIGHBOR'S VINE

(Anonymous)

The roses on my neighbor's vine
Are grown by him but they are also mine
His was the cost and his the labor too
But mine as well as his, their loveliness to view.

They grow for me and are for me as fair
As for the man who gave them all his care
So, I am rich, because a good man grew
A rose-clad vine for all his neighbor's view.

I learned from this that others work for me
And what they have, my own may also be
So, why be selfish when so much there is
That's free

Is grown for you on your neighbor's vine
And mine.

Mr. Herman Crump, 47 years old, of Louisville, native of Nicholas county, died Thursday at a hospital in Louisville following a short illness. The body was brought to the undertaking establishment of Mathers, Potts & Company in Carlisle Saturday morning.

Mr. Crump was the son of the late Mr. and Mrs. Frank Crump, of the Flora section. He is survived by four brothers, Thomas Crump, Louisville, William Crump, Lexington, Parker and Sherman Crump, a twin brother, Nicholas county, and one sister, Mrs. Ida Ashley, of Covington.

Funeral services were held Sunday afternoon at the Christ Church cathedral, with Rev. J. J. Whitehouse officiating. Burial followed in the family lot in the Carlisle cemetery, with services at the grave conducted by Bardstown Lodge No. 65, F. & A. M., of which he was a member.

CROUCH

Mrs. Ida Lillard Crouch, 67 years old, died at 3 o'clock Monday morning at the home of her son, Little Hock after suffering a stroke of paralysis Friday. Mrs. Crouch was the daughter of the late Dave and Betty Sharp Banta, of Nicholas county, and had spent most of her life in the Little Rock section.

She is survived by her husband, E. F. Crouch, Little Rock, and the following children by a former marriage: Mrs. Everett Crouch, Shariburg; Mrs. Ben Crouch, Cynthiana; Mrs. Earl Mitchell, Cincinnati; Mrs. James Wyatt, Mt. Sterling, and Mr. Ruben Clinkenbeard, Nicholas county; three brothers, Dr. J. D. Banta, Lexington, John Banta, Carlisle. He is survived by his Pendleton county.

Funeral services were held at the grave in the Sharpsburg cemetery Tuesday afternoon with Rev. Tipton Carroll, pastor of the Little Rock Christian church, officiating.

Practically all of the tobacco markets of the state are closed. The Lexington market will remain indefinitely.

A Buick sedan belonging to Lone Martin was stolen from in front of the store on North street one night the past week. The car, wrecked, was found abandoned on the road between Cynthiana and Falmouth.

A force of carpenters and painters has been at work for the past two weeks preparing the store room of Mrs. W. B. Ratliff, formerly occupied by Sam T. Howe, and the Kroger will for several days at the new location within the next ten days.

The home improvement program inaugurated by the Future Farmers Organization of the Carlisle high school is progressing nicely and much interest is being shown in the project by the members of the organization. This project is to be one of the most interesting as well as the most profitable projects ever undertaken by the Future Farmers.

William Stone, farmer residing on the farm of James Gaunce in the Myers section, was brought to the Johnson Memorial hospital late last Wednesday afternoon in an unconscious condition resulting from a fall at his home. Mr. Stone was found in the yard at his home by his son. He has been a sufferer from high blood pressure, and is believed to have become dizzy and fallen, striking his head. Mr. Stone was able to return to his home Saturday, much improved.

Rev. R. R. Coney, pastor of the local Baptist church, was guest speaker at the regular weekly meeting of the Paris Rotary Club at the Windsor hotel in Paris yesterday. His subject was "Washington and the Needs of Today." Rev. Coney has done considerable work on the life of Washington. A native of Texas, he graduated from Baylor University and was a teacher in the department of sociology of the college before entering the Baptist Seminary to study for the ministry.

EROSION AND ITS TOLL

The term erosion very often means very little to the average man. This is probably due to the fact that very few people stop to think of the loss of soil from a farm in the course of one year or over a period of years. Erosion on a farm simply means the washing away of soil from both cultivated fields and pasture fields. This is heavily pastured or are thinly seeded and not treated properly.

The loss of soil from farms each year is enormous, and in such amounts that a large number of farmers are paying the penalty by not having the yield in crops that they expect or shall have from the acreage they have put into cultivation.

There are numerous ways of checking the erosion and with a little help, both in the way of labor and technical advice, a farmer can go a long way towards getting his farm in better condition and on a better paying basis.

The local CCC camp located at Carlisle, Ky., is anxious to be of service to the landowners in this community. The Camp Superintendent is anxious for the farmers to call on him and learn the numerous ways in which the Soil Conservation Service can be of assistance.
