**Timothy Hay**  
Also one car No. 1 Timothy with 40 per cent Alfalfa.

**Grimson Clover**

We believe there will be more Cimmon Clover soon than fall ever before. If sown in August it should make a good winter cover crop and will supply an abundance of nitrogen for any crop which follows next spring.

With an open winter it will make good grazing and can be cut for hay in early spring.

We have Cimmon Clover in stock, also Timothy, Alfalfa, Blue Grass, Seed Rye, Seed Barley, etc.

**LITTLE ROCK**

We read the other day when a noted newspaper was made for the purpose of revealing to the world the truth about the people of the world. It was a book that could not be read by the people of the world. It was a book that could not be read by the people of the world. It was a book that could not be read by the people of the world.
